Dear Rotarians,

A warm greeting to all. We have embarked on a new Rotary journey, and I feel truly fortunate to address you on this platform as your President.

July is the beginning of a new Rotary year, but it does not mark the end of the old. Rotary is a continuous process that has been sustained for more than 120 years since its inception. Each year, new leadership takes up the baton with renewed energy, fresh ideas, and greater commitment to create hope and bring positive change in society.

As we step into this new year, let us keep Rotary's key focus areas and avenues of service at the heart of our work. Together, we will continue to serve humanity, uplift communities, and spread the light of service.

Leadership may change, but the spirit of Rotary remains eternal. The true essence of our organisation—friendship and fellowship—will always bind us together and guide us in our service journey.

Let us move ahead with unity and determination, ready to create magic through service and make this year impactful.

Yours in Rotary, Rtn Dr Sanjoy Kundu Club President, 2025-26

Dear Fellow Rotarians, Friends, and Readers, Warm greetings to all!

It gives me immense pleasure to connect with you through this edition of our monthly magazine — a platform that reflects the collective spirit and tireless service of our Rotary Club of Agartala City.

One of the key areas we have been deeply engaged in this month is Maternal and Child Health — a cause close to our hearts. Through our ongoing efforts, we have organized awareness sessions, health check-up camps, eye screening for children, and distributed nutritional kits to mothers and young ones in underserved areas like Laxmilunga. These initiatives, supported by dedicated Rotarians and medical professionals, have reached over 80+ beneficiaries, ensuring early intervention, better nutrition, and awareness about institutional deliveries and immunization.

In collaboration with esteemed organizations like FOGSI and IAP, our recent meeting at RWM explored sustainable strategies for improving maternal and child care in Tripura. The discussions have paved the way for long-term partnerships and impactful interventions.

As we look ahead, let us continue to serve with commitment and compassion, staying true to the Rotary motto — "Service Above Self." Your support, time, and ideas are what turn our plans into progress.

With gratitude and fellowship, Anjana Kalai Secretary (2025–26) Rotary Club of Agartala City

For Rotary International, 1st July is more than just a date on the calendar—it is the beginning of a new Rotary year. On this day, leadership transitions take place worldwide, with new Presidents, Governors, and office bearers assuming charge. A fresh annual theme is introduced, guiding clubs in their mission of service and fellowship. It is a moment of renewal, where Rotarians reaffirm their commitment to "Service Above Self," setting new goals and envisioning impactful projects. Just as the calendar year inspires fresh beginnings, 1st July stands as Rotary's own New Year, filled with hope, energy, and dedication to create lasting change in communities across the world. As we embark on this exciting journey, it's important to reflect on the achievements of the past year and build upon them with renewed vigor and creativity. This year, Rotary International's theme encourages us to embrace innovative approaches in addressing social challenges and fostering positive change. It urges us to think beyond conventional methods and explore new avenues for collaboration, technology, and sustainability.

In Rotary Club Of Agartala City, as we welcome our new leaders, let us unite in our shared vision to transform our community and make a tangible difference in the lives of those we serve. By working together, we can harness the power of our collective passion and skills to tackle pressing issues such as education, healthcare, and environmental sustainability.

Remember, each Rotarian plays a crucial role in this collective effort. Whether through small acts of kindness or large-scale initiatives, every contribution counts towards building a brighter future. As we celebrate the beginning of another Rotary year, let us commit to being catalysts of change, driven by compassion and a steadfast belief in the power of service. Here's to a year of meaningful impact and lasting friendships, as we continue to strive for a better tomorrow.

Monthly Health Checkup
Camp at shree ma shree
arobindo ashram

In alignment with the July theme of Rotary International, RC Agartala City organised a special Maternal and Child Health Care Camp at the club's Maternal and Child Healthcare Clinic, Laxmilunga Ayush Mandir, on Immunisation Day.

The camp witnessed the active participation of specialised pediatricians, gynecologists and obstetricians, including IPP Rtn. Dr. Nihar Ranjan Das. A total of 60 ANC and PNC mothers, along with their children, were given thorough medical check-ups. To support their wellbeing, nutritious food and essential medicines were also distributed among the beneficiaries.

This impactful initiative once again reaffirmed the club's commitment towards Rotary's Area of Focus – Maternal and Child Health. By providing preventive care, timely medical advice, and nutritional support, the club continues to work for the better health of mothers and children in the community.

Doctor's Day & SBI Day Celebration

"Vaidyo Naray?pano Hari" – the doctor is revered as a form of Lord Narayana or Vishnu, a healer who removes suffering. Indeed, doctors are the true healers of our society. Honouring them is our humble way of expressing gratitude for their tireless service. In India, Doctor's Day is celebrated on July 1st, and this year, the Rotary Club of Agartala City observed the occasion with great zeal and enthusiasm.

Notably, July 1st also marks the beginning of a new Rotary year, making the celebration even more meaningful for us. We were privileged to have a renowned senior doctor as our Chief Guest for a short inaugural session.

He shared insightful experiences from his long medical career and highlighted the important role doctors play in public and community healthcare.

The day also coincided with State Bank of India Day, and we took this opportunity to felicitate our esteemed club members who are doctors as well as SBI employees, appreciating their commitment to their professions and to society.

The celebration concluded with a warm fellowship breakfast at Hotel Sonar Tori, where all members came together to share smiles, stories, and solidarity.

Installation

Day

"AN INSTALLATION
MARKS NOT AN END, BUT
A NEW BEGINNING.
WE PASS THE TORCH OF
LEADERSHIP, RENEW
OUR COMMITMENT TO
SERVE, AND UNITE IN
FELLOWSHIP.
TOGETHER, WE STEP
INTO A FUTURE OF
ACTION, IMPACT, AND
LASTING CHANGE."

Rotary has placed strong emphasis on building its public image, and keeping this in mind, Rotary Club of Agartala City combined its annual installation ceremony with a public image—enhancing programme.

On 13th July 2025, the club hosted a grand event at Sukanta Academy Auditorium, located in the heart of the city. The programme was open to all, and the venue was filled to capacity with both Rotarians and non-Rotarian guests.

The evening began with the installation ceremony, where the new Club President and his Board of Directors took the oath of office, marking the start of a new Rotary year.

District Governor Rtn Dr Kameshwar Singh Elangbam was our Chief guest and Installation Officer. Assistant Governor Rtn Subir Som was our Special Guest.

"I am Indian because India lives in me"

A public image enhancing event to mark the 24th Installation Ceremony of RC Agartala City.

Agartala, July 13: The Rotary Club of Agartala City held its 24th Installation Ceremony at Sukanta Academy Auditorium, where former Indian Ambassador Dr. Deepak Vohra delivered a stirring keynote address that left the audience inspired.

With his trademark blend of wit and patriotism, Dr. Vohra narrated the story of Operation Sindoor, a covert strike against terror camps across the border. He described how years of planning enabled Indian missiles to hit targets with precision, calling it a defining moment of India's strategic strength.

"India has become Brave Bharat. Gone are the days of silence—we now have the courage to strike even in the enemy's house," Dr. Vohra declared, drawing loud applause from the audience.

Invoking the wisdom of Chanakya, he reminded listeners that diplomacy and strategy are deeply rooted in India's heritage. He also praised the armed forces, saying, "Our military is the third-best in the world, not just because of weapons, but because of discipline, courage, and conviction."

His speech transformed the Rotary event into more than a ceremonial occasion—it became an evening of national pride and renewed confidence in India's place on the global stage.

Joint discussion session with FOGSI Agartala Branch & IAP Agartala Branch

FOGSI, IAP & Rotary Club Join Hands for Maternal and Child Healthcare

Agartala, July 19, 2025: A collaborative meeting was held at RWM, bringing together the Federation of Obstetrics & Gynaecological Societies of India (FOGSI), Agartala Branch, the Indian Academy of Pediatrics (IAP), Agartala Branch, and the Rotary Club of Agartala City for a meaningful discussion on strengthening Maternal and Child Healthcare in Tripura.

The deliberations focused on preventive care, safe motherhood, immunization, adolescent health, and nutrition. Experts from FOGSI and IAP emphasized the importance of joint action in addressing community health challenges and reaching the underprivileged.

Rotary Club of Agartala City highlighted its ongoing community healthcare initiatives, including the Anandamoyee Rotary Clinic, which offers free consultations and medicines, and expressed keen interest in working hand-in-hand with the medical fraternity to develop sustainable healthcare models for mothers and children in the state. The Club also shared details of its Mat8ernal and Child Healthcare Unit at Laxmilunga Ayush Mandir, which operates on Immunization Day every month, alongside its monthly health check-up camps on the first Sunday.

The meeting concluded with all three organizations reaffirming their commitment to collaborative action, ensuring better healthcare outcomes and a brighter, healthier future for mothers and children in Tripura.

RC Agartala City Holds Membership Orientation, Welcomes New Members

Agartala, July 26, 2025: The Rotary Club of Agartala City organized a Membership Orientation Programme at Royal Guest House to introduce new members and prospective Rotarians to the ideals and activities of Rotary International.

The programme was specially designed to provide a brief yet comprehensive overview of Rotary's mission, vision, and community service initiatives, helping participants understand the values of fellowship, service, and leadership that define the movement.

The interactive session proved highly impactful, as five attendees expressed their desire to join the Rotary movement after learning about its humanitarian contributions. RC Agartala City expressed its delight in welcoming them as new members of the club, strengthening its commitment to service above self.

With this orientation, the club once again reinforced its dedication to building awareness and expanding membership, ensuring that more individuals can join hands in making a positive difference in society.
