RCJE shines at the Tiranga Antakshari

On 14th August, we had a memorable Tiranga Antakshari competition at the Ramada Hotel, where talent and patriotism shone brightly. It was a day filled with music, colours, and the spirit of India.

🏆 Congratulations to RCJE for being awarded the **1st runner-up in the Best Décor and Antakshari competition**. Your enthusiasm and talent were truly commendable.

☀️ Rtn Maneesh Jain won the best-dressed male participant.

💰 The club was presented with INR 4,000 for the Antakshari and INR 1,500 for the best decor 1st runner-up prizes. These funds will be allocated for fellowship for the Sawan Utsav.

A big thank you to all the participants and organizers for making this event a success. Your efforts have brought us together to celebrate our nation's diversity and unity.

Rotary Club of Jamshedpur East Celebrates 78th Independence Day with Students of Siddheshwar Deaf and Dumb School

Members and spouses of the Rotary Club of Jamshedpur East came together to celebrate the 78th Independence Day in a unique and heartfelt manner with the students of Siddheshwar Deaf and Dumb School, Baridih, Jamshedpur. The school, a cherished initiative of the Rotary Club, was the venue for a memorable and impactful event that highlighted the spirit of inclusivity and community.

The day commenced with a creative "Sit and Draw" activity, where students, Rotarians, and their families came together to express their imaginations through art. Despite their challenges, the students expressed their vibrant imaginations and emotions through their artwork, demonstrating that communication transcends spoken words and hearing.

Following the activity, the national flag was hoisted by Rotarian Subhrajit Basu, President of the Rotary Club of Jamshedpur East. In his address, he encouraged the students to be aware of their rights and responsibilities and to contribute actively to society. He also announced plans to relocate the school to a better facility, ensuring a brighter future for the students.

The celebrations concluded with the distribution of gifts and food packets to the students, sponsored by the Rotary Club members. This was followed by a Club Assembly and Fellowship, reflecting the Club's commitment to supporting the Siddheshwar Deaf and Dumb School and other community initiatives.

Special Acknowledgements:

- Rtn Indira Dhar – For sponsoring the Drawing Kits
- Rtn R Santosshi – For sponsoring the goodies
- Rtn Anita Paul – For sponsoring the food packets and pens for the students

Highlights - Club Assembly dated Aug 15, 2024

50 Things Every Rotarian Should Know About Rotary

2- THE OFFICIAL ROTARY FLAG

An official flag was formally adopted by Rotary International at the 1929 Convention in Dallas, Texas. The Rotary Flag consists of a white field with the official wheel emblem emblazoned in gold in the center of the field. The four depressed spaces on the rim of the Rotary wheel are coloured royal blue. The words “Rotary International” printed at the top and bottom depressions on the wheel rim are also gold. The shaft and the hub and the keyway of the wheel are white.

Editor's Note

The language of grief... and hope

Most of the times WhatsApp is a huge pain in the neck, and even more so, when people think it is okay to spam your WhatsApp with 20 or 30 messages late in the night, sending your phone buzzing relentlessly. But recently a forward from a friend on this medium made my day, and the content was so gripping and deeply moving, carrying such an invaluable life lesson, that I'd like to share it here. The delightful German writer Frank Kafka, who never married and had no children, once met a girl in a Berlin park; she was crying because she had lost her favourite doll. He helped her search for it, but unsuccessfully. He suggested they return the next day and search again; when they didn't find it, he gave her a letter saying it was from the doll. It asked her not to cry, as she had gone on a trip to see the world. "I will write to you about my adventures," she promised in the letter.

Thus began an endearing story; during their subsequent meetings in the park Kafka would read the little girl delightful letters from the doll describing all the wonderful adventures she was having and the girl found these stories adorable. One day Kafka bought a doll and gave it to the girl saying her doll had returned to Berlin. "It doesn't look like my doll at all," said the girl. Kafka handed her another letter in which the doll wrote: "My travels have changed me." The little girl happily hugged the new doll and took her home.

A year later Kafka died. Many years later, the girl, now a woman, found a letter inside the doll. The tiny letter, signed by Kafka, had this mind-blowing note. "Everything you love will probably be lost, but in the end, love will return in another way."

This story, and this month's edit, is dedicated to all those Rotarians and their families, who have lost loved ones, either after battling long illnesses, due to tragic accidents, or sudden cardiac failure. The Covid pandemic has left a huge hole in our hearts... our families... by stealing one or more loved ones from us. Sometimes people had to cope with long-distance grief as the lockdown made travel to attend funeral impossible.

One of the most poetic expressions of long-distance grieving was penned down by the Nigerian writer Chimamanda Adichie, who was in the US when her father died due to a kidney disease in Africa in 2020, as the pandemic raged, and no flights were operating anywhere. We all know how special father-daughter relationships are, and unable to attend her father's last rites, Adichie wrote a heartrending piece in the *New Yorker* magazine, giving this poignant and heart-wrenching expression to her pain. Just to quote a few lines... "Grief is a cruel kind of education. You learn how ungentle mourning can be, how full of anger. You learn how glib condolences can feel. You learn how much grief is about language, the failure of language and the grasping for language."

Oh yes, even for the best of us, words fail at the most crucial time. But when a Kafka finds his words... as he did when he wrote for the little girl, "...but in the end, love will return in another way," it becomes a bouquet of hope and comfort, like no other.

The “Magic” Corner

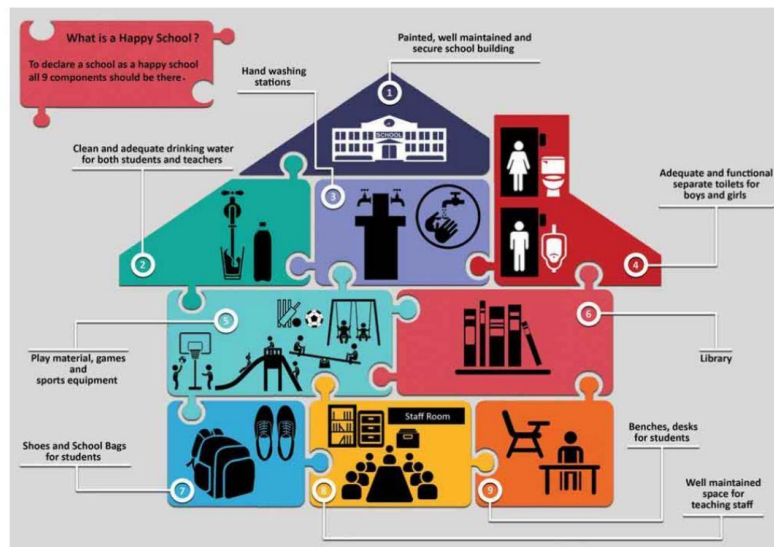

Excerpts from X.com, shared by PP Rtn Dr. Anup Gupta

Azim Premji took a unique stance for his son's marriage. Instead of the usual lavish gifts, he requested guests to donate to charity. But that's not all! Premji's philanthropic heart extended further. He made a matching grant and built 250 schools for girls. These schools, are estimated to be worth 400 crore rupees. I laud what Azim Premji did.
