SDDS Annual Day Celebration

Dear Friends,

Can you ever think of a child who has never heard birds chirping or didn't hear raindrops falling on the roof, a child who has never heard her mother humming a tune to make her sleep? Well, these are the children that we have in our on-going project 'Siddheswar School for the hearing impaired'.

They are special children who need extra care, extra sensitivity and innovative methods of teaching by trained instructors. Teaching, as such, is not too glamorous nowadays. The meritorious no longer aspire to shape characters; they don't egg the bright eyes to dream, to aspire. Not even for the normal children. Finding good, sensitive teachers who are trained to deal with special children is hard to come by. The few that are available command a price. We unfortunately cannot afford them. Can anyone, any person with a soul, any organisation with a heart, not do something? Give these children of God the teachers that they deserve. Give the school equipment that helps these challenged children to learn? To hear?

Today you will see such children dancing. But they won't dance to the music that will play. For they have never heard a tune. Ever. You will marvel. You will, of course, applaud.

Only they won't hear you.

DG's Message - September

Bipin Chachan
District Governor 2024-25, RI Dist. 3250
September 2024

Dear Fellow Rotarians,

September marks Rotary's Literacy Month, and it give me immense pride share the incredible achievements our district has accomplished so far. In August alone, we successfully chartered three new clubs and welcomed 344 new Rotarians into our vibrant family. This growth speaks volumes about t passion and commitment we share toward making a meaningful difference in our communities.

Another remarkable milestone is that our district has, perhaps for the first time, achieved the status of being a 100% Giving District in The Rotary Foundation. Crossing the \$1 lakh mark in Annual Giving so early in the Rotary year is a testament to you and your dedication to the causes we serve. Thank you for supporting the Foundation and strengthening the Magic of Rotary.

Looking ahead, this month is packed with service and learning opportunities. We are set host seminars on critical topics such as cancer awareness, environmental sustainability, literacy, and disease prevention in Patna Bhagalpur. These seminars will bring valuable insights and engagement from experts, helping us drive impactful change in these areas.

I am also excited to announce our collaboration with Medanta for medical camps, which will enhance healthcare access for those in need across our district. This initiative aligns perfectly with Rotary's commitment disease prevention and treatment.

Together, we continue to embody the true spirit of Rotary, serving above self, and I am confident that with your unwavering support, we will reach even greater heights this year.

Mário César Martins de Camargo, a member of the Rotary Club of Santo André, São Paulo, Brazil, is the selection of Nominating Committee for President to become Rotary International’s president for 2025-26. He will officially become the nominee on 15 September if no other candidates challenge him.

De Camargo plans to boost Rotary’s public image by working from the top down.

“Rotary today has strong competition for members and funds,” he says. “We need to rejuvenate the brand, especially in some zones. We should utilize post-pandemic meeting tools ... to allow the president to address Rotarians all over the globe. We also need to develop more long-term partnerships with political, community, and business leaders. Let’s emphasize our greatest asset: 1.4 million volunteers.”

He also hopes to improve Rotary’s process for appointments and governance.

“Rotary should adopt a more transparent system to appoint volunteers for positions, with clear criteria and data-based evaluation of results,” he says.

De Camargo was president of Gráfica Bandeirantes and has been a consultant to the print industry in Brazil. He has also served as president and chair of several printing and graphics trade associations, including the Brazilian Association of Graphic Technology and ABIGRAF, the Brazilian Printing Industry Association.

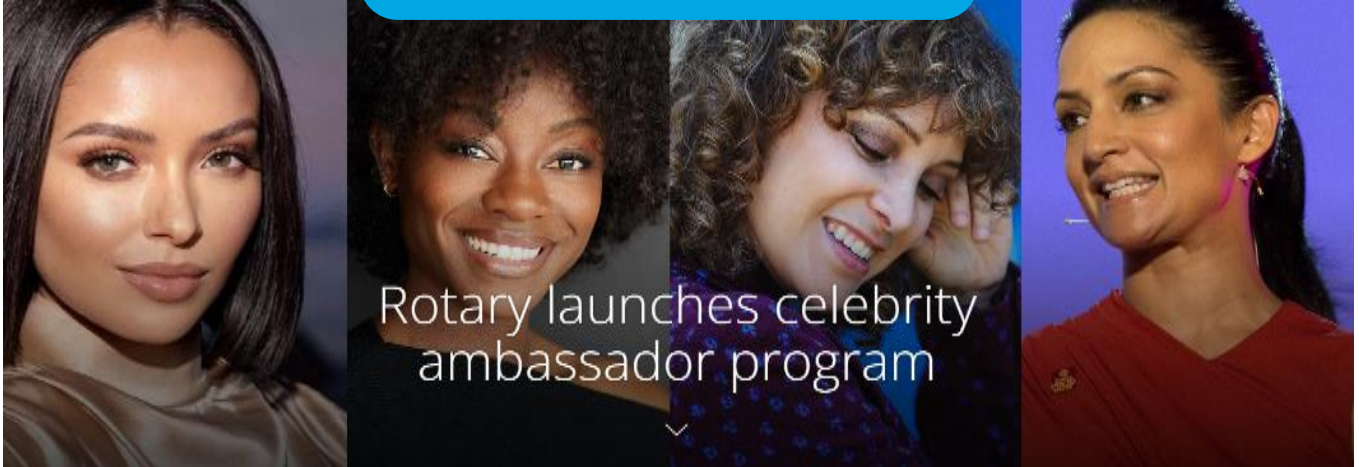

He has served on the board of Casa da Esperança (House of Hope), a hospital sponsored by his Rotary club that serves 150,000 children with disabilities every year.

De Camargo studied in the U.S. and Germany and holds degrees from EAESP-Fundação Getulio Vargas in business administration and Faculdade de Direito de São Bernardo do Campo in law. He was a Youth Exchange participant to Minnesota, USA, in 1974-75, which inspired a lifelong commitment to the program.

A Rotarian since 1980, de Camargo served as his club’s Youth Exchange Officer in 1981, at age 24. He has served Rotary as director, trustee, RI learning facilitator, committee member and chair, and task force member.

De Camargo and his wife, Denise, are Major Donors and Benefactors of The Rotary Foundation.

Rotary International launched its **celebrity ambassador program** on 19 September, welcoming Kat Graham, Sibongile Mlambo, Gaby Moreno, and Archie Panjabi.

“We are pleased to announce this initiative, especially with the help of these remarkable individuals who are devoted to using their platforms to make the world a better place,” Rotary International President Stephanie Urchick said. “As Rotary’s work has touched each of the ambassadors, we’re honored for them to amplify our organization’s impact and vision.”

Through traditional and social media, events, advocacy and more, ambassadors will have the opportunity to immerse themselves in Rotary’s work and engage with supporters to amplify the organization’s mission and impact.

The inaugural Rotary ambassadors include:

Kat Graham, actress, singer, producer, humanitarian - *“I have been fortunate enough to have a long history with Rotary, from promoting women’s health and safety around the world to gathering with Rotary members in California to promote peace. Rotary empowers regular people to become extraordinary changemakers by launching their unique initiatives using their unique skills and passions. By doing so, they improve the lives of others far beyond their communities. I’ve seen the profound difference Rotary members make, and I’m honored to serve as a Rotary ambassador.”*

Sibongile Mlambo, actress, producer, philanthropist - *“I had the incredible opportunity to travel to Uganda with Rotary and see their work firsthand. Witnessing their dedication to helping refugees and their unwavering commitment to peace left a lasting impact on me. Rotary members show respect for those displaced, empowering them through education, job training, and more, helping to create the conditions for stable, sustainable, and peaceful communities. As a Rotary ambassador, I will enthusiastically help to amplify their message of hope and resilience.”*

Gaby Moreno, artist, producer - *“Returning to my home country of Guatemala with Rotary exposed me to the life-changing impact its members have had on early education and literacy in the country. I met children who now are inspired to dream big, and who have been given the tools necessary to make their dreams a reality. As a Rotary ambassador with deep personal connections to its members, I want to help spread the word about this remarkable organization that’s giving hope to so many children around the globe.”*

Archie Panjabi, actress, producer - *“My first visit to India at the age of 10 opened my eyes to the heartbreaking reality of children suffering from polio. Years later, I returned to administer the polio vaccine and witnessed the dedication of health workers, inspiring my commitment to this cause. For over a decade, I’ve proudly served as a Rotary Polio ambassador and continued the fight to eradicate polio while shining a light on the full scope of the vital work Rotary members undertake to create a brighter future for all, from safeguarding our environment and improving maternal health, to providing clean water and promoting peace.”*

50 Things Every Rotarian Should Know About Rotary

5 - ROTARY MOTTOES

The first motto of Rotary International, "He Profits Most Who Serves Best," was approved at the second Rotary Convention, held in Portland, Oregon, in August 1911. The phrase was first stated by a Chicago Rotarian, Art Sheldon, who made a speech in 1910 which included the remark, "He profits most who serves his fellows best." At about the same time, Ben Collins, president of the Rotary Club of Minneapolis, Minnesota, commented that the proper way to organize a Rotary club was through the principle his club had adopted-"Service, Not Self." These two slogans, slightly modified, were formally approved to be the official mottoes of Rotary at the 1950 Convention in Detroit- "He Profits Most Who Serves Best" and "Service Above Self." The 1989 Council on Legislation established "Service Above Self" as the principal motto of Rotary, since it best explains the philosophy of unselfish volunteer service.

❖ The “Magic” Corner ❖

The secret of flourishing clubs

What is one thing the most successful clubs have in common? They set goals — and not just for the upcoming year.

When club leaders plan for the future, they provide the club with direction and purpose. Whether that's welcoming more members, completing more service projects, or improving the club experience, goal setting motivates members and inspires you all to work towards a common purpose.

Rotary Club Central makes planning and tracking their goals easy for Rotary and Rotaract clubs. Club leaders can use the tool to set and record accomplishments, while members can view the club's progress. Plus, future club leaders can use previous goals to make informed decisions about the club's future and set up to three years' worth of goals.

If you're not sure where to begin, ask yourself:

- How many members does our club want by the end of the Rotary year? How about two years from now?
- How many members do we want to participate in service projects?
- Does our club have an up-to-date strategic plan?
- How much money (US\$) do we want to contribute to The Rotary Foundation?
- How can we increase our public image in the community?
- What type of club experience do we want to offer members?
- Are there any local organizations we can establish partnerships with?

It's never too late to start planning for your club's future. Visit [Rotary Club Central and get started.](#)
