Bulletin – 06 | Dt. 01 / 10 / 2024

E – CENTRAL POST

Message From PAST DISTRICT GOVERNOR

Rtn. Shirish Rayate

District Governor 2010-11

Rotary International

District 3132.

The avenue of Vocational Service makes Rotary an incomparably different organization. We are in Rotary because of our Vocation, our professional or business calling. Vocational service in Rotary deals with ethics in business and profession and add true value to Rotary's ideal of service. As a Rotarian, we all must set an example, a role model and a torch bearer of our organization. Let us remember friends, that our actions reflect on our clubs and the organization.

October, being the Vocational Service Month keeps the clubs all over the district busy in organizing Vocational Projects. Even Annes have come up with ideas like professional training projects and industrial visits – Kudos to them.

The exact definition of 'Vocational Service was best defined by our Rotary Mentor PRIP Rajendra K.Saboo during the plenary Session of International Assembly at San Diego in 2009" Letter Vocation originates from the Latin word 'Vocare'

meaning 'to call'. Your and my vocation calls us to contribute our talents, share our knowledge and spread the richness of our success. "Rajaji further added;" I can never repay Rotary. And on my last journey, my hands will not be empty as they will be filled by what Rotary has given me, thanks largely to Vocational Service ASK yourself, " Does Rotary make you a better person?" Travelling through the Vocational Service Avenue a life time journey. This journey will shape your character, invoke the genius that inhabits you, and offer you opportunities to realize your full potential.

November is the Rotary Foundation Month. The whole set up of Rotary Foundation is taking a new shape and the Seminar on Rotary Foundation on 10th Oct is an eye opener.

The following lines aptly define the Importance of Vocational Service :

"When at length you will be called to account by 'KARMA', you will be judged not by the certificates of character which others bestow upon you, whether good or bad, but by the motives felt in your heart, the attitudes held in your mind and the deeds done by your hands."

A handwritten signature in blue ink, appearing to read 'Shirish Rayate'.
