BARABATI

Today's programme

The election of different official posts of RC Cuttack, RCC Charitable Trust and Managing Committee of its permanent projects.

EDITORIAL

Rotary is a non-profit, philanthropic, charitable non-government International organization/club. This club's motto is "service above self." Its members are from different professions and religions with similar interest "the betterment of the society." Their nature may vary but their aim is the same. Poor, uneducated, people in need get benefits from this charitable organisation. It consists of many members. As it can not be run by many people, few members are elected by members from themselves. Voting is an essential part of the democratic functioning and it allows the members to choose their representatives and voice their opinions on various resolutions. These elected members form trust or committees and remain in management for a fixed duration. The other members serve as volunteers. Today members of Rotary Club of Cuttack are going to choose their Trust and managing committee members for the tenure of one year.

Best of luck to all the participants.
