Talk on Osteopathy

EDITORIAL

RI Presidential message for the year 2025-26 is "Unite for Good." The concept reflects that a united workforce can solve many problems of the society like poverty, inequality, and climate change. It's a powerful invitation for collective action, compassion and share responsibility. Unite for good means coming together, regardless of differences, to work for a common goal. This togetherness or Unity is the strength to create opportunities for the betterment of the community. It has the power to face challenges, can establish peace and stability, build cultural harmony, and can help in economic progress. By being united we can share the responsibility, knowledge and strength. It is not for one gender or age. It involves all to create a better future for next generation. It gives equal right to think about the progress and sustainability. Unity can help us to overcome the obstacles, differences that divides individuals, and lead to a lasting solution for all people, the planet and future generations.

Rotary initiates to tackle difficult tasks. At present world is degenerating by

war, environment, and health. It's time to unite and work for a stronger and more resilient society.

OUR GUEST SPEAKER

Dr. Prajakta Kadam is a distinguished healthcare professional who combines her MBBS background with expertise in Osteopathy. A Gold Medalist in M.Sc. Osteopathy from Sri Sri University, she has been serving as an Assistant Professor at the School of Osteopathy, Faculty of Health & Wellness, Sri Sri University, Cuttack since 2019.

She is being the first Government registered Osteopath in Odisha and serves on the Osteopathy Council Committee. Recently, Dr. Kadam has been appointed as a resource person for the Government of Odisha's Capacity Building Program for training doctors.

A certified yoga teacher and wellness advocate, Dr.

Kadam exemplifies the integration of traditional medical practice with alternative therapeutic approaches, making significant contributions to healthcare education and practices.
