### EDITORIAL

"Ups and downs in life are very important to keep us going, because a straight line even in an ECG means we are not alive." He faced many obstacles in his business like difference of opinions with senior business leaders, failure in decisions, and also shifting business from one place to other at the peak production time. All these adverse situations might have shown him the right direction to succeed.

"I don't believe in taking the right decisions. I take decisions and then make them right." In 1991 he decided to extend his business globally. After that he started to make it happen by acquiring foreign companies one by one: Jaguar, Corus, Daewoo, Tetley etc. The faith in his decision made it happen and he became a global entrepreneur.

"The true measure of success is not just in what you achieve, but also in how you impact others positively." He proved his statement within his life span. Ratan Tata's career and life journey provides valuable insights for anyone looking to create a positive impact in the world. His dedication to excellence, innovation, and adaptability have played a crucial role in the success of

the Tata Group. People from different communities, religions, and countries respect and admire him for his commitment to ethical leadership and corporate social responsibility. A true service above self legend.

The RIP for Ratan Tata can be interpreted as Return If Possible.

Condolences...

Laxminarayana Subudhi, a business icon of Cuttack, popularly known as Jagannath Supplier Subudhi babu is a person with self

confidence and is a best motivator. He has solution for every issue. If one takes a problem to him, is bound to return with a solution. A person with extraordinary talents in organising events. A person who introduced business in supply of function materials to people of Cuttack and taught everyone the methodical approach to organising any event. He was second to none. He was an active Lion member. Loss of KLN Subudhi is a definite loss to Cuttack business

community. He was involved in Religious activities and had an active role in Tirupati temple in Dewan Bazaar. To me and my family his absence matters, as we were throughout looking at him in all of our family matters. At this point of time, I pray Almighty to rest his Soul in peace and pray for courage to his family member.
