*Today's Programme-
"Talk on Vastu Shastra"*

EDITORIAL

"Celebrating Service, Inspiring Change: Happy Rotary Birthday!"

Yesterday, we celebrated the birthday of Rotary International, a global fellowship founded on 23 February 1905 by Paul Harris in Chicago. From a small circle of professionals meeting in friendship, Rotary has grown into a worldwide force for service above self, uniting leaders to solve community challenges and build peace. Across generations, Rotarians have fought disease, supported education, protected the environment, and responded to disasters with compassion and action. Rotary's enduring spirit lies in its simple promise: to do good in the world. On this special day, we honour the vision that turned goodwill into organized service, and we renew our pledge to create hope, opportunity, and dignity for all. Happy Rotary birthday to every club, every project, and every heart committed to service. May our collective hands and minds continue to serve humanity with integrity, inclusivity, and lasting impact for generations to come around the world in unity always.

Vastu Shastra: A Symphony of Space and Serenity

Vastu Shastra is ancient wisdom, gentle and deep, It guides our homes while we live and sleep.

It speaks of balance – air, light, and space, So peace and harmony fill every place.

Doors that welcome the morning sun's glow, Rooms where positive energies flow.

When directions and elements blend just right, Life feels calmer, happy, and bright.

A well-placed window, a thoughtful wall, Can lift our mood and comfort us all.

For Vastu believes that where we stay Shapes our thoughts in a subtle way.

So homes aligned with nature's art Bring health, success, and a joyful heart.

In every brick and corner true, Vastu whispers: live in tune.

.....

GUEST SPEAKER

Er. Adyasha Priyadarshini Santuka is a Civil Engineer, Interior Designer, and Certified Vastu Consultant who beautifully blends

structural engineering with the science of energy.

She holds a B.Tech from the College of Engineering and Technology, Bhubaneswar (2003), and an MBA in HR from Utkal University (2016).

With over two decades of experience, Adyasha doesn't just design buildings—she designs balanced, growth-oriented spaces. She specializes in creating Vastu-compliant layouts for both residential and commercial projects. Beyond layouts, she actively practices Vastu consultation, offering in-depth site analysis, energy corrections, and practical alignment solutions that deliver measurable transformations.

She is the driving force behind Samridhi Vaastu, her dedicated consultation firm, and Virtutec Livn, where she provides end-to-end civil construction and interior design solutions. Through these ventures, she ensures that every structure she touches is built from concept to completion to support prosperity and success.

A dedicated leader in the business community, she currently serves as the President of the BNI Victory Chapter, Cuttack, championing business growth through strong relationships and ethical networking.

On the personal front, she is happily married to Mr. Vikash Kumar Santuka, a third-generation entrepreneur from a well-known pharmaceutical business house in Cuttack. They are proud parents to two

wonderful children: Palak (19), who is pursuing her undergraduate studies at the University of California, San Diego, and Vaibhav (17), who is completing his 12th grade at The Doon School." Her guiding philosophy is simple yet profound: "When your space is aligned, your life aligns."
