## Dear fellow Rotarians,

We consider paying our civic rent on obligation similar to paying our taxes or contributing to our place of worship. We benefit from being here, and those benefits are not free. We need to give something back for the privilege of being part of our community. Organizations like Rotary allow us to pay our civic rent to our local and global communities. And when we join Rotary – when we work to keep the organization itself strong, when we give back through Rotary with our abilities, our time, and our resources – we are declaring that we know that our presence in this world carries with the obligation to serve. Keeping this in our mind this week we supplied mouth mask and sanitation liquid to CISF working for MRPL.

All the service that Rotary does, all the lives we change, happens because we, joining together through Rotary, are strong. Because Rotarians, with the family of Rotary have risen to the challenge and with each passing year strive to make our world a better place. Even this year also we shall strive hard to overcome the prevailing pandemic of COVID 19. As a global organization with over 1.2 million members, Rotary can open up opportunities to the changing world environment be it cultural, economics, business or diplomatic relations between the countries.

Next week we are planning to distribute bins/containers to the Vendors of vegetables and other items in the Market of Surathkal area as a part of our swatch Surathkal project. As per our plan the Vendors are supposed to collect the waste in the Bins provided to them and directly dump into the truck collecting waste. Vegetable and animal waste (meat) are disposed off directly allowing it to be collected by end users. Dry waste are collected in the bin provided by us and the same will be disposed by Antony Waste as per the norms of City Corporation. I request more number of Rotarians to join hands in implementing the project. We have planned to formally start the project on 15-07-2020 at 10.30 a.m. at VIRAT, Surathkal.

Yours in Rotary  
**P Raghavendra**, President Elect.

## ROTARACT IS NOW PART OF R.I.

From 1 July, Rotaractors officially became a membership type with their statuses elevated to the same level as Rotarians.

This will expand Rotary's brand, its impact in the world, and allow for Rotaractors to apply for global grants.

## ROTARY CITATION

### New flexibility in the Rotary Citation

Starting in July, Rotary club leaders can choose the goals they want to apply toward the 2020-21 Rotary Citation. Of the 25 possible goals, select 13 or more that you think are the most relevant and achievable. You'll be able to report many of your accomplishments simply by marking the goals "Achieved" in Rotary Club Central.

On **13th January 2014**  
India was officially  
declared as **Poliofree**.

## INVISIBLE LABELS

Teacher addresses a student and asks :

"How many kidneys do we have?"

"Four!", The student responds.

"Four? Haha," The teacher was one of those who took pleasure in picking on his students' mistakes and demoralizing them.

"Bring a bundle of grass, because we have an ass in the room," the teacher orders a front bencher.

"And for me a coffee!", the student added.

The teacher was furious and expelled the student from the room.

The student was, by the way, the humorist **Aparicio Torelly Aporelly** (1895-1971), better known as the "Baron de Itararé".

On his way out of the classroom, the student still had the audacity to correct the furious teacher :

"You asked me how many kidneys' we have."

'We have four: two of mine and two of yours. 'We have' is an expression used for the plural. Enjoy the grass"

Life demands much more understanding than knowledge. Sometimes people, because they have a little more knowledge or 'believe' that they have it, feel they have the right to underestimate others.

### The floating Stone ?

This picture is real and was not edited, the stone is real, the trees are real, the soil is real and the sky is real.

Now the only thing you have to do is to change your point of view, look at the picture upside down!

You see!!

Sometimes the situation is not so bad but because of your point of view ( your vision) things becomes meaningless.

...think ...

...think again ...
