We Salute
our Flag and
Country this In-
dependence day

Dear fellow Rotarians,

The COVID-19 is still haunting us, we have not come out of the threat. The entire world, without any exception is grappling with the human, health and economic fallout of the corona pandemic. It is certain that the economic fallout of this pandemic globally, and also for India, is going to be terrible. The losses that our industries and businesses are making and the lakhs of migrant workers, will continue to haunt us for decades. We have to consider that with economists and all Central banks forecasting recession and negative growth of the GDP consumer spending will fall drastically. Considering all these aspects we have plan our journey in the Rotary family as well as our day to day life.

Some industries are finding it convenient to make its employees work at home especially IT industries but in respect of industries which are involved in manufacturing industries this is not possible. Even in IT major Microsoft CEO **Satya Nadella** has raised a red flag over the ills of working from home which would be replacing one dogma with another and said it can be damaging for social interaction and mental health of workers. He said **that virtual video calls cannot replace in-person meetings**. What I miss is when you walk into a physical meeting you are talking to the person that is next to you, you're able to connect with them for the two minutes before and after. Hence from coming weeks we are planning to meet physically simultaneously making provisions for virtual meeting who cannot make themselves for physical meeting.

Our club is coming with a unique project by conducting a competition for the students i.e. High School and College students by inviting them to submit a selfie Photo of a herbal plant and a write-up about the herbal plant and its uses. I request our club members to give maximum publicity to the program so as to create awareness about the herbal resources available in and around our place. Prizes to the winners will be distributed on 5th Sept 2020, the **Charter day** of our club.

Yours in Rotary
P Raghavendra, President

We celebrate the Birthday of....

What we missed..

We missed celebrating the customary **Doctors' Day** in July. (Dr Aravind was invited for a discussion on Corona instead by Namma TV; (on left: last year's honoring ceremony, Udayaraga and, Vanamahotsava and this year's on the right)

Monthly program of **Udayaraga**, which was religiously conducted had to go.

Weekly program of **Swaccha Surathkal** had to be severely trimmed, but not stopped.

Vanamahotsava was conducted with more vigour, since it also is a Dist. Project.

Feeding the needy was an unexpected program, which gave us a lot of satisfaction and first hand experience on dealing with such emergencies

Dr Aravind Bhat,
Secretary
