Wishes the Members all the opportunity for serving others as much as themselves.

2021**Dear fellow Rotarians,**

We all know that Government spends crores of rupees to build vast militaries, track the movement of armies across the planet and practise war games. Yet world is still unprepared to defend itself against a tiny microbe. It is revealed that 1.2million have died around the world. When one dies of Covid, the death is often lonely, usually a hospital, the victim saturated with fear seeing only ghostly figures covered in a space suit without a friendly face in sight.

Apart from these disasters nearly 400 million jobs have been lost IMF says. Global output will fall five per cent this year. The World Bank says 100 million people will be pushed into extreme poverty. Likewise, UNICEF says 872 million students in 51 countries are unable to go to school and vaccination rates among children has dropped badly.

Now due to relentless effort of our scientists and doctors have come up with vaccines against Corona Virus. Let us hope the vaccine works and the world activities are put into rejuvenated life which we had lost. Rotary in the coming days have to put its effort in uplifting the economic activities by motivating its members to involve themselves. Due to lack of contacts and fellowships, members have lost interest in the activities which Rotary used to take up. Interact and Rotaract activities have almost come to Nil. We have to put our effort in bringing back youth into main stream by rejuvenating Interact and Rotaract Clubs.

Official Visit of our Governor **Rtn. PHF Ranganath Bhat** is scheduled for **2nd Jan 2021**. We intend to execute certain projects on that day. I request all the members to help us in implementing the project by putting personal/financial assistance in this regard. More important is that I request all the members to attend the function without fail in full strength and with family.

Yours in Rotary
P Raghavendra, President

The week that was.....

This week, on **22 Dec.** we had taken up the roadside of Adarsh Nagar for our **SSA Campaign.** As always it was to clean the area with the help of our members as well as members of like minded local organisations, start a garden and give a discourse on environment awareness to the locals; and this routine looks to be the most effective way of getting the locals on our side and keep our efforts effective.

On **22nd** we had finished laying out the **drip irrigation system** in both our urban Miyavaki Forests.

On **26 Dec.** many of members attended the online water conservation seminar, hosted by **PDG Ranjan Dingra**, President, RI Water conservation trust..

10 best jokes that need to be retold as 2020 draws to a close ...

1. The dumbest thing I ever bought was a 2020 planner.
2. 2019: Stay away from negative people. 2020: Stay away from positive people.
3. The world has turned upside down. Old folks are sneaking out of the house & their kids are yelling at them to stay indoors!
4. This morning I saw a neighbor talking to her cat. It was obvious she thought her cat understood her. I came to my house & told my dog.... We had a good laugh.
5. Every few days try your jeans on just to make sure they fit. Pajamas will have you believe all is well in the kingdom.
6. Does anyone know if we can take showers yet or should we just keep washing our hands?
7. I never thought the comment, "I wouldn't touch him/her with a 6-foot pole" would become a global policy, but here we are!
8. I need to practice social-distancing from the refrigerator.
9. I hope the weather is good tomorrow for my trip to the Backyard. I'm getting tired of the Living Room.
10. Never in a million years could I have imagined I would go up to a bank teller with a mask on and ask for money.
