Dear fellow Rotarians,

By 2022, India's population is expected to become world's youngest; more than 500 million Indian citizens will be under 25 years of age, and more than two third of the population will be eligible to work. Thus, a growing number of India's youth need the right educational infrastructure, adequate employment and entrepreneurial opportunities to develop their skills. Rotary in India has to make use of this resources to help India develop by encouraging youth to join Rotary family through Rotaract Clubs.

All through history, youth have been the harbingers of change from winning independence for our nation to creating new technologies, new forms of art, music and culture. Supporting and promoting the Rotaract clubs must be one of the foremost priorities, across country where Rotary is functioning.

We Rotarians have to lay a strong foundation to grow Rotaract clubs throughout the world. Rotarians have to provide to the Rotaract clubs transparent constitutional documents, clear leadership roles, well organised club meetings a good member engagement strategy and harmonious working are the key to ensure a Rotaract club's success. The Rotary – Rotaract partnership can range from mentoring to leadership development, working together on service projects and other activities.

Yours in Rotary
P Raghavendra, President

The week that was...

Our next **Swaccha Surathkal Campaign** was in Ganeshpura on **18th March**, where the garbage dump got transformed into a garden. The people who were throwing their garbage there were given a lesson on the necessity of cleanliness.

THIS YEAR IT IS A VIRTUAL CONVENTION

This year it is a virtual convention

The Rotary International Convention, scheduled for 12-16 June 2021, in Taipei, Taiwan, will now be a virtual event in response to the ongoing threat of COVID-19.

We are sorry that we will not see you in Taipei this year, but this decision, made by the Rotary Board of Directors, is necessary to protect the health of everyone involved. We will share more details about the 2021 Rotary International Virtual Convention soon. Here's what you need to know now:

Convention, pre-convention, and ticket refunds
RI will automatically cancel and refund all existing registrations. This includes purchases made for Rotaract, Youth Exchange, and Intercountry Committees pre-convention events, and ticketed meal events.

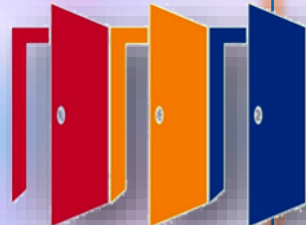

We kindly ask that you NOT contact RI Registration to inquire about registration, ticket, or housing cancellations as they work diligently to inform all attendees and process cancellations and refunds. Those who had already canceled prior to today will receive a refund of the \$50 processing fee.

Host Organization Committee (HOC) ticketed event registrations
The HOC event ticket fees will be refunded by the Taipei HOC. For more information, please visit rotarytaipei2021.org.

Hotel rooms

No action is required from those attendees who made accommodations secured within Rotary's official housing block. Maritz, formerly Experient and Rotary's official housing partner, will contact those who currently have rooms secured with the cancellation details. Others who have secured group room blocks and made a full or partial payment will receive a follow-up communication and instructions on receiving a refund.

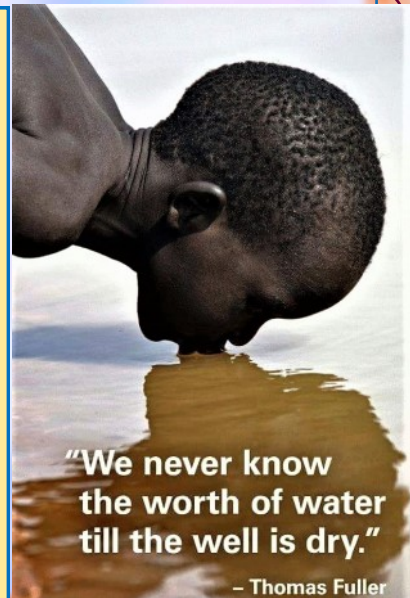

We will post more details as they become available

...think...

History always repeats itself

I was just watching an exclusive **BBC interview** with the founder of Dubai **Sheik Rashid al Maktoum**, about Dubai and one thing that caught my attention was when they asked him about the future of his country and he said " My father was on a camel, I'm in a Mercedes, my son is on a Land Rover, and my grandson is going to be from Land Rover , but my great grandson will be back on a camel"

Why is that? they asked..

He replied "Tough times create strong men, strong men create easy times. Easy times create weak men, weak men create tough times."

Many won't understand but **you have to raise warriors, not parasites"**

...smile...

Market Creation

One motorist jumped the signal while it is Red..

Taking it as an advantage, another five motorists behind him followed and jumped the signal.

Police standing on the other side left the first motorist but caught the five who have followed him and collected fine.

One among them furiously asked the police why they haven't stopped the first motorist..

Police said "he is our Marketing person" and his job is jumping signals to tempt you guys so that we reach our daily penalty collection targets.
