This is an initiative taken by the Rotary Club Of Surathkal inspired by the appeal by our DG Rtn. Mjor Donor Ramki in his 'Man Ki Bath' for the members to read 'Rotary News'

This is the transcription of the podcast by our Past President Rtn. PHF Dr. Rajmohan Rao and is an attempt to generate interest in reading the Rotary News and is meant for those who missed the original voice file.

My dear Rotarian brothers and sisters

In his maiden Man-ki-bath DG Ramki had spoken about the Rotarians' apathy towards reading Rotary News. RC Surathkal took serious note of it and thought of inspiring its members to cultivate the habit of reading Rotary News through a series of talks in its weekly meetings. I Rtn Rajamohan had the honor of speaking first.

I took July 2025 issue for that purpose as it happened to be the first issue of the year. I was really surprised as I started turning pages. Beautiful printing, eye catching pictures and a series of messages from stalwarts of Rotary like RI President, TRF trustee, Trustee director etc. - all highlighting the essence of Giving with Dignity.

Then came an article on Trf endowment fund. In the 100th trf anniversary held at Atlanta in 2017 there was a benchmarking decision on taking TRF endowment fund from \$ 1 billion to \$ 2.025 billion by 2025. In mid 2025 the trustee chair Mark Maloney proudly announced that the target has been achieved. An eye catching title was given to this success story "Rotary achieves 2025 by 2025 dream.

A number of rotary projects mentioned in a series of articles caught my attention. - Vijnana Ratham Science on wheels and Science made easy by RID 3212 with Innerwheel District 317; Funeral Management Services by RC Kozencherry, an Ad on Zero Waste Schools and another Ad on Mumbai RYLA with a title Be an Entrepreneur. Stop worrying about jobs and start producing jobs.

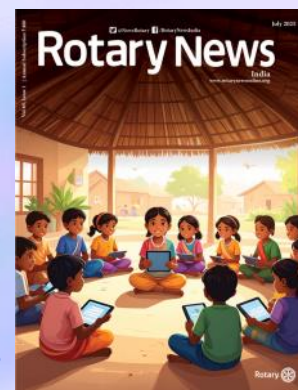

I was happy to read the article " No story is too small to be told" which is on Booker award winner Kannada writer Banu Mushtaq. Besides there are columns on women empowerment and environmental care.

Of course there are articles on a number of other projects. RC Bay View's achievements are commendable. 320 projects worth Rs4.5 crores across all 7 focus areas touching more than 1 lakh lives during the year. The club President Rajani Barasia remarks " Every service project is like our own baby. We conceive it with enthusiasm and go about our tasks with great zeal".

Friends I consider all these writings a treasure of knowledge and wisdom and highly inspiring. Editorial team's job is commendable.

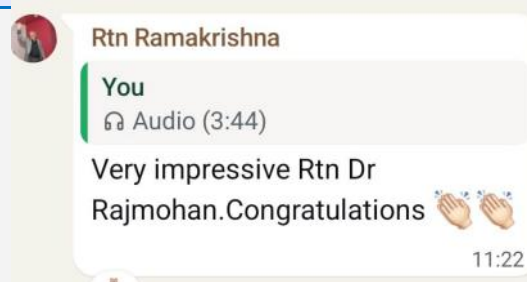

The Rotary News is available in E format also. But the charm in reading is found in reading only the hard copy so that we can feel and internalize them.

I thank our DG and all my friends in Rotary Surathkal for exploring this idea of voicing my words on Rotary news. I wish you too will take up the Rotary news for your reading's priority list.

Rtn. Dr. Rajmohan Rao

And here are the comments by Dignitaries of the District
