A REVOLUTION IN THE TYPES OF ROTARY CLUBS IS UNDERWAY

Posted by Elaine Thompson on Feb 01, 2019

Gone are the days when all Rotary Clubs met weekly over a meal and attendance was taken and tracked. Over the past decade, flexibility and innovation have become the mantra of Rotary International. And the grassroots have taken up the challenge of creating new ways for clubs which to the demands of modern society and different cultures.

What follows provides a brief overview of the new form clubs are creating.

Traditional:

- Meets weekly, usually over a meal – breakfast, lunch or dinner.
- Typically start the meeting with the singing of the national anthem and the Rotary prayer.
- Have a speaker at each meeting.

May end the meeting with the singing of God Save the Queen in countries that are or were parts of the British Empire.

Semi-Traditional:

- Meets weekly or every second week, Usually over a meal, with a speaker, but without the singing.

Even Less Traditional:

- Meets weekly or bi-weekly,
 - club business or social events,
 - meals or drinks optional,
- no formalities (i.e. no speaker, no singing)

The e-Club:

- Officially is NOT a separate category of a club from a traditional club
- meets online
- has a dedicated website
- members are responsible for updating the website
- creates an online platform for hosting meetings using video-conferencing
- ensures a private section of the website that only members can access to protect their personal data
- has an online financial transaction system that allows members to pay dues, donate, or process payments
- lets visiting Rotarians attend your virtual meeting

resource: <https://my.rotary.org/en/learning-reference/learn-topic/online-club-meetings>

Satellite:

- Officially, satellite club members are members of a traditional or semi-traditional club
- Meet at a different location, different time, with a different format and frequency
- Have their own executive
- Functions as a short-term, transitional step on the way to becoming a full, independent Rotary club without meeting the requirement of having at least 20 persons to organize a separate Rotary club
- Must have at least 8 members at the time they form, no maximum number of members
- Should have the same name as the sponsor club plus a qualifier that distinguishes it from the sponsor, for example:
 - o *If the sponsor and satellite clubs meet at different times*
- ✦ **Sponsor:** Rotary Club of Saskatoon
- ✦ **Satellite:** Rotary Satellite Club of Saskatoon Evening
- ✦ *If the sponsor and satellite clubs have different meeting locations*
- ✦ **Sponsor:** Rotary Club of Winnipeg
- ✦ **Satellite:** Rotary Satellite Club of Winnipeg Pembina
- ✦ Satellite clubs set up their own board and have their own officers, but instead of a president, a satellite club has a chair.

Although satellite clubs are intended as a temporary step on the way to becoming a full, independent Rotary club, there is no time limit on the life of a satellite club.

Multiple Satellite Online Hybrid:

- The Rotary Club of Dryden is now considering creating a new type of club combining features of a traditional club, a satellite club and online club.
- Using video cameras club meetings will be broadcast live over the Internet and marketed to the communities of Northwestern Ontario.
- Nine potential satellites have been identified with the potential for three of them to become clubs.
- The club is establishing procedures to incorporate the features of an e-club to facilitate the criteria necessary to operate by the e-club rules.

You may view the proposal at <https://youtu.be/s-gOauD-rFY>

Passport:

- Designed for former Rotary members, youth, alumni and others who find that a traditional club doesn't fit their life.
 - Attract new and returning members to Rotary who have difficulty attending weekly meetings
- Retain members where the expense is a drawback to joining Rotary

One night a police officer was staking out a particularly rowdy bar for possible DUI violations. At closing time, he saw a fellow stumble out of the bar, trip on the curb and try his keys on five different cars before he found his. The man sat in the front seat fumbling around with his keys for several minutes. Meanwhile, all the other patrons left the bar and drove off. Finally he started his engine and began to pull away. The police officer was waiting for him. As soon as he pulled onto the street, the officer stopped him, read him his rights and administered the breathalyzer test to determine his blood-alcohol content. The results showed a reading of 0.0. The puzzled officer demanded to know how that could be. The driver replied, "Tonight I'm the designated decoy."
