ROTARY YOUTH SERVICE

Rotary is a service organization guided by the ideal - 'Service above self'. Rotarians are all winners in life as they know how to convert problems into opportunities to achieve.

The strength of Rotary lies not only in the service that is rendered but also in its ability to grow. In this regard Interact and Rotaract are not merely an extension of Rotary, but also the very foundation of Rotary's future. Today's Interactors are tomorrow's Rotaractors. Today's Rotaractors are tomorrow's Rotarians. Rotary is finding various ways like RYLA to motivate these youngsters.

It is interesting to note that incoming RI President Olayinka Hakeem Babalola is the first Rotaractor to become RI President. This fact, an aspect of leadership growth will inspire Rotaractors.

Youngsters want to serve society and are seeking opportunities to do so. Rotary provides that opportunity by communicating and connecting with them. Rotary is a place where they are valued.

RI President Elect is working on a theme called "Grow Rotaract Plan". The formula that is being worked out is 1:2:3; that is for every Rotarian two Rotaractors and three Interactors. The target is to reach 125,000 Rotaractors by 2030.

Getting youngsters into Rotary should be viewed through not only Rotaract but also through Interact, RYLA and Youth Exchange; as these Youth services build confidence, character and leadership at an early stage.

RI has around 27 percent woman as members. Rotary's this current membership is laudable, considering the fact that women had been excluded till 1987. Rotary seeks more women in leadership positions.

Once again it is reiterated that Interactors are the prospective Rotaractors and Rotaractors are the prospective Rotarians. Certainly the future of Rotary lies with youth.
