## President 2025-26

---

You have knowledge that can transform lives. Whatever your profession, your expertise combined with Rotary's values creates lasting change. The question isn't whether you have something to offer, it's how you'll use your skills to serve.

This January, I encourage you to ask how your club can address vocational needs in your community. What skills do your members have that could change someone's life? How can your networks open doors for young people? What partnerships can create sustainable jobs?

# Rt. Dr. Deepak Aiwale Club President

---

Let integrity guide you. Let The Four-Way Test light your path. And let the young people in multitudes worldwide who need job skills remind you why vocational service matters. Let us celebrate putting our professional skills to work for humanity with integrity at the heart of everything we do.
