CLUB ID : 85221

UDAAN MARCH 2005

DG'S Message

Dear fellow Rotarian,

As the vibrant energy of February peace initiatives flows into March, we embark on our critical mission WASH WINS : Rotary's March mission. The journey of service is never static, it involves, building momentum with each passing month.

January's focus on health awareness through our thalassaemia sessions and February's peace building activities have laid the ground work for our March WASH initiatives. From witnesses, 1600 children running for the health causes to inaugurating life-saving, paediatric heart surgeries, we have demonstrated our commitment to holistic community well-being.

The water cooler installation at Hutatma Maruti Kumar Vidyalaya wasn't simply an isolated project. It was a harbinger of our March focus. Just as our environmental initiatives from 500 tree plantations to hazardous material management workshops, reflect our understanding that clean water requires a healthy ecosystem.

As we transition to WASH projects, remember that each monthly theme is a different face of our enduring commitment to service above yourself. Like the continuous flow of water, our service must remain constant, adapting to each season while maintaining its essential purpose.

As we Embrace this vital mission, remember that WASH isn't merely a project- It's a profound gift of dignity, health, and opportunity for community worldwide.

“Service is the rent we pay for the privilege of living on this earth ”

- Shirley Chisholm

Rtn. Dinesh Mehta
District Governor
