# RI President's Message

Dear fellow Rotary leaders:

As we begin a new year of service, let us not forget the importance of every one of Rotary's members.

We need your leadership now more than ever if we are to make every club and district an irresistible experience. Rotary has a chance to capture the world's attention and realize possibilities beyond our expectations. But we must build on the work that has come before us if we are to reach our goals, such as defeating polio and unlocking the power of girls and women.

Rotary offers people of action a chance to connect and find belonging, and this fellowship gives us the potential to improve our communities and the world. By following Rotary's Action Plan and helping make sure all members feel a sense of belonging in their club, you have a special opportunity to inspire members to new heights of service.

Our ability to create lasting change begins with our family of Rotary. Together, it is within our power to bring healing in a divided world.

Join me in making Rotary a source of strength for those who need it most, within and beyond our membership. Let this be the year we harness The Magic of Rotary, and let Rotary be known as an organization that takes care of its members as well as the people we serve.

It is within your power to help make Rotary a beacon of goodwill and fellowship in every community.

Remember that your work can and will change the world with The Magic of Rotary. Warm regards,

Rtn. Stephanie A. Urchick, Rotary International President, 2024-2025

# District Governor's Message

As District Governor for District 3250 in the Rotary year 2024- 25, I'm thrilled to share our vision for District 3250 under the inspiring theme, "The Magic of Rotary".

We'll kickstart our magical journey by a contribution of \$25 by each Rotarian of Dist 3250 on July 1st. This collective effort will not only showcase our unity but also set a record in Rotary world, marking a memorable start to our Rotary year.

Moreover, we'll sprinkle the magic of service projects across every zone in our district. Each zone will undertake a significant service project, leaving a lasting positive impact on our communities for years to come.

In the realm of public image, we'll conjure up a digital presence by creating a comprehensive website for all our clubs. This platform will serve as a window to showcase the remarkable work of each club of our district, allowing the world to witness the magic of Rotary in action.

Furthermore, we'll weave the magic of inclusivity by actively engaging more young people and women in Rotary. By tapping into their potential, we can strengthen our clubs and expand our reach to areas of our district previously untouched by Rotary.

Additionally, we'll work diligently to harness corporate social responsibility (CSR) funds for our service projects through Rotary. This way, we can amplify our impact and make our magic even more profound.

Together, let's turn this vision into reality and unleash the true magic of Rotary in our district!

Shilpi joins me in conveying our best wishes to you.

Yours in Rotary

Rtn. Bipin Chachan, District Governor 2024-24, District 3250

**Jamshedpur, August 27:** Members of nine Rotary Clubs from the Kolhan region took to the streets of Sakchi today in a rally protesting the recent murder of a female doctor in Kolkata on August 9th. The demonstrators later met with the local Deputy Commissioner (DC), Ananya Mittal, to voice their demands for stronger government action against such crimes.

In their meeting with DC, the Rotary members presented a collectively signed letter urging the government to implement measures to prevent such

incidents in society. They also called for enhanced security arrangements and special facilities for doctors in hospitals to ensure their safety.

"This tragic incident is a stark reminder of the dangers faced by women,

especially those in the medical field. We must take action to prevent such crimes and protect those who serve our society," said a representative from the Jamshedpur Rotary Club Main.
