Dear All,

The month of July is very hectic for incumbent President & team with Installation, blood donation, environment, and host of activities in the month

August the membership development month is expected to bring some respite.

However the activities of Thalassaemia global project awareness coupled with focus on Cancer awareness particularly

Cervical cancer in women and HPV vaccine awareness has kept us busy. We have done 4 projects in these avenues and many more planned in upcoming month. Also in Thalassaemia we are planning to start screening to detect Thalassaemia minor cases and thus we are initiating battle against Thalassaemia prevalent in our area.

We have not lost focus towards Membership development, as August month is dedicated to same in Rotary Calendar. We had identified prospects for membership of the club and very happy to share that we have been able to introduce 11 new members to club.

Every organization needs fresh blood and new ideas to go ahead. Hopefully these new 11 members with diverse classifications would be a great value addition to our club. They were given proper Rotary information and orientation by PDG Dr Rajiv Pradhan on 24/08/2024 and inducted in Club in grand induction ceremony held on 25th Aug'24 at Veda Banquet the glimpses of which are shared on the next page.

We were fortunate to have MP and our very own Rtn Pranitai Shinde for this induction ceremony and her presence brought in lot of excitement amongst members and Anns of the club. The independence day was celebrated with lot of fervor and enthusiasm at Rotary Red Cross Swagati School. The atmosphere of patriotism continued next day as well where the weekly meeting was arranged on theme of Patriotic songs.

Also during period there was focus on Environment projects and Club Secretary Rtn. Brijkumar is silently giving his best efforts for same. We have distributed 900 plants in the period. The rains have delayed the plantation of the plants but hopefully after the rain subsides we will arrange the plantation in presence of all club members.

In August month also we celebrate Rotary Annapurna Anniversary. This year the function was held on 02/08/2024 and we were fortunate to have Shri Mohan (Anant) Date as Chief Guest for the function. We are thankful to Rtn. Rajgopal Miniyaar for hosting lunch as every year on the Annapurna anniversary for beneficiaries as well as Rotarians/Anns. The unique aspect of function was we have brought all beneficiaries in cars of Rotarians to the function venue. We are thankful to all Rotarians for volunteering their cars and in most cases volunteering themselves to bring beneficiaries from their home to the function venue and dropping them back. This act of kindness has given a small but very valuable moment of happiness to the beneficiaries. The lunch was served by Ann's as in Shahi Bhoj and we salute the dedication of Ann's.

The weekly meetings of the club continued to record healthy attendance and that is positive sign. As regards District focus activities of Anemia and Diabetes, we have done 619 Hb tests of girl students at V. G. Shivdare College and planning Diabetes checks in coming month. We are visiting & celebrating birthdays of Rotarians at their homes. This is helping build personal bond with the Rotarians. The noteworthy visit of the month was to celebrate birth day of Rtn. RavindraTulpule and the visit was quite memorable one.

Looking ahead in September host of activities are planned focusing Literacy avenue. Thalassaemia and cancer awareness will also remain to be focus area. With your co-operation we hope to continue the good work going ahead. I urge all members to continue to participate in club activities in good numbers. Looking forward to work with you closely, I am signing off for this month.
