Rtn. CA. Sunil Maheshwari

Dear All,

This month we have lost our member Rtn. Mahesh Kothe a prominent Politician and Ex Mayor of Solapur. I offer my deepest condolences to his family.

January'25 was quite busy in our calendar with big ticket activities Inauguration of DiGi Class CSR project with support of P P Patel & Co, Musical

Tambola, District Conference Viraat and Mega Child Surgery Camp.

The DiGi class project to 100 schools of Rotary District 3132 with 1 school in every club of District 3132 was inaugurated at hands of District Governor Dr Suresh Saboo and in august presence of DGE Sudhir Lature, IPDG Swati Herkal, DGN Jayesh Patel and galaxy of Past District Governors on 11/01/2025. The installation work of DiGi Class has started and will be completed by 20th February'25. It is a milestone project making positive impact in field of education particularly of underprivileged schools and students of rural areas of Rotary District 3132.

On same day DGN Jayesh & Rtn. Parul Patel announced their Endowment fund and handed over the cheque of contribution to District Governor Dr Suresh Saboo.

Also on same day 2 Miyawaki forest were inaugurated by District Governor at P P Patel company. These 2 Miyawaki are following up the already successful Miyawaki project executed at same premises by our club in 2021-22.

We have successfully executed fund raising activity Musical Tambola on 12/01/2025 and I thank all members of club and also generous non member donors for supporting the activity. The Musical Tambola by renowned performer Shri Sandeep Panchwatkar was enjoyed by one and all.

The District conference was successfully conducted at Shegaon from 17th to 19th January'2025. We congratulate District Governor Dr Suresh Saboo and his entire team for a very nice, informative, enjoyable District Conference with an extraordinary fellowship and camaraderie opportunity. Our club went with the biggest contingent for this conference and no doubt we won the award for maximum registrations. Our

club was also felicitated for The Rotary Foundation giving, Public Image Initiatives, Cultural activities and 1st CSR grant executed in District for this Rotary year 2024-25. Our club presented a mind-blowing skit on "Save Nature" which was appreciated by one and all at the cultural night event. I would like to mention that not only our members and anns enjoyed while performing but also while practice of this skit. We have met almost daily for a fortnight before conference for practice and it was a nice enjoyable time practicing. We thank Choreographer Rakesh Soni for helping our club for this skit. All our members travelled and enjoyed together in a sleeper coach and the journey was equally enjoyable as the destination. We all came back with very happy memories of the conference.

One of the most significant and historical project for the club in the month was the Mega Child Surgery Camp conducted on 31st January and 01st February'2025. We have done surgery of 123 children and the satisfaction and smile on faces of their parents is priceless. The surgery were performed by Dr Paras Kothari from Lokmanya Tilak Medical Hospital, Sion, Mumbai and his team. The camp was inaugurated at hands of Shri Kuldeep Jangam, CEO, Zilla Parishad, Solapur. The camp was conducted with the support of District Civil Surgeon Dr. Suhas Mane, Medical Superintendent Dr. Jayashree Dhawale, Women and Child Hospital, Dr. Rakhee Mane, Medical Officer Solapur Municipal Corporation and team of DEIC and RBSK at District Hospital. Our Rotarian came forward and volunteered for this camp and we provided medicine, surgicals and food for parents of child patients. The above activity was supported by generous donation of PP Patel Foundation.

Apart from these big ticket activities we conducted District Swimming competition and prize distribution of same as well as District Table Tennis competition. The Annual prize distribution function of Rotary Redcross Swagati School became memorable by act on Shri Chatrapati Shivaji Maharaj by students. Sr Editor Shri Rakesh Tolye sent the member into splits with his lecture on Kissa Kursi Ka. The Republic Day on 26th January was celebrated with fervor with flat hoisting at Rotary Redcross Swagati School and on same day 7th Edition of Rainbow was released.

Host of activities are planned for month of February'25 and I am looking forward to your support and participation.
