Rtn. CA Sunil Maheshwari

Dear All,

This month we have lost our member Rtn Ravindra Tulpule & I offer my deepest condolences to his family. Its quite ironical that just last month I had met him along with PDG Zubin Amaria on his birthday and expressed my thoughts about that memorable visit in last

edition of Rainbow and in this edition we are mourning his demise.

With your support & participation the strong momentum of activities continues in all spheres. Thalassemia our main focus we have done 3 awareness camps at major educational institutions. More importantly we have started screening. Our Thalassemia Center along with laboratory is fully operational now and this would give impetus to our activities related to Thalassemia. We will shortly declare the days of the month wherein we would be doing counseling of patients who are diagnosed to be Thalassemia affected.

Another important activity we have done this month is community health check up and diagnostic camps with help of Dr V M Government Medical College and Shri Chattrapati Shivaji Maharaj Sarvopchar Rugnalaya. This was basically focused on workers from unorganized sectors not getting any benefit of health facilities through their employer. A big thanks to team of Doctors led by Rtn Pratyush Kabra, Asst. Proffessor at College comprising physicians, cardiologist, Dental & Eye experts, Gynaecologist conducted health check up. Diagnostic tests like Blood Sugar HB A1C, CBC, Thyroid, ECG were conducted. Required medicines were distributed free of cost. This camp was conducted in industrial areas of Akkalkot Road, Gandhi Nagar and retail market area of Chatti Galli and around 600 check ups were done at these

locations.

We have not lost focus towards Basic Education and Literacy, as September month is dedicated to same in Rotary Calendar. We have done cycle distribution at 2 schools and identified their further needs. The K Bhogishayana oration by HH Swami GovindDev Giriji was successfully organized and the topic was 'Management Lessons – from Chattrapati Shivaji Maharaj'. A Seminar on Literacy in Digital Age by Shri Sidharam Patil was kept. Also tree plantation was done at 2 schools to create awareness for environment amongst students.

We are fortunate enough to get repeated opportunity to interact with our MP and our very own Rtn PranitiTai Shinde. The 3rd edition of Rainbow was released at her hands.

The weekly meetings of the club continues to record healthy attendance and that is positive sign.

As regards District focus activities of Diabetes, we are doing screening of same at Health check up camps and more tests are in pipeline in upcoming months. Looking ahead in October host of activities are planned focusing Economic and Community Development. The focus on Thalassemia and Diabetes test will continue. Also we are planning "Teacher Training and Nation Builders award" on big scale. With your cooperation we hope to continue the good work going ahead.

I urge all members to continue to participate in club activities in good numbers.

I wish all the members a very safe and happy Diwali. Enjoy the festive time with your family.

Looking forward to work with you closely, I am signing off for this month.

## Editorial

Dear All,

The fourth issue of RAINBOW for the year 2024-25 is before you. This is just like any other issue you have been reading throughout the years. President Sunil wants to make it different, more crispy and trendy too. Well I concur with him and would like to bring in as many improvements/changes as the members, their spouses and annets may want to. So put on your thinking caps and let me have your suggestions by Email at sandson1972@gmail.com

I also invite all the members, their spouses, annets and even their guests to contribute stories, jokes, articles of common interest and family news. These items may or may not be original but it will be appreciated if the due credit is given to the authors thereof. And if the author is not known, this fact may be written at the bottom of such contribution. So come on, show your writing skills and contribute to make your own RAINBOW better than before.

With Diwali wishes in advance.

Yours in Rotary - Rtn. Sandeep Jhaveri
