DISTRICT GOVERNOR'S MESSAGE

Dear Irresistible Magicians,

Gear up to embark on an exciting and enriching Rotary year 2024-25.

You won't be doing different things, but you will be doing them differently.

Let's elevate the public image of Rotary. It's not just about performing impactful services for our communities; we must ensure Rotary's presence is palpably felt and deeply appreciated by the society. This will ignite our passion for taking on more need-based challenges and draw the next generation towards the Rotary movement. This will not only attract the attention of new donors but generate more members in the society.

We must fortify our Rotary Foundation, the cornerstone of our international acclaim. You can achieve this by collaborating with corporate companies through their "Corporate Social Responsibility" (CSR) initiatives. Rotary stands as a promising partner to fulfil their philanthropic needs. Readymade programs on Dialysis, Sewage Water Conversion, Diabetic Retinopathy, Dentures for the poor are a few projects planned by the District TRF/Grants team.

We all should take a pledge to illuminate our triumphs by sharing our success stories far and wide. Embrace creativity in our ventures to reach our noble goals with the magical powers within you.

With our collective commitment, conviction, and confidence, I am convinced that we will bring profound and meaningful changes to the lives of those in need.

I need not reiterate again our punch line, "Benchmarking Excellence, Cherishing Memories".

Together, we can achieve the extraordinary through The Magic of Rotary!

With warm Regards

Rtn. Sharad Pai

District Governor 2024-25

RI PRESIDENT'S MESSAGE

Dear fellow Rotary leaders:

As we begin a new year of service, let us not forget the importance of every one of Rotary's members. We need your leadership now more than ever if we are to make every club and district an irresistible experience. Rotary has a chance to capture the world's attention and realize possibilities beyond our expectations. But we must build on the work that has come before us if we are to reach our goals, such as defeating polio and unlocking the power of girls and women.

Rotary offers people of action a chance to connect and find belonging, and this fellowship gives us the potential to improve our communities and the world. By following Rotary's Action Plan and helping make sure all members feel a sense of belonging in their club, you have a special opportunity to inspire members to new heights of service.

Our ability to create lasting change begins with our family of Rotary. Together, it is within our power to bring healing in a divided world.

Join me in making Rotary a source of strength for those who need it most, within and beyond our membership. Let this be the year we harness The Magic of Rotary, and let Rotary be known as an organization that takes care of its members as well as the people we serve.

It is within your power to help make Rotary a beacon of goodwill and fellowship in every community.

Remember that your work can and will change the world with The Magic of Rotary.

Warm regards,

Stephanie A. Urchick

The Parable of “The Elephant Rope”

“The elephant was conditioned to believe he could never break away. He believed the rope could still hold him, so he never tried to break free.”

Summary: “The Elephant Rope” is a short motivational story about a young man who observes elephants at a circus and is amazed at how they are held in place by a simple rope tied to a stake in the ground, despite their massive size and strength. It was clear that the elephants could break away from their bonds but chose not to because they were conditioned to believe it wasn’t possible.

Theme: “The Elephant Rope” is a story about limiting beliefs. The young man learns that the elephants were conditioned from a young age to believe that they could not break free from the rope. As a result, the elephants never tried to gain freedom again, even when they were fully grown and capable of doing so.

Moral of the story: Limiting beliefs can hold us back from reaching our full potential. We may have been conditioned by our past experiences or beliefs to believe that we cannot achieve something, but in reality, we may be more capable than we think. By breaking free from our limiting beliefs and challenging ourselves, we can achieve great things.

PRESIDENT'S MESSAGE

Rtn. Omkar Haridas, President 2024-25

Dear fellow Rotarian friends ,

It is truly an honor to be elected as a President of the most dynamic and vibrant club of RI 3170. Thank you for the opportunity to serve back to the society through this great platform of Rotary club.

We Rotarians are indeed a family with diverse backgrounds and interests that come together to good things happen.

Rotary club of Ichalkaranji Heritage was started at 2007 as a youngest club. Today our club is stepping to 18 th year. With the club we Rotarians too become more matured and responsible towards our social duties. In this journey, our club gave a deep impact on our personal and professional life. We learnt 'Act of giving'.

In this new Rotary year I look forward to working together with the bonding of friendship rather than membership.

Hopes are indeed created high throughout the year of 2023-24 and stepping forward for the **MAGICAL ESSENCE OF ROTARY**.

Let's enjoy this year with new ambition, compassion and enthusiasm keeping this in mind,
