President Message

The first month of RIY 2025-26 has just zoomed past us like a moving fast train. I had enjoyed each day of this month as President of a vibrant Club. Each day has provided me with new opportunities and also new challenges, but the final

outcome has been noteworthy. In

this month, we served the community by helping the needy students (through note book distribution programmes and adoption of girl students for education), distribution of rain-coats to market vendors in our town and blood investigation camp for parents and staff of Keshav Seva School.

I am humble and thankful to each one of RCB family in making our 33rd Installation Ceremony a success and an event to remember. This was a well-planned event and improvements suggested by the members during follow-up of the event will be incorporated from the next year. It was also a privilege to honour Doctors and Chartered Accountants on the first day of my tenure as President of the Club. To sum up, our Club conducted totally 33 activities in the month of July and spent more than Rs 1.10 Lakhs for the benefit of the community.

The month of August is designated as Membership and Club Development Month. This is an ideal time to contemplate the numerous advantages of Rotary membership. Rotary is a worldwide network of neighbours, friends, leaders, and problem-solvers which is dedicated to creating a positive, enduring impact on our communities and across the globe.

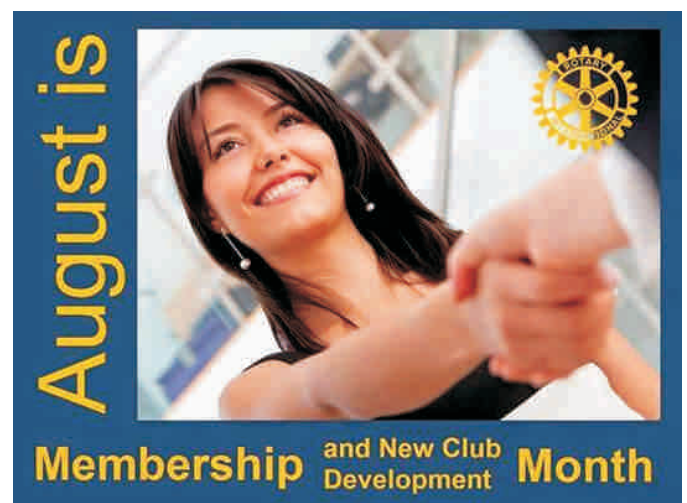

Expanding membership is vital for the sustainability and influence of Rotary. Welcoming new members brings fresh perspectives, innovative ideas, and a surge of energy to our clubs. A larger membership base enhances our ability to embark on ambitious service projects.

Our Club has taken the right step by inducting six new members, including five lady members, during the Installation Ceremony. I am confident that these new members will bring fresh perspectives and innovative ideas to our Club's functioning. Today, the Club proudly boasts that lady members now form 10% of our membership—a remarkable growth from 0% at the end of RIY 2021-22. This milestone has opened up new opportunities for these lady members, including professional networking and Avenues.

In the next month, the major project will be inauguration of our “First Global Grant Project” at Keshav Seva Sadhana's Narayan Zantye School for Special Children, Bicholim. This project consists of Audiology and Speech Therapy setup, Physiotherapy setup and Occupational therapy setup. This project will help special children to develop faster so that they get back into mainstream. It is a dream project of our Past President Rtn Sargam Falari, who has worked very hard for getting the Global Grant and setting up of this facility.

Next month, also mark the festivity of Ganesh Festival, so let me take this opportunity of wishing all the members “A Joyous and blessed Ganesh Chaturthi” and signing off that this festival will fill your life with happiness, love and peace.

-Rtn Damodar Prabhu

Secretary Report

Activities for RIY 2025-26 started immediately from the first day of the month of July. We have aimed to cover maximum projects lined up for month in the first fortnight so that our schedule is not disturbed by heavy seasonal rains in second half of July.

Besides the projects which we planned in this month, the 33rd Installation Ceremony of the Club was the major highlight and was widely attended event

by the members of the neighboring Rotary Clubs, members of other Voluntary Organizations of our town, invitees and members of visual/print media.

Below are the details of the projects/activities which were conducted by the Club in the month of July.

"We Gossip?"

Ann Sheela Sagar Shetye

Monsoons had set in. I was tidying my wardrobe when I turned to Sagar with an age-old familiar female woe, "Sagar, I have nothing new to wear for the Rotary Installation?"

"What does it matter all you ladies do is gossip." Sagar smirked.

I sat back seriously contemplating his words. What do we ladies do on an Installation Day? Do we really gossip? Is that all we do?

Over the years we have helped out. Be it as emcee, writing speeches, decorating, handling behind the scenes and the like. Also, one cannot fault us on our attendance and our unwavering attention, notwithstanding the time and monologues.

I pondered further. What exactly did we do later. Sitting together after greetings of how are you, where were you, and you have forgotten us admiring each other saris. Just having seeing each other after a long time.

Suddenly hearing someone cough there is a barrage of home remedies and nursing tips to drive it away. Somehow this leads to share recipe, some old some new. New recipes lead to trips taken, photos are shared, new trips planned. Then every woman's favourite shopping and best hard-fought bargains. The most important and every woman closest to heart her children and their accomplishments.

I mulled over this, did we gossip? We hurt no one. We didn't bad mouth anyone. Is not that what gossip being spreading negative thoughts around. So why was this legacy bequeathed on us women. This was just chitchat, sometimes fun, sometimes productive. If anything, making our day not just then, but memories for many more to come.
