WATER DAY - CHARTER DAY

World's Water Day

March 22 is recognized as World's Water Day. Water is a precious resource for any kind of life on earth. However, due to our own ignorance or sheer greed, we have mismanaged this precious resource for too many years and decades and brought ourselves to water starvation. The good water is disappearing, the timely water is not arriving and the scarce water is becoming scarcer. Like they say, water was seen in rivers two generations ago, in lakes one generation ago, in taps in the present generation, and it is not hard to imagine that the next generation will see it only in bottles, and the following generations in history books. Better late than never - we must wake up and sweat every bit to save water and the planet to our future generations.

World's water day is precious to Rotary. It's a day when we renew our commitments to save water and raise awareness in our neighborhoods to keep this planet good for living. We must remember, reiterate and remind ourselves the water mantra - **Consume to the need, but Conserve indeed.** Rotary club of Sainikpuri has conducted 3 beautiful projects on this water day.

1. Commissioned a 500 Liter capacity RO plant at ZPHS Yapral to enables students and staff to get clean water for drinking. Chief guest Rtn. KR Parthasarathy, Asst Gov. Dt-3150.
2. Installed a water tent near Kowkur at a busy intersection to serve drinking water to passers by.
3. Installed another water tent in Sainikpuri as a joint activity with Sainikpuri Residents association.

We would like to extend our sincere thanks to Rtn. Venkat Reddy, Rtn. Srihari and Rtn. Col. Kamesh for championing these projects respectively and to make this water day memorable day to all of us.

January was a busy month for Rotary club of Sainikpuri. After many months of connecting virtually, we had our first physical meeting in this Rotary year on 2nd January when our beloved District Governor, Rtn. Hanmanth Reddy garu paid an official visit to the club. Assistant Governor Rtn. KR Parthasarathy garu was with us all along guiding us through the proceedings and made the day even more special. To our fortune, First Lady Mrs. Vijitha garu also graced the occasion with her kind presence.

Along with the official visit, DG had taken part in several of the programs of that day.

a) Inauguration of a deep freezer at Aarohi blood bank to support Thalassaemia children.

b) Fruitful discussions with the management team at Bhavan's Sarada Devi Hospital in Sainikpuri.

c) Distribution of 4 sewing machines to economically challenged families in nearby villages.

d) Distribution of Rice to a Gurukul and to an Anganwadi school.

It was a busy day, it was an educational day and it was a fun day. Sincere thanks to both DG Rtn. Hanmanth Reddy garu and AG Rtn. Parathasarathy garu for many good suggestions and for making the day special.

BUSINESS AND PLEASURE

The annual general body meeting on Jan 30 was both business and pleasure. It was a meeting to discuss several important affairs of the club and to make decisions. It was also a family get together day with birthday celebrations, dinner and fellowship. It was so much fun that there was demand that every club meeting should be an annual general body meeting !

President Rtn. Murthy Prakki presented the year in the making against the goals set and Treasurer Rtn. Badrinath Krishna presented the audited accounts of the previous year and the budget vs. actuals for the current year. Thank

you Treasurer for packing so much information in such an easy to understand format and for answering queries so patiently. President Elect Rtn. Philomin Raj gave a briefing on the key aspects of the upcoming Rotary year, and President Nominee Rtn. Col. Kamesh has gracefully accepted the position and presented his views on making it a vibrant club. Post the meeting, there was cake cutting for the happy birthday boys and girls and happy wedding day men and ladies, followed by dinner and fellowship. Indeed a day that we should walk into more frequently.

WORKING WITH YOUNG STARS

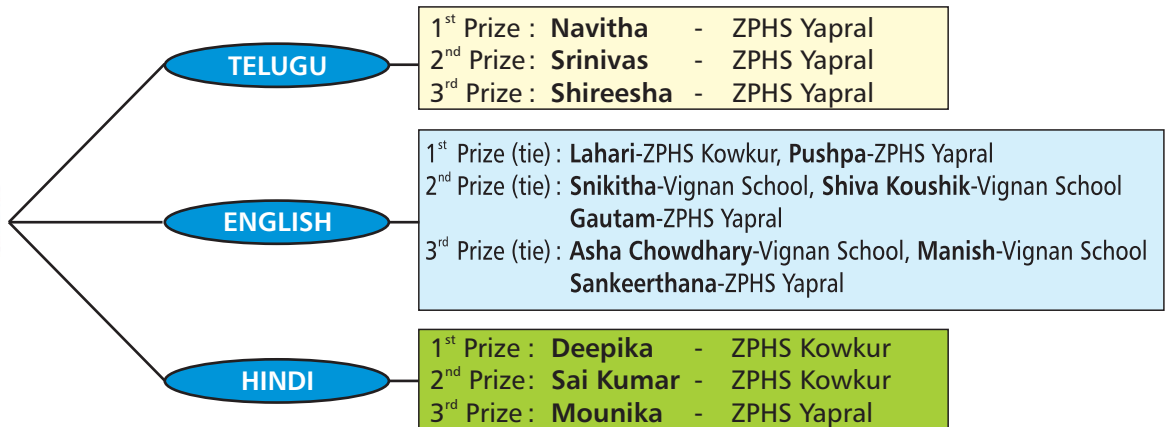

Feb 23, 2021: Rotary club of Sainikpuri has conducted several programs with Interact teams and High school children. As part of the District Designated event on February 23 under the theme **Peace and Conflict Resolution**, club members have given an awareness talk on this subject in 3 schools. Further, an essay writing competition was held to bring out the creative ideas from the young stars of the 3 schools in English, Telugu and Hindi. About 75 students participated enthusiastically and the outcome was stunning. What they wrote was simply amazing. Their comprehension of the problem,

broader thinking and expression of their thoughts - all were of high standards. It made it so much difficult for the judges to pick winners as the competition was very close..

The schools participated in the competition were -
