Rotary History

The origins of Paul Harris Fellow recognition

A.Z. Baker, 1955-56 RI president, admires a newly minted Paul Harris Fellow medallion at the 1969 Rotary Convention in Honolulu, Hawaii, USA.

The Paul Harris Fellow recognition acknowledges individuals who contribute, or who have contributions made in their name, of \$1,000 to The Rotary Foundation.

Rotary established the recognition in 1957 to encourage and show appreciation for substantial contributions to what was then the Foundation's only program, Rotary Foundation Fellowships for Advanced Study, the precursor to Ambassadorial Scholarships.

The first Paul Harris Fellows included past RI Director Allison G. Brush, who served during the 1937-38 Rotary year, and longtime RI Treasurer Rufus F. Chapin, both for donations made in 1946. Mrs. Adan Vargas was the first woman to receive the recognition, for a gift made in 1953. Mrs. Harry L. Jones was the second, and one of only five people recognized for contributions actually made in that inaugural year.

Early Paul Harris Fellows received a certificate of recognition. In 1969, the Foundation unveiled the first Paul Harris Fellow medallion at the Rotary Convention in Honolulu, Hawaii, USA. Japanese metal artist Fiju Tsuda created the piece under the direction of former Foundation Trustee Kyoza Yuasa. Today, Paul Harris Fellows receive a certificate and pin. They are also eligible to buy a Paul Harris Fellow medallion.

Rotarians have a tradition of supporting the Foundation by honoring others. Ida LeTulle Taylor became a Paul Harris Fellow in 1978 when her husband, Vann Taylor, who was serving as a district governor, made a donation in her name in honor of their 34th wedding anniversary. The gift also made her the 25,000th Paul Harris Fellow.

At the International Assembly in 1979, incoming RI President James Bomar challenged each Rotary club to make one non-Rotarian a Paul Harris Fellow. The Rotary Club of Pikesville, Maryland, USA, responded by making a donation in the name of Mother Teresa in 1980. The entertainer Pearl Bailey also became a Paul Harris Fellow through a joint effort of the Rotary clubs in Cape Cod, Massachusetts.

Many other notable figures have been named Paul Harris Fellows, including U.S. President Jimmy Carter, Russian President Boris Yeltsin, U.S. astronaut James Lovell, UN Secretary-General Javier Perez de Cuellar, and polio vaccine developer Jonas Salk.

The number of Paul Harris Fellows reached the 1 million mark in 2006.

The first Paul Harris Fellow medallion, left, and a later version. Various lapel and neck ribbons were used with this medallion throughout the years.

Left: The first men's lapel pin. Right: The second men's lapel pin.

Women's lapel pin, left, was used until 1997. In 1997, the Foundation standardized the designs of the medallion and lapel pin, using the same for men and women, right. Both bear the laurel wreath design of the Multiple Paul Harris Fellow pins and are still in use today.

Left: Introduced in 1984, the blue-stone Multiple Paul Harris Fellow pin recognizes additional donations up to \$6,000. Right: Red-stone Multiple Paul Harris Fellow pins were introduced in 1988 to bridge the gap between the blue five-stone pin and Major Donor recognition levels.

With your help, we can make lives better in your community and around the world

Why should I donate to The Rotary Foundation?

Giving works because Rotary works. We are proud that 90.8 percent of donations go straight to supporting our service projects.

How does The Rotary Foundation use donations?

Our 35,000 clubs carry out sustainable humanitarian service projects. Using donations like yours, we've wiped out 99 percent of all polio cases. Your donations train future peacemakers, support clean water, and strengthen local economies.

What impact can one donation have on the world?

It can save a life. A child can be protected from polio with as little as 60 cents. Our partners make your donation go even farther. For every \$1 Rotary commits to polio eradication, the Bill & Melinda Gates Foundation has committed \$2.

FOUR-WAY TEST

FOUR QUESTIONS – 24 WORDS

THE UNIQUE STEP-BY-STEP PROCESS

PROCESS TO ACHIEVE DESIRED OUTCOMES THAT ARE ETHICAL, FAIR AND BENEFICIAL TO ALL

IS IT THE **TRUTH**?

- Clarity
- Transparency
- Fact checking
- Ethical behaviour

That we do our homework to collect information and to apply critical thinking by asking questions to know the difference between facts, beliefs, assumptions, and opinions as well as know what we don't know.

IS IT **FAIR** TO ALL CONCERNED?

- Inclusion
- Empathy
- Acceptance
- Belonging
- Accountability

That we use empathy to see other points-of-view in the context of the problems to be solved and the goals to be reached.

WILL IT BUILD **GOODWILL** AND **BETTER FRIENDSHIPS**?

- Trust
- Do good
- Feel good
- Have fun

That the process is civil, and there is a feeling of respect and openness to ask the "dumb" question, they can lead to creative and innovative answers. Also, people prefer to work with people they like, respect and trust.

WILL IT BE **BENEFICIAL** TO ALL CONCERNED?

- What if scenarios
- Trade-offs
- Being creative and innovative
- Better decision making

That these are the conflict transformative answers and decisions that can lead to mutually satisfying solutions, that are sustainable and scalable. This can be an iterative process as we learn more from doing and continuously improving with time.

India

After heavy rains triggered flooding and landslides in India's northeastern state of Tripura in August, the Rotary Club of Agartala City and the Rotaract clubs of Agartala City and Agartala Central mobilized to help. The clubs set up relief camps providing food, clothing, health care, and medicines in Agartala, reaching 400 people. During a second phase, club members distributed groceries and sanitary pads among 125 families in a remote village that was devastated by the floods. "Villagers lost all their belongings. Farms and agricultural crops were destroyed," says Agartala Rotary club member Anannya Das. Rotary members also organized clinics in the region where patients could see pediatricians, eye specialists, dermatologists, and general practitioners, including Rotarian doctors.

A GREEN INITIATIVE: RC RAJKOT MIDTOWN'S MEGA TREE PLANTATION DRIVE

In a commendable move to combat climate change and improve air quality, RC Rajkot Midtown, in collaboration with Sadbhavna Charitable Trust, has launched an ambitious tree plantation drive that aims to plant an astounding 5,000 trees across the Rajkot District in Gujarat, India. This project, which commenced in July 2024, is expected to be completed by December 2024, and it promises a transformative impact on the environment and the local community.

The Power of 5,000 Trees

Every single tree has the potential to absorb approximately 30 kilograms of carbon dioxide annually. By planting 5,000 trees, this initiative will absorb an estimated 150,000 kilograms of carbon dioxide per year. Beyond this staggering statistic, the drive will also enhance biodiversity, mitigate urban heat islands, and create green spaces that improve mental and physical well-being of the local population. In essence, this is not just about planting trees but planting the seeds of a sustainable future.

Personal Connection Through Technology

What sets this project apart is the personal touch. Each tree planted will be named after a member of the Rotary District 3060, fostering a unique connection between individuals and the environment. The location of each tree will be shared with the respective Rotary members, enabling them to visit "their" tree and witness its growth over time. This innovative approach not only builds a sense of ownership and pride but also encourages long-term engagement with environmental conservation.

A Collaborative Effort for a Greener Tomorrow

The partnership between RC Rajkot Midtown and Sadbhavna Charitable Trust exemplifies the power of collective action. By pooling resources, expertise, and community networks, they have created a model that other organizations can emulate. This initiative is a shining example of how collaboration can drive meaningful change, especially when addressing global challenges like air pollution and climate change.

Environmental and Social Impact

Rajkot's air quality has been a growing concern, and this tree plantation drive is a step in the right direction. Trees act as natural air purifiers, removing pollutants and releasing oxygen, which directly improves air quality. Additionally, the project contributes to achieving global climate goals by offsetting carbon emissions. On a social level, the project inspires community involvement and educates people about the importance of sustainability. Planting trees and monitoring their growth also strengthens the bond between humans and nature, a connection that is increasingly vital in today's urbanized world.

A Legacy of Sustainability

As the year progresses, the Rotary members involved in this project will not only see the growth of 5,000 trees but also the growth of a legacy that will benefit future generations. The trees will symbolize hope, resilience, and commitment to the environment. By December 2024, when the final tree will be planted, the Rajkot District will be greener and a beacon of what is achievable when communities come together for a common cause.

Conclusion

RC Rajkot Midtown's mega tree plantation drive is more than just an environmental project; it's a movement towards a healthier, greener, and more sustainable future. With 5,000 trees and the involvement of Rotary District 3060 members, this initiative has already begun making a difference. The benefits will not only be felt today but will resonate for decades to come, inspiring similar efforts across the globe. Together, let's applaud this initiative and take a leaf out of their book to create a world where progress and sustainability go hand in hand.

ફિઝિયોથેરાપી શું છે ?

- ફિઝિયોથેરાપી માં જુદા જુદા શરીરના ભાગોની સારવાર કરાય છે. લોકોને ઈજામાંથી પુનઃ પ્રાપ્ત કરવામાં, પીડાને દૂર કરવામાં, ભવિષ્યમાં થતી ઈજાને રોકવામાં અથવા લાંબી શારીરિક સમસ્યા અથવા સ્થિતીનો સામનો કરવામાં મદદ કરે છે.

ફિઝિયોથેરાપીના ફાયદા :

- શારીરિક પ્રવૃત્તિમાં સુધારો
- તીવ્ર પીડામાંથી રાહત આપે છે. (માનસિક તણાવ, કમર, ખભા, ગરદન, ઘૂંટણના દુઃખાવા માંથી રાહત આપે)
- ધા ઝુકાય છે.
- જૂના રોગોથી છુટકારો મળે છે.
- ઈજા અને શારીરિક અપંગતા સામે રક્ષણ આપે છે.
- ઈજા અટકાવવામાં મદદ કરે છે.
- પેરાલિસિસમાંથી રિકવરી મેળવવામાં મદદ કરે છે.
- બાળકોના માનસિક તથા શારીરિક વિકાસમાં મગજની ક્ષતિના લીધે થતી તકલીફો દૂર કરે છે.
- ગર્ભાવસ્થા દરમિયાન થતી તકલીફો દૂર કરે છે.
- શરીરને લવચિક તથા તાકાતવાળું બનાવે છે.

Our Ongoing Projects

Audiology & Speech Therapy Center

Club is running an Audiology & Speech Therapy at Deaf & Dumb School. This center is done under the Global Grant of Rotary Foundation & was supported by Rotary Club of Emory Durid Hills (Dist. 6900, USA) & RI Dist. 3060. The aim of this center is to provide diagnosis & treatment related to Deaf & Dumb community of nearby areas.

Bal Vatsalya Kendra

Our club has started a Bal Vatsalya Kendra in Amreli. Basically its a child development & educational training center for rural & slum area children.. We arraigned a care taker for this childrens and started this center on 22nd of Feb 2021. We are glad to see that on the very 1st day of this center, nearly 35 childrens were present and this figure is now increasing day by day. As of now there are 109 childrens coming to this center. Care taker trains these childrens on how to Brush teeth, taking Bath, Combing their Hair & Dressing, etc. This center is open daily from 8:30 to 11:30 in morning and a healthy meal is giving to all children which attract them for coming here. Our aim is to educate maximum children of slum areas. Recurring cost of around Rs.20000-25000/- is barred by club members and SBI-RSETI. By this project club is gaining public image in the lower class of the society.

Oxygen Bank

Club had started Oxygen Bank during the 2nd wave of Covid-19 for the needy patients at refundable deposit basis. Club has total of 66 jumbo oxygen cylinders & 4 Oxygen Concentrator Machines. This was all gathered with help of local donors, who were impressed by our clubs activities and public image. As of now there are many patients in the city who requires an oxygen cylinder of their regular treatment. This project is now gaining faith & trustworthiness of the club and building a good public image in the society.

Our Ongoing Projects

Project Aadhar - Medical Equipment

Project Aadhar is a project in which our club provides Medical Equipment's to patients on a refundable deposit basis. This project was started on the Charter Installation of Club as a thought to serve the society from the very 1st day of the club. On an initial stage we filtered Medical Equipment's like Air Bed, Water Bed, Toilet Chair, Walking Stand & Sticks, Medical Beds, ect. and approached many local donors to donate for this cause. The total amount of these equipment's was around 1.50 Lakhs INR. Fortunately in a very short period of time our Donors agreed to give a handsome amount for this project. Club members fulfilled the remaining part of the amount and the project we started. This project is now having a vast effect on society and benefiting more than 15,000 beneficiaries till date thus helping the club build a better Public Image in the society.

Miyawaki Forest

Club has developed 2 Miyawaki Forests of 100 Sq. Mtr. each at Deaf & Dumb School Amreli. This method used for tree plantation is in self a innovative way and by this method we can plant more trees in a small area compared to our traditional planting method. While in this Miyawaki Forest method approx 350 trees can be planted in 100 Sq. Mt. area besides approx 80-100 trees by traditional method thus helping Rotarys new area of focus Environment. Among this, the plantation will be self sustainable after a period of 12 to 18 months where its takes a lot of efforts, precious care and time consuming in other methods. In this method we can select trees and plants depending on surrounding environment thus helping in creating a better place to live for birds.

Rotary Library at Anandgram Village Devaliya

Rotary Amreli Gir is running a Rotary Library at Anandgram Village Devaliya. This library is open for all at no cost for the students, children as well adults of the entire village who wish to expand their knowledge. This library contains more than 350 books. This project has helped the club in growing the public image of the Rotary.

FIVE AVENUES OF SERVICE

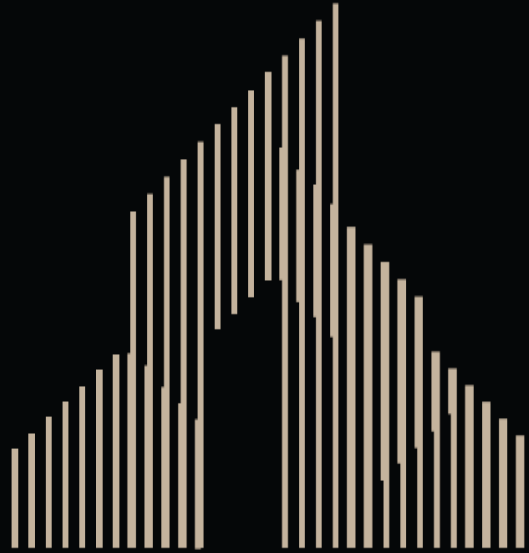

Rotary's five Avenues of Service are the philosophical and practical framework to undertake balanced activities by a Rotary club.

1. **CLUB SERVICE: The First Avenue of Service** is like foundation of a 5-story building. It helps the club to function successfully and become a vibrant club. Good Governance, Cordial Fellowship, Effective Programs, Activities & Projects under all other avenues are possible in a strong & effective club.
2. **VOCATIONAL SERVICE: The Second Avenue of Service** aims at promoting high ethical standards in businesses and professions. It encourages members to conduct themselves and their businesses in accordance with Rotary's principles and lending their vocational skills to club developed projects in order to address the issues and needs of society. Every Rotarian is a connecting link between the ideals of Rotary and his/her trade/profession. Rotarians are expected to consider their vocation as an opportunity to serve society.
3. **COMMUNITY SERVICE: The Third Avenue of Service** often called as 'Heartbeat of Rotary', it focuses on efforts that members make, sometimes in conjunction with others, to improve the quality of life of those who living in the community. We identify problems facing the society & its people and find ways to improve quality of life for people in our community. By serving others, we bring happiness to others and to our self. We serve others to make this planet a better place to live.
4. **INTERNATIONAL SERVICE: The Fourth Avenue of Service** comprises of activities undertaken to advance international understanding, goodwill, and positive peace by fostering acquaintance with people of other countries, their cultures, customs and problems. The opportunity to serve at the International level lies in the club itself. We design our International Service Projects to meet the humanitarian needs of people across the globe.
5. **YOUTH SERVICE: The Fifth Avenue of Service** focuses on transformation of youth and young adults through leadership development activities, involvement in community and international service projects. Future of the world is children and to have a better world, we need to invest in its future. If we cannot build a better future for our youth, we can build our youth for a better future. Rotarians create opportunities and offer various programs for youth. Youth Service emphasises on the philosophy of "Every Rotarian an Example to Youth".

Each avenue of service falls under a director duly elected in the club Board of Directors. Clubs should group various club committees under these five avenues of service. Committees under a specific avenue of service are answerable to the Director of that service.
