## ROTARY PRESIDENT 2024-25 RTN STEPHANIE URCHICK MESSAGE

### SEPTEMBER 2024

**RTN STEPHANIE URCHICK**  
**President 2024-25**

The *Magic of Rotary* is belonging, and it's a feeling that can appear when you least expect it.

Earlier this year, I was in Slovakia serving as a president's representative during a six-week trip through Europe. When I wrote to Katarina Cechova, governor of District 2240 at the time, I mentioned that my grandmother Veronica Zilka grew up in a small village in the area before settling in the U.S.

It wasn't long before Cechova tracked down my grandmother's village, Jakubova Vol'a. She even organized a visit for me, where I received an unforgettable Slovakian welcome.

When I entered the community center of Jakubova Vol'a, a small crowd of people dressed in traditional Slovakian clothing greeted me. They sang with beautiful and powerful Central European voices that reminded me of my grandmother.

A lot of families play cards or games when they get together. When I was young, my father would pick up his accordion and lead my family in song. My grandmother would sing along with her impressive voice.

When I walked into the community center and heard traditional music from my childhood — when I saw a woman play the accordion the way my dad played — I suddenly felt like a little girl sitting at my grandmother's house in Monessen, Pennsylvania. I burst into tears of joy at the memories.

When I walked into the community center and heard traditional music from my childhood — when I saw a woman play the accordion the way my dad played — I suddenly felt like a little girl sitting at my grandmother's house in Monessen, Pennsylvania. I burst into tears of joy at the memories.

But the magic didn't stop there. District Governor Cechova really outdid herself. A local genealogist worked with a videographer to make a short film about my grandmother. We watched the video together in the community center.

When the video ended, I turned around and saw a man standing in the back of the room. I quickly learned that this stranger, Frantisek Zilka, was my second cousin. His grandmother and mine had been sisters. I felt like I had been struck by lightning.

I visited my newfound cousin's home, which happens to be the home where my grandmother was born. There, he shared old photographs I had never seen of my dad, my uncle, and my grandmother.

Since then, I can't stop thinking about my family of Rotary. When I refer to you as my family, I'm not just being kind. I really think of everyone in Rotary as my family. But I never would have imagined that my Rotary family would introduce me to long-lost personal family.

Sitting in that community center listening to traditional Slovakian music from my childhood filled me with joy and a profound sense of belonging. I am so grateful to District Governor Cechova and everyone who helped create that magical experience.

As members of Rotary, we have a unique opportunity to share the same magic with each other and with the world. I encourage you to consider how you can help spread that magic and ensure other members of your club — other members of our Rotary family — feel like they truly belong.

District Governor

Your support would enable us to make a tangible impact in our community, this would create a atmosphere wherein Rotarians and non Rotarians would come forward to donate to one of the most efficiently governed organisation in the world - The Rotary Foundation.

Dear Fellow Rotarians,

First of all, please accept my heartfelt gratitude for your generous contributions to The Rotary Foundation. Your support would enable us to make a tangible impact in our community, this would create a atmosphere wherein Rotarians and non Rotarians would come forward to donate to one of the most efficiently governed organisation in the world - The Rotary Foundation.

Our initiative for Blood Detection Camp in school has been welcomed by all the clubs and we have been able to detect blood group of around 8000 students. We have given them a card mentioning their blood group with the Rotary logo on it and thus through this initiative we have been able to reach 8000 families.

This month, one of our MSP has been difficult for many to execute but its a need of the society and also our responsibility to take Rotary to non Rotarian and tell our story and share our good work with them. Organising health camps for non Rotarian at public places, malls, work places, to measure sugar, weight and other important parameters of our body for preventive measures would compliment our endeavour to take Rotary to non Rotarians.

As we move forward, our focus remains on Basic Education and Literacy. We're committed to educating 10,000 adults, empowering them to improve their lives, families and communities. Your contributions are instrumental in making this vision a reality.

In addition to our service projects, I'm excited to share that we're prioritising two key areas:

**1. Strengthening of clubs** : we're working to enhance our club's capacity, ensuring we're equipped to tackle even more ambitious projects and also improve our engagement of members.

**2. Increasing lady members** : we're dedicated to boosting female membership, fostering a more inclusive and diverse Rotary family.

Thank you for your unwavering commitment to our shared values. Together, let's continue to create lasting change and inspire others to join us in service.

Tushar V. Shah  
District Governor

This achievement wouldn't have been possible without the dedication and hard work of government officials and ground level workers our team members, and the support of our partners. We are grateful for the recognition and look forward to continuing our efforts to make a positive impact in the lives of many more children.

Thank you, DDO Puspallata Madam, for acknowledging our efforts!

TAKE ACTION : Join Rotary, Get Involved

### Supporting Education

Worldwide, 67 million children have no access to education, and more than 775 million people over the age of 15 are illiterate. Our members support educational projects that provide technology, teacher training, vocational training teams, student meal programs, and low-cost textbooks to communities. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

# Rotary Welcomes Women: ' A Journey to Inclusivity

From 1905 until the 1980s, women were denied membership in Rotary. However, Rotarian spouses, like Paul Harris's wife Jean, were often part of the "Inner Wheel" clubs (an association for Rotarians spouses) and played significant roles. Despite these contributions, women were officially excluded until the RC of Duarte, California, admitted three women in 1976. This led to a landmark 1987 U.S. Supreme Court decision that forced RI to remove gender restrictions, allowing women to join Rotary clubs worldwide.

Sylvia Whitlock of RC Duarte became the first female club president in 1987. Today, women make up 22% of RI membership. Notably, Jennifer Jones became the first lady President of Rotary International, followed by Stephanie Urchick in the current year. RID 3060 had its first female District Governor, Pinky Patel, in 2018-19. The change in the Rotary motto, 2004, from "He profits most who serves best" to "They profit most who serve best" reflects this inclusive shift.

The advantages of having woman members are:

- 1. Different Ideas** : Women think differently and bring new ideas.
- 2. More Members** : Allowing women means more people can join.

## 2. Leadership Representation :

- 3,683 Rotaract Club Presidents
- 11,195 Rotary Club Presidents
- 142 District Governors
- 124 Presidential Appointees
- 59 regional leaders

## 3. Leadership by Age :

69% of DG's are over 60 years old, which poses a challenge for younger members seeking leadership roles

## 4. Regional Leadership :

- Latin America: 33% women Rotarians
- Great Britain & Ireland: 20% women Rotarians
- USA, Canada, & Caribbean: 34% women Rotarians
- Asia: 18% women Rotarians
- Australia, New Zealand, & Pacific Islands: 30% women Rotarians

- 3. Better Representation** : Clubs look more like the real community.
- 4. Better Projects** : Different people working together make better projects.
- 5. New Connections** : Women can bring new friends and contacts.
- 6. Strong Leaders** : Women can be great leaders and help the club.
- 7. Welcoming Image** : The club seems more welcoming and modern.
- 8. Varied Skills** : Women have different skills that help the club.
- 9. More Funds** : Different members can find more ways to raise money.
- 10. Support for Women** : Women in the club can help with women's issues.

## 1. Gender Parity in Membership :

- Rotaract has achieved gender parity.
- Rotary projected to achieve gender parity by 2050 if current trends continue. 26% of Rotary members are women (1% increase since last year)

## 5. Challenges and Steps Forward :

- Encouraging more inclusive networks and removing barriers to leadership for women and younger members.
- Making leadership roles more manageable and appealing to a broader range of members.
- In India, there are 6 lady DG's in 42 Rotary districts. On average, 16% of Rotarians in India are women. RID 3060 has 103 clubs, with 16% lady members, 27 women club Presidents/Secretaries, along with women holding District leadership roles. RC Dhule Femina was the first all-women Rotary Club in 3060.

There is need to increase the number of women members and we should not hesitate to welcome more women into Rotary. Together we can make Rotary stronger and more vibrant.

In a world where the clamor of conflict often drowns out the gentle whispers of nature, finding peace begins with reconnecting to the Earth. The planet is not just our home; it is a living, breathing entity that sustains us.

True peace blossoms when humanity stands united, not just with each other, but with the Earth itself, embracing the interconnectedness that binds all life together.
