FOUR-WAY TEST

Good decisions don't just happen.

Ask yourself these 4 questions:

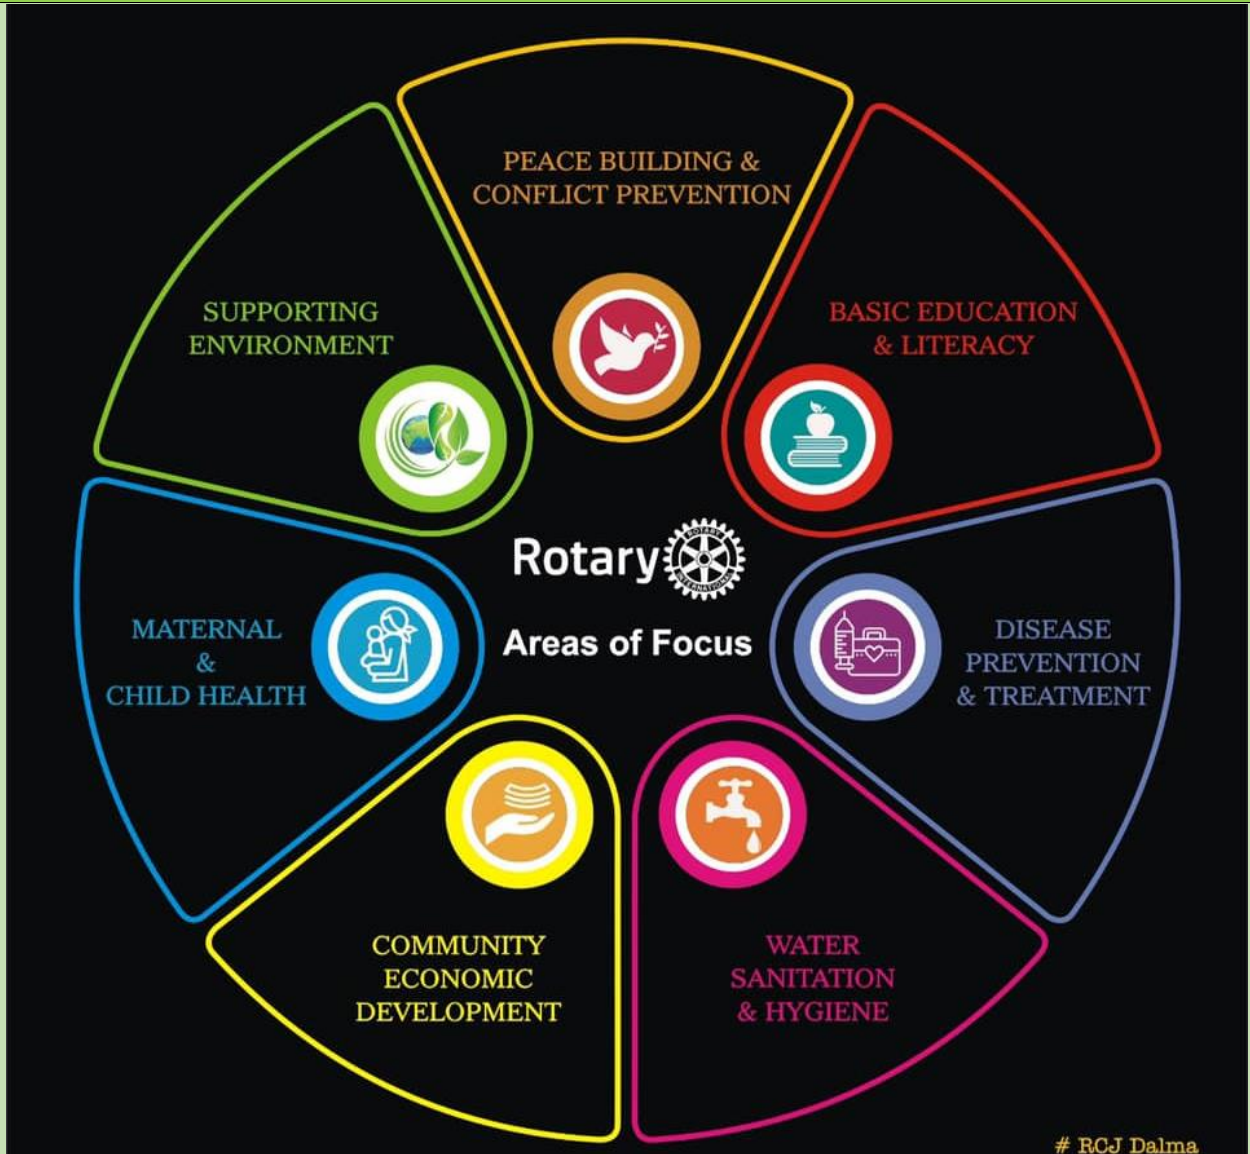

1. Is it the TRUTH
2. Is it FAIR to All Concerned?
3. Will it build GOODWILL and Better Friendships?
4. Will it be BENEFICIAL to All Concerned?

THE ROTARY 4-WAY TEST

ABOUT THE FOUNDER

PAUL HARRIS

Rotary started with the vision of one man — **Paul Harris**

After setting up his law practice in Chicago, Harris gathered several business associates to discuss the idea of forming an organization for local professionals. He envisioned a place where professionals of diverse backgrounds could exchange ideas and form meaningful, lifelong friendships.

On 23 February 1905, Harris, Gustavus Loehr, Silvester Schiele, and Hiram Shorey gathered at Loehr's office in Room 711 of the Unity Building in downtown Chicago. This was the first Rotary club meeting.

"I was sure that there must be many other young men who had come from farms and small villages to establish themselves in Chicago ... Why not bring them together? If others were longing for fellowship as I was, something would come of it."

In February 1907, Harris was elected the third president of the Rotary Club of Chicago, a position he held until the fall of 1908. Toward the end of his club presidency, Harris worked to expand Rotary beyond Chicago. Some club members resisted, not wanting to take on the additional financial burden. But Harris persisted and by 1910 Rotary had expanded to several other major U.S. cities.

Harris died on 27 January 1947 in Chicago at age 78 after a prolonged illness.

His death prompted an outpouring of contributions from around the world and his name continues to evoke the passion and support of Rotarians and friends of Rotary.

Harris was born on 19 April 1868 in Racine, Wisconsin, USA. At age 3 (in the pic), he moved to Wallingford, Vermont, where he grew up in the care of his paternal grandparents. He attended the University of Vermont and Princeton University and received his law degree from the University of Iowa in 1891.

In 1896, Harris settled in Chicago and opened a law practice. Four years later, he met fellow attorney Bob Frank for dinner on Chicago's North Side. They walked around the area, stopping at shops along the way. Harris was impressed that Frank was friendly with many of the shopkeepers. He had not seen this kind of camaraderie among businessmen since moving to Chicago and wondered if there was a way to channel it, because it reminded him of growing up in Wallingford.

"The thought persisted that I was experiencing only what had happened to hundreds, perhaps thousands, of others in the great city. ... I was sure that there must be many other young men who had come from farms and small villages to establish themselves in Chicago. ... Why not bring them together? If others were longing for fellowship as I was, something would come of it."

Jean and Paul Harris board a ship after visiting Rotary members in Bermuda, 1925. (in the pic)

Harris eventually persuaded several business associates to discuss the idea of forming an organization for local professionals. On 23 February 1905, Harris, Gustavus Loehr, Silvester Schiele, and Hiram Shorey gathered at Loehr's office in downtown Chicago for what would become known as the first Rotary club meeting.

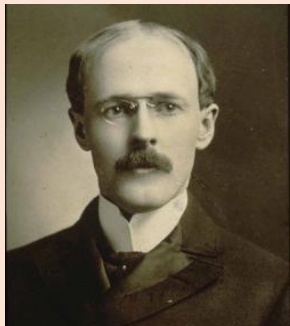

In February 1907, Harris was elected the third president of the Rotary Club of Chicago. Toward the end of his presidency, he worked to expand Rotary beyond the city. Some club members resisted, not wanting to take on the additional financial burden. But Harris persisted, and by 1910, Rotary had expanded to several other major U.S. cities.

Harris recognized the need to form a national association with an executive board of directors. In August 1910, Rotarians held their first national convention in Chicago, where the 16 existing clubs unified as the National Association of Rotary Clubs (now Rotary International). The new association unanimously elected Harris as its president.

At the end of his second term as Rotary president, Harris resigned, citing ill health and the demands of his professional practice and personal life. He was elected president emeritus by convention action, a title he held until his death.

Harris died on 27 January 1947 in Chicago at age 78, after a prolonged illness. Before his death, he made it known that he preferred contributions to The Rotary Foundation in lieu of flowers. By coincidence, days before he died, Rotary leaders had committed to a major fundraising effort for the Foundation.

Upon news of his death, Rotary created the Paul Harris Memorial Fund as a way to solicit these donations. Rotarians were encouraged to commemorate the late founder of Rotary by contributing to the fund, which would be used for purposes dear to Harris' heart. In the 18 months following his death, The Rotary Foundation received \$1.3 million, which helped support the Foundation's first program — scholarships for graduate study abroad.

"Rotarianism is a step in the evolution of humanity and in the emancipation of man from the exactions of unceasing servitude to the interests of self." - Paul Harris

"Don't fail to inventory your smiles. They are great assets, and stand in the same relation to success that frowns do to failure." - Paul Harris

Before he died, Rotary founder Paul Harris requested that memorial donations, in lieu of flowers, be made to The Rotary Foundation to support education.

MESSAGE FROM THE EDITORS

Season's Greetings and Happy Georgian New Year!!!

We are pleased to submit this Newsletter on the last day of 2020, which had been very eventful.

We all at Rotary Club of Chikhli River Front are new to Rotary and it is our duty to inform you what Rotary is all about and also what activities the Rotary is doing.

Rotary Foundation is involved in most of the countries in the world, doing work for the Mankind and Environment like, Polio Eradication, Disaster Management, District Grants, Health, Hunger and Humanity (3-H) Program, Scholarships, Youth Exchange Programs, Other Educational Programs, Community Programs, Fellowships, Fulfilling the requirements of the Community as per need of the time.

The works are enormous and cannot be covered in few pages but the main attraction of this Bulletin is OCV was held on 11 December 2020 which will be in the coming pages. But we have tried our best to make this issue readable and enjoyable with information which will give you details of work we do.

With Best Wishes to all of you throughout 2021.

- Rtn Hassan Mayet & Rtn Swetal Desai

*May the New Year bring Happiness, Joy, Peace,
Prosperity and Good Health!!!*

WISH YOU A VERY HAPPY AND PROSPEROUS NEW YEAR

January 2021 Message from Rotary International President Rtn. Holger Knaack

January is finally here. As we look forward to 2021, our thinking doesn't have to stop at the end of these 365 days. Are you thinking ahead about what you will be doing in 2022, 2023, and beyond?

We cannot foresee the future, but we can steer ourselves where we want to go. I think it is important that every Rotary club hold a strategic meeting at least once a year. Past RI Director Greg Yank, who has a lot of experience working with clubs on their plans, shares his viewpoint.

A famous aphorism states, "By failing to prepare, you are preparing to fail." Planning is essential to achieving success in all areas of life, including Rotary, and we're getting better at it every year.

Strategic planning for Rotary clubs works. I have helped many clubs find that pathway by working with them to build what I call a blueprint, a multiyear plan that answers the fundamental question: "What is our vision for our club?" The best plans I have seen are those that are focused, when a club concentrates its resources on the best opportunities it has. Your Rotary club cannot be all things to its members and to the community it serves; it has limited human, financial, and time resources. A successful plan factors in assets and limitations to chart the desired pathway for your members.

Begin building a multiyear strategic plan by brainstorming with your club, asking, "What are our initiatives and priorities for the next two to three years?" Document your answers using action-oriented language that is specific, concrete, and measurable about the goals you want to achieve.

Next, narrow down your initiatives to a core set of three to five priorities. Your club will then develop specific objectives for each initiative, outlining who will be involved, key milestones of achievement, how progress will be tracked, and a timeline for completion. Keep your plan short and simple.

Then go out and do it. Review the progress you make toward accomplishing the initiatives, and revise as needed at least once a year. Rotary has a solid template to assist clubs in their planning, which you can find at my.rotary.org/en/document/strategic-planning-guide.

We want to enrich and enliven our clubs with new discussions and ideas. But how do we attract the diverse professionals, from different backgrounds, ages, and experiences, who are all driven by as strong a sense of integrity as we are?

Through strategic planning, we explore this question to define the very nature of our club and the value it offers to its members and to the community. Each club is different, and each club's value will be unique. During the planning process, clubs may also find that some of the activities they used to do are no longer relevant or attractive.

Once your club makes a strategic plan, it's time to take action and carry out the necessary changes. When we do that — as we engage members in vibrant and active clubs that not only have fun but also serve their communities with projects that have real and lasting impact — our clubs grow stronger. And when we discover what makes our own clubs unique and build upon those core values in all our efforts, *Rotary Opens Opportunities* to enrich the lives of everyone.

DISTRICT GOVERNOR'S MESSAGE

Dear Rotarian Friends
Happy New Year.....

Let's forget about the difficulties which we have faced last year and welcome the new opportunity
Wishing you all peace and prosperity for the next year.

Friends if we talk about Rotary year 2020-21 so we have already completed 5 months and during our journey I have seen that so many clubs have done tremendous work but still more than 40 clubs are such who have done only 10 projects till date, I want to insist and push them to become more active during this pandemic situation, Society needs our help and to fulfil it is each Rotarian's responsibility

As we all are connected with various profession and working with many other fields too. I want to say that, Rotary should also start its activities along with proper measures such as wearing masks, using sanitiser, keeping distance while working and help the society

I want to aware team Pinnacle and Rotarians of the District 3060 that we have work three times harder than what we have done in last 5 months, and I am very confident about you all that you can do it.

In membership we have increased our strength by adding 345 new members till date, our target is 700 more. We have inducted 4 new clubs and for that all members are dedicatedly working, one AG one new club is my target and I have given it to all AG's and I am happy that every AG and their team is trying for this. For Membership development, District membership chair Amardeepsingh Bunet is working really hard. For TRF, target is very high but as we have decide that if each member can contribute 25 USD (1850/-₹) we can reach at this target and it is very important for this that each club's presidents are committed, our DRFC Ashish Ajmera is giving his best efforts for it.

For District grants we have decided to give sewing machine and we have received good response from our clubs , Dialysis machine and Digital x- ray machines are also coming.

Under WINS project we have made hand wash station and we have already started to deliver it. If any one wants to inquire regarding Hand wash station, please contact Rtn Mitesh Bhatt. I would like to congratulate all those clubs who have performed well in service projects and have been recognised in the top 5 clubs , I wish that all these clubs will continue with the same spirit and enthusiasm and keep maintaining their position ,my best wishes for you. We are at first rank in zone 4 since last 5 months and in India since last 2 months, it's really great and all credit goes to all of you and your dedication, I am very much confident that we will maintain it in future too.

Election for the District Governor Nominee 2023-24 is declared, As per RI Guideline this election will be done by online E-Voting, please note that.

Think Big - Believe Big - Act Big
And the result will be Big

-Prashant Jani
District Governor

Just imagine . . .
doing good in the world.

Rotarians do.

MESSAGE FROM THE PRESIDENT

New Year Greetings Rotarian Friends and Family Members,

It gives us immense pleasure to publish this Bulletin which is to commemorate the end of 2020 and the beginning of a new year 2021.

A popular saying, "If you can dream it, you can do it". But first, you must hold the dream and remain focused on what is desired. Rotary provides many Rotarians the means to accomplish their dreams. Rotarians often find a particular program which becomes a passion.

COVID-19 Pandemic: are times when organisations' core values are tested, and during this horrific pandemic Rotarians proved Rotary's central motto — Service Above Self — is more than mere words.

Be yourself. Dismiss superfluous advice that seeks to change who you are. As a Rotarian, you have your own special skills and talent, education and grasp of important issues. Remain your own person to spread cheer in the world.

We at RCCRF have continued working during the pandemic and have never looked back. By the time this issue reaches you we may have performed more than 80 service projects, which itself is a major achievement.

On 11th December 2020, District Governor paid Official Club Visit and was fully satisfied with the works we were doing.

It is with great pleasure to inform you that our Global Grant for Mobile Cancer Detection Unit has been approved by Rotary Foundation and we shall soon be serving the population with Free Cancer Check-up.

We also were able to donate iBreastExam Device to detect lump in the breast to Alipore Hospital which will be used in the Proposed Mobile Cancer Detection Unit during Camps.

Although the Year 2020 was full of difficult times, with the kind co-operation and support from all my Rotary Team Members, we were able to perform more than 80 service projects since my installation (July 2020), which itself is a major achievement.

We shall need continued co-operation of all the Rotarians and Clubs to make this Project a very big success and try our best to save lives.

HAPPY NEW YEAR TO ALL OF YOU

Yours sincerely
HASSAN ISMAIL MAYET
PRESIDENT 2020-21

The 4-Way Test *of things we do and say:*

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

GUIDING PRINCIPLES – The 4-Way Test

For more than 100 years, our guiding principles have been the foundation upon which our values and tradition stand.

The Four-Way Test, Object of Rotary, and the Avenues of Service express our commitment to service, fellowship, diversity, integrity, and leadership.

The Four-Way Test is a nonpartisan and non-sectarian ethical guide for Rotarians to use for their personal and professional relationships. The second tenet of the Four-Way Test, "Is it fair to all concerned", serves as a beacon to Rotarians worldwide.

ROTARY MOTTO: SERVICE ABOVE SELF

Basic Education & Literacy

Maternal & Child Health

Peace & Conflict Prevention/Resolution

Disease Prevention & Treatment

Water, Sanitation & Hygiene

Community & Economic Development

Support the Environment

AREAS OF FOCUS

We direct our efforts in Seven Areas to enhance our local and global impact. Our most successful and sustainable projects and activities tend to fall within the following areas:

- Basic Education & Literacy
- Mother & Child Health
- Peace & Conflict Prevention /Resolution
- Disease Prevention & Treatment
- Water, Sanitation & Hygiene
- Community & Economic Development
- Support the Environment

OUR MISSION

We provide service to others, promote integrity, and advance world understanding, goodwill, and peace through our fellowship of business, professional, and community leaders.

VISION STATEMENT

Together, we see a world where people unite and take action to create lasting change — across the globe, in our communities, and in ourselves.

WE WORK DIFFERENTLY

We see Differently: Our multidisciplinary perspective helps us see challenges in unique ways.

We think differently: We apply leadership and expertise to social issues — and find unique solutions.

We act responsibly: Our passion and perseverance create lasting change.

We make a difference at home and around the world: Our members can be found in your community and across the globe.

20 REASONS TO JOIN A ROTARY CLUB

- * Friendship
- * Business Development
- * Personal Growth
- * Leadership Development
- * Citizenship in the Community
- * Continuing Education
- * Fun
- * Public Speaking Skill
- * Citizenship in the world
- * Assistance when traveling

**JOIN ROTARY
MAKE A DIFFERENCE

DISTRICT GOVERNOR'S OFFICIAL CLUB VISIT – 11 DECEMBER 2020

A STEP TOWARDS CANCER DETECTION WORKS

Early Detection. For All.

On behalf of Rotary Club of Chikhli River Front, We express our sincere gratitude to Jitu Patel of Ghej Beed (ધેજ) now residing in USA, for generously donating \$10275 for one iBreast Exam Solution (IBE) Scanner Sensor Device which can detect lump inside the breast and this early detection of lump can prevent the threat of breast cancer without pain and radiation at Alipore Hospital. Once our Cancer Detection Mobile Unit start operating, we will be performing this test during the camps at various sites. We also appreciate Jayeshbhai Patel Tighra (USA) for helping us in bringing smiles of millions of rural and tribal people.

Delegates from RC Chikhli River Front & Gandevi and Rotary Eye Institute join to receive the delivery of iBreastExam Machine. The Female Rotarians, namely Rtn Hemlataben Patel and Rtn. Neha Desai participated in the 2-Day-Training Session alongwith Gynaecologist, Drs and Nursing Staffs. Thank You Jayeshbhai Patel for this unique hi-tech Cancer Detection Device which is First in South Gujarat.

- ◆ Painless & Radiation Free
- ◆ Suitable for ladies after 25 yrs. of age
- ◆ Instant Results

iBreastExam - Sample Report Testing of the Lump in the Breast has become Essential

ABOUT BREAST CANCER:

A cancer that develops in the breast cells and progresses in stages.

- Common (More than 10 lakh cases per year in India)
- Treatment from medical professional advised
- Often requires lab test or imaging
- Can last several months or years
- Common for ages 50 and older
- More common in females
- Family history may increase likelihood

SYMPTOMS

- A lump or mass in the breast that feels different from the surrounding tissue
- Change in the shape, size, or appearance of the breast
- Breast rash
- Changes in the skin over the breast, for example, dimpling
- Breast pain
- Inverted or pulling-in of the nipple
- Scaling, peeling, or flaking skin over the breast, particularly the dark area around the nipple

- Redness and/or pitting of the breast skin, resembling the skin of an orange
- Discharge from the nipple

CAUSES

- The exact cause is not known, but may include:
- Family history
- Hormonal changes
- Growing age
- Ethnicity: Hispanic, Black, Asian and Pacific Islander women are at increased risk
- Personal history of breast cancer: A cancer in one breast increases the chances of having cancer in the other breast
- Lifestyle, including alcohol consumption
- Environmental factors, including exposure to radiations
- Obesity and over weight
- Menarche: Having periods at a younger age and menopause at an older age
- Pregnancy: Becoming pregnant at an older age or never being pregnant
- Hormone use, including long-term contraceptive use or postmenopausal hormone therapy

Intelligent Breast Exam Clinical Study

Journal of the American College of Surgeons, June 2013
Volume 216, Issue 6, Pages 1168-1173, June 2013

[Link to Publication](#)

Conclusions: PEF identified abnormalities in all 39 patients who presented with breast abnormalities and did not demonstrate any false negatives that would prevent the patients from further evaluation, which made it a good pre-screening tool. Moreover, PEF demonstrated 100% sensitivity in women aged 40 or younger, a traditionally low risk population.

	PEF identified	Sensitivity	Malignancy	Sensitivity
All lesions	40/46	87	12/15	80%
Palpable lesions	28/32	87.5	10/11	91%
Mammogram visible	24/29	83%	9/12	75%
U/S visible	34/39	87%	11/13	85%

PREVENTION

- Preventive surgery may be recommended in women with high risk
- To reduce the risk of developing cancer, get the pre-screening done

BREAST CANCER SIGNS AND SYMPTOMS

Sometimes there are no symptoms of breast cancer in its early stages. However, talk to your doctor as soon as possible if you notice anything unusual such as:

- Any lump, thickening or swelling in the breast or armpit
- Clear or bloody discharge from the nipple
- Pain or persistent tenderness of the breast, nipple or armpit
- Change in size or shape of the breast or nipple
- Inverted or flat nipple
- Scaly, red, swollen or dimpled skin around the breast or nipple

SOON COMING CANCER DETECTION MOBILE UNIT

Soon to be our reality!

MOBILE CANCER DETECTION UNIT

Due to your prayers we have received donation for Mobile Cancer Van (Estimated Project Cost: Rs. 1.30 Crore). This Global Grant from Rotary Foundation is a novel Grant with more than 20 partners involved. Rotary Club of Chikhli River Front and Rotary Club of Gandevi are the Primary Host Clubs.

WITH MOBILE UNIT, MORE PEOPLE CAN BECOME SURVIVORS OF CANCER INSTEAD OF BECOMING VICTIMS.

Early Detection Saves Lives

We, at RC Chikhli in association with RC Gandevi plan to develop a unique Mobile Cancer Detection Unit which shall have in-house Multipara-Monitor, Haematology Analyser, Mammogram & X-Ray Equipment and Pap Smear Screening facility available, patients can get examined by a Para-Medical Team where several types of Cancer, namely- Oral, Throat, Breast, Lung, Cervix, and Prostate will be detected. Some types of cancer can be found before the symptoms start appearing, especially Cancers of Head and Neck, Breast and Cervix. Every individual needs to be fully aware of their health status and go for regular check-ups.

Have a Healthy Attitude!
Love yourself and live without regrets!

PROUD MOMENTS FOR RC CHIKHLI RIVER FRONT
PRESIDENT'S MESSAGE APPEARS ON GOVERNOR'S MONTHLY LETTER
DECEMBER 2020 ISSUE

PRESIDENT'S MESSAGE

My Feelings as a President of RC Chikhli River Front

Before 2018, Rotary was just a Club with lots of parties and events in my mind. But when I joined RC Chikhli River Front as a Charter Member, we all unanimously agreed with our President that there will be no Parties with Foods and Flowers but sheer work for the Welfare. My mindset changed that Rotary means hard work and effort to serve the Mankin and Environment which as an individual we all were doing it. But working together, we achieved even more.

Then came the Rotary Year 2020-21, I became President and first task was to induct as many members as we can and thanks to the good work during the previous year under our past president Rtn Swetal Desai, before installation we inducted 30 Members. Due to pandemic situation we had a slow start during this difficult time, but once we started working, we never looked back. By the mid-November, we had done around 45 service projects and plan to do more than 100 service projects during the year in association with our Local Project Partners. We built 3 houses for the homeless, distributed food kits for the widows and the underprivileged, organized blood donation camps, continued our permanent project works, felicitated Covid-19 warriors to cleaning up of River Front and works are still and counting. But the most prestigious project yet to come will be the Global Grant (GG) for Free Cancer Detection Mobile Unit Project for which our proposal is on the advance stage.

During this Project Proposal for GG, we found many clubs delegates support and at our District Level, I found them the most encouraging and co-operative. This is where I feel that I am proud to be a Rotarian. I run and manage few NGOs and have sought permission from them to work with our club as a Project Partner, and now our working together is itself an example.

With our members support and co-operation, united we stand policy we will prove to serve the motto of SERVICE ABOVE SELF in better way.

Rtn. Hassan Mayet
RC Chikhli River Front

THANKS

Thank you so much for your great support and constant efforts to create our beautiful TRF Fund Raising Gift "PRAHIT" Gift of life.
