ABOUT OUR NEW ROTARY INTERNATIONAL PRESIDENT – RTN SHEKHAR MEHTA

Over the years, I caught glimpses of Shekhar Mehta when he came to One Rotary Center in Evanston, Illinois, for Board of Directors meetings. I met him formally during one of the days of back-to-back meetings with various staff members that every incoming Rotary president participates in. During the session I attended, he was the most relaxed person in the room, despite being the only one suffering from jet lag. He was alert, patient, and asked perceptive questions — not surprising for someone as successful as he is in his professional and philanthropic life. I kept thinking that he was assessing each of us to see how we could be recruited to help him achieve his dreams for Rotary.

I was lucky to have met Shekhar in person back when we could meet in person. We are now well into the second year of the global COVID-19 pandemic, and as I write this, India is in the depths of a tragic outbreak. Rotary has had to make adjustments, but the business of Rotary goes on.

In a normal year, one of the Rotary editors would have travelled to Kolkata, where Shekhar lives with his wife, Rashi. We would have spent time with him, his family members, and his friends and fellow Rotarians, exploring how his upbringing and adulthood in India have shaped his perspective on life and on Rotary. This year, of course, no one was able to travel — so instead, we asked the people who know Shekhar best to tell us about him in their own words.

In the following pages, members of Shekhar’s family, some of his oldest friends, his personal assistant, and his presidential aide share anecdotes and talk about the man they know, in order to help Rotary members everywhere feel that they know him, too. Many of you will, of course, meet him yourselves — virtually, if not in person — over the course of the coming year.

Shekhar Mehta, a member of the Rotary Club of Calcutta-Mahanagar, has been a Rotarian since 1985. He trained as an accountant and founded a real estate development company, Skyline Group, which he also chairs. But his professional title tells only a small part of the story of who he is. He is also a director of the India arm of Operation Eyesight Universal, a Canada-based non-profit focused on preventing avoidable blindness. He helped establish more than 15 eye hospitals, in several Indian states, that together carry out nearly 50,000 surgeries each year. And he started Saving Little Hearts, a project that has facilitated more than 2,500 heart surgeries for children from India, Pakistan, Bangladesh, Nepal, and some African countries and that is now an India-wide program.

As you’ll read in these pages, he also has been actively involved in disaster relief work. Among other undertakings, he helped build 500 homes in the Andaman and Nicobar Islands after the 2004 Indian Ocean tsunami.

At the International Assembly this year, Shekhar talked about how he and some fellow Rotarians decided to start a local version of ShelterBox, a Rotarian-founded organization based in the UK. “We named it Shelter Kit and put 52 items of daily need in a large trunk,” he told the incoming district governors. “Over the last 15 years, in every major disaster in India, Indian Rotarians have volunteered to bring Shelter Kits to areas struck by disasters.” The program already has served about 75,000 people. Shekhar also served on the ShelterBox board of trustees.

And he is also the architect of the TEACH program, which aims to do nothing less than end illiteracy in India. (You’ll read more about this ambitious program in a future issue.) Although Shekhar is skilled in the business arts, he prefers to engage his other fluencies. He told me that, after so much studying and reading during his career, he now favours learning by talking to people. He added, “I hate accounting.” It all follows his belief that we would do well to think from our hearts as much as our minds.

JULY 2021 MESSAGE

I wish each of you and your families a great Rotary New Year! Together, let us make it the best year of our lives, by making it a year to grow more and do more. Let this be a year of changemakers, and let us begin with our membership.

That is precisely why the Each One, Bring One initiative is so important. During this year, I urge you to dream of new ways in which Rotary can expand its reach into your community and therefore the world. If each member introduces one person to Rotary, our membership can increase to 1.3 million by July 2022. So, let's just do it!

Imagine the change we, as Rotary members, can make when there are so many more of us! More people to care for others, more people to Serve to Change Lives. Think of the impact we can have through grow more, do more. More members will enable us to embark on bigger and bolder service projects. And each of us can also continue to serve in our own personal ways, responding to needs in our communities.

The beauty of Rotary is that service means different things to different people around the world. One element, however, that we can incorporate into all of our service initiatives is empowering girls. Unfortunately, even in this day and age, girls and young women face disproportionate challenges all over the world. We have the power to lead the charge for gender equality. Empowering girls and young women to have greater access to education, better health care, more employment, and equality in all walks of life should be embedded in every Rotary project we launch. Girls are future leaders, so we must ensure that we help them shape their future.

The biggest gift we are given Is the power to touch a life, →	To change, to make a difference In the circle of life →	If we can reach out With our hand, heart, and soul,
The magic will start to happen As the wheel begins to roll. →	Let's turn the wheel together So all humanity thrives, →	We have the power and the magic To <i>Serve to Change Lives</i> .

These are challenging times, and I compliment each of your efforts in grappling with COVID-19. No challenge is too big for Rotarians. The bigger the challenge, the more passionate the Rotarian. Look at what we can do when we take on a colossal challenge such as eradicating polio. Look at the millions of lives we improve by strengthening access to water, sanitation, and hygiene. Look at what we do every year to promote peace in places where it seems unimaginable. Our basic education and literacy programs have nation-building impact.

This year, let us challenge ourselves to do more such projects and programs that have national reach and impact. This year, let us Serve to Change Lives.

Shekhar Mehta
President 2021-22

DID YOU KNOW?

Mahatma Gandhi addressed Rotary Club of Calcutta which had only non-Indians on the rolls even then. The first Indian Rotarian, S.C.Rudra was inducted in Rotary Club of Calcutta in 1921. A.FM.Abdul Ali was the first Indian to adorn the collar of a club president.
