## Thought of the Month – Service Above Self

**The best way to find yourself is to lose yourself in the service of others."**

— Mahatma Gandhi

Service above self is not just a Rotary motto, but a way of life that brings deeper meaning and fulfilment. When we serve others selflessly, we discover the true essence of humanity. It reminds us that life's greatest purpose is not measured by what we achieve for ourselves, but by the positive difference we create in the lives of others.

As Rotarians, every project, every act of kindness, and every effort to uplift society reflects this noble principle. By dedicating our time, talent, and resources to the service of humanity, we build stronger communities and inspire others to follow the same path. This month, let us remember that true happiness is found not in receiving, but in giving.
