

SAGAR MANTHAN

From the President's Desk..

Rotary Greetings!

It is with great excitement that RC Sagar is commencing a monthly club newsletter this Rotary year 2025-26! This still young club has quietly been doing its bit for the society, and abiding by Rotary's ideals of fellowship and service. This year, the club takes a step towards making its voice heard across more distances, and shared vision of partnership through projects.

As the President, I have a vision to execute projects that are truly impactful, and ones where all club members are equally invested in! The joy of joint projects with other clubs makes the scope of each project that much bigger helping to cover more number of beneficiaries, and I look forward to collaborating with as many Clubs as possible! And the joint installation event was a testimony to just that!

Manthan is a Sanskrit word that means churning or stirring in the search of something better, and the importance of cooperation, perseverance, and selfless action. RC Sagar exemplifies this and we will strive to keep up this essence through our lives! Hence the newsletter name – Sagar Manthan.

Here's to a great Rotary year ahead and wishing all Sagar members a fun and enjoyable year too!
