Service in Rotary means extending assistance and social benefits to weaker section of community and help them to become economically self-sufficient. One element, however, that we must incorporate into all of our service initiatives is *empowering girls*. Unfortunately, even today, girls and young women face disproportionate challenges all over the world. We have the power to lead the charge for gender equality. Empowering girls and young women to have greater access to education, better healthcare, more employment, and equality in all walks of life should be embedded in every Rotary project we launch. Girls are future leaders, so we must ensure that we help them shape their future.

*From President's desk...*

October is the festive month in Bengal. We ensured that our students of adult literacy centre celebrate Durga puja with new dress. We joined in bike rally organised together with other rotary clubs of Durgapur to observe World Polio Day on 24<sup>th</sup> and to spread awareness in the community. We have planned several programmes for betterment of community in the coming months like blood donation camps, environment related initiatives, providing bio toilets to school etc.
