From Editor's desk...

September is the Basic Education & Literacy month. Worldwide, 67 million children have no access to education, and more than 775 million people over the age of 15 are illiterate. We, as Rotarians are committed to support educational projects that provide technology, teacher training, vocational training teams, student meal programs, and low-cost textbooks to communities. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

From President's desk...

We conducted survey in 10 primary schools and nominated 10 teachers throughout the well designed process by RILM for Nation Builder Award. They were felicitated in a well arranged programme on 6th Sept.

Our Adult literacy class is being continued and we arranged for new dresses for our students in the beginning of festive season Durga Puja.
