MESSAGES

RI President

Francesco Arezzo

RI President 2025-26

August is Membership Month, but our commitment to growth and connection is year-round. When we focus on growing Rotary, we grow our ability to serve, to lead, and to bring lasting change.

Membership growth isn't just about numbers. It's about opening doors. It's about

inviting more people who are ready to give their time, talents, and hearts to a cause greater than themselves. When we welcome new members, we bring in fresh ideas and new energy. We expand our impact, strengthen our clubs, and ensure that Rotary continues to evolve with the world around us.

Remember, there is now great flexibility in fashioning nontraditional club models. I'm inspired when I see these innovative clubs thrive by offering new and prospective members more ways to connect and serve.

In Korea, the growth of satellite clubs has created opportunities for nearly 1,000 new members to find their place in Rotary. In Romania, the close collaboration between Rotarians, Rotaractors, and Interactors has built a pipeline of future leaders. In India, some Rotarians gather around a shared interest whether it's professional development or a passion for service and those connections deepen their commitment and their joy in being part of Rotary. And we've seen cause-based clubs thrive in regions as diverse as Southeast Asia, Africa, and Europe.

There's a common thread: Where clubs are growing, membership is a priority and there is a willingness to try something new. Rotary is not limited to one structure or tradition. We are a global network of people of action, and that means there is room for many kinds of clubs, many ways to serve, and many paths into our organization.

This spirit of innovation is also guiding our efforts to reach new communities. In places where there has never been a Rotary club or where a club once existed and faded Rotarians are finding ways to grow Rotary. They are identifying areas of potential and building clubs that reflect the character and needs of their communities.

Every member plays a part in this journey. Whether you introduce a friend to your club, support a new meeting format, reconnect with program alumni, or simply share your Rotary story, you are helping our organization grow stronger and more vibrant.

No one owns a Rotary club. It is a gift we pass on to the next generation. When we nurture that gift, when we invite others to share in it, we ensure that Rotary continues to be a force for good.

Let's prioritize membership growth not just in August but every month of the year. Together, through friendship, creativity, and shared purpose, we will grow Rotary and Unite for Good.

President

Dear fellow Rotarians, warmest Greetings to all. With heartfull of gratitude I extent my sincere thanks to all, for your assistance cooperation and participation in the previous month.

The second edition of our 'Parrolines' has reached you. I congratulate Bulletin editor TA Rajeevan for his commitment and effort in accurately delivering this to you.

The first month of the Rotary year, July has passed. Last month we have successfully conducted many projects and programs focused on our theme "maternity and child health". I am expressing my heartfelt gratitude to you for your support.

August is Rotay's Membership month. Every movement will grow only if committed and active members join with the organisation. Some new members join with our Rotay payyanur family this month. I use this opportunity to warmly welcome them.

I also extend my heartfelt advance Onam wishes to all my fellow Rotarians.

President

Rtn. P. Surendran.

The Editor's Take

Greetings to all of you.

The second edition of our parallines is with you.

"Karkkidakam" is considered as a sacred period in Kerala, particularly for spiritual growth and renewal. People often engage in spiritual practices,

like Ramayana recitation and prayer. It is believed to be an auspicious time for self-reflection and seeking divine blessings. The month is associated with both challenges and spiritual rejuvenation, making it unique and significant for a Malayalee. May the almighty shower all the blessings on us , and help us stand healthy to serve the people around us.

It is with profound sorrow that we mourn the passing of three stalwarts who left an indelible mark on us. One is our own Rotarian engineer Dinesh whose ingenuity and dedication inspired countless individuals. The indefatigable VS Achuthanandan, former chief minister, whose commitment to public service and social justice continues to be a guiding light and Sri M Narayanan Kutty (known as MNs), proud father of our AG Rtn Dr Varun Nambiar, a congress leader and a pillar of our local community, whose selfless volunteerism and compassion touched the lives of many. Let me place a bunch of flowers in their memory.

May our paths continue to cross, and our bond grow stronger with each passing day. Love you all.

THE HISTORY OF THE ROTARY BELL

In 1922, U.S. Rotarians organized an attendance contest; the challenge was that the losing clubs would join in giving the winning club a prize. The Rotary Club of New York City was declared the winner and to them was awarded as a prize a bell from a popular patrol boat, which was placed on wood that came from HMS "Victory", Admiral Nelson's vessel at the battle of Trafalgar.

Since then, the bell used in Rotary meetings started to represent, as on the ships, order, discipline and the time to guide us through the weekly hour and a half meetings. The bell informs us with its sound the beginning of the Rotary meeting, at which time people present should stand, same as at the end, in order to salute the national and Rotary flags. The gavel symbolizes the authority invested in the Rotarian elected to the highest position in Rotary, and through him/her reminds those present of his/her authority. When presidents transmit their positions to their successors at the end of their mandate, they give the bell their last hit turning the gavel over to their successor, symbolizing the transfer of authority.
