Rtn.Holger Knaack President 2020-21

January is finally here. As we look forward to 2021, our thinking doesn't have to stop at the end of these 365 days. Are you thinking ahead about what you will be doing in 2022, 2023, and beyond?

We cannot foresee the future, but we can steer ourselves where we want to go. I think it is important that every Rotary club hold a strategic meeting at least once a year. Past RI Director Greg Yank, who has a lot of experience working with clubs on their plans, shares his viewpoint. Strategic planning for Rotary clubs works. I have helped many clubs find that pathway by working with them to build what I call a blueprint, a multiyear plan that answers the fundamental question: "What is our vision for our club?" The best plans I have seen are those that are focused, when a club concentrates its resources on the best opportunities it has. Your Rotary club cannot be all things to its members and to the community it serves; it has limited human, financial, and time resources. A successful plan factors in assets and limitations to chart the desired pathway for your members.

Next, narrow down your initiatives to a core set of three to five priorities. Your club will then develop specific objectives for each initiative, outlining who will be involved, key milestones of achievement, how progress will be tracked, and a timeline for completion. Keep your plan short and simple.

Then go out and do it. Review the progress you make toward accomplishing the initiatives, and revise as needed at least once a year. Rotary has a solid template to assist clubs in their planning, which you can find at <u>my.rotary.org/en/document/strategic-planning-guide</u>.

We want to enrich and enliven our clubs with new discussions and ideas. But how do we attract the diverse professionals, from different backgrounds, ages, and experiences, who are all driven by as strong a sense of integrity as we are?

Once your club makes a strategic plan, it's time to take action and carry out the necessary changes. When we do that — as we engage members in vibrant and active clubs that not only have fun but also serve their communities with projects that have real and lasting impact — our clubs grow stronger. And when we discover what makes our own clubs unique and build upon those core values in all our efforts, Rotary Opens Opportunities to enrich the lives of everyone.

Rotary INDIA

RID Bharat Pandya : At least 60 percentage rotarians are not aware of what Rotary is.We need to market Rotary to the rotarian first. We must take pride in our organization.

TRF Chair K R Ravindran : We have one final call to action: Help us combat the powerful, growing force of vaccine resistance and misinformation. Our advocacy in our communities will be critical — we need to spread the message about the power of vaccines to save lives. Working together, we have done so much to adapt to the Covid-19 pandemic, to care for our communities and to prepare Rotarians for the work ahead.

We do this for ourselves and for future generations. We do this as part of our obligation to support our world as it faces the most significant challenge of this generation.
