Rtn. Om Prakash Sukhija passes away

Rotary Club Chandigarh lost a committed, dedicated and compassionate member on 3rd January, 2025. A Rotarian for over 54 years, Om Prakash Sukhija was a respected and a senior member of our club. Having joined Rotary Club Dehradun in 1971, he joined our club after shifting to Chandigarh. He served as secretary of RC Dehradun and as a member of the Board of Directors once in our club. However, for most part, he preferred to serve the club as a member without holding any formal position on the Board. He deeply loved Rotary's values of service and fellowship. He never sought any recognition as his heart lay in selfless service, particularly toward empowering girls and women.

Known for his punctuality, OP Sukhija was fond of wearing branded clothes and was always immaculately dressed. He lived the phrase 'Simple living and high thinking'. Always conscious about the needs of those around him, be it friends, colleagues or staff in office or at home, he would help them at the first opportunity. A loving husband, a doting father, a true friend and a mentor to his grandchildren, OP was indeed a complete man.

OP Sukhija was always forthcoming if the club president called him for contributing to any cause. He would never refuse. He would share his views candidly during business meetings. If ever he accepted to be a committee Chair, he would discharge his responsibilities diligently. I remember when he was

Chairman of RVTC administration committee, he would visit the club office everyday for a couple of hours to oversee the working of the staff. He got the surroundings of Rotary House cleaned regularly by approaching the area counsellor. He helped the club staff maintain a proper filing system.

He helped in getting the building insured and took care of the regular maintenance of the building.

He was known for his honesty and integrity throughout his professional career. His company chairman would entrust him with big and sensitive cases of claims and other insurance matters. He would always get the choice of postings on merit.

He would often indulge in random acts of kindness. Once he just took off his new jacket and gave it to a club staff on noticing that he was not wearing enough warm clothes on a cold winter's day. On another occasion, he bought a glucose meter for another club staff so that he could measure his sugar levels every day.

He often said, "I find Rotary's diverse membership enriching and knowing so many friends from different vocations is a boon".

OP's elder daughter Puja and her husband are part of Rotary family in Delhi. He persuaded his younger daughter Arti and her husband Rohit to join Rotary Club Chandigarh. Both the daughters are continuing with his legacy. We hope that his wife Prem Sukhija will find strength to bear this irreparable loss. While we have lost a member of the club, she has lost her partner of over 55 years. May God Almighty keep a watch over the family of our former member Rtn. Om Prakash Sukhija.
