President & Chairman's Note

Celebrating TRF, Celebrating Our Achievement

Rtn. Anjana Basangoudar

President, The Rotary Club of Hubli Central

January was a truly impactful and historic month for the Rotary Club of Hubli Central, setting a strong tone for 2026. Celebrated as Vocational Service Month, it highlighted professional excellence, ethical leadership, and service through meaningful initiatives. The successful District Governor's visit, combined with New Year and Christmas celebrations, strengthened fellowship and unity.

The month saw path-breaking projects that elevated Rotary's public image, including the inauguration of the **First Rotary Library** in India and the **Flybrary at Hubballi Airport**, an open airport library offering travelers access to reading and learning. As part of our commitment to nurturing young leaders under the New Generations Avenue of Service, the Rotary Club of Hubli Central proudly initiated a new Interact Club at **GHS Vishveshwar Nagar High School**. This meaningful initiative aims to inspire students to develop leadership skills, social responsibility, and a spirit of service at a young age. The formation of this Interact Club marks a significant step in empowering youth, encouraging them to actively participate in community service, teamwork, and character building, thereby shaping responsible citizens and future leaders of society. Community safety initiatives included the installation of **traffic convex mirrors** at Nrupatunga Betta and Old Income Tax Road, along with public benches and an awareness hoarding. January concluded on a high note with the club receiving multiple awards at the District Conference, reflecting the dedication and teamwork of its members. This historic beginning inspires us to continue serving with greater passion and purpose in the months ahead.

Secretary Message

The month of January offers us an opportunity to **pause and recognise the power of vocation** in Rotary—how our diverse professions, when guided by ethics and service, become strong tools for community impact. Over the past month, the Rotary Club of Hubli Central has actively translated this spirit into action through meaningful **projects, collaborations, and knowledge-driven initiatives**. Each programme reflected teamwork, thoughtful planning, and the commitment of our members to serve beyond their professional roles.

I would like to place on record my sincere appreciation for the enthusiastic participation of our members, the support extended by our partners, and the dedication of the project teams who ensured smooth execution of activities. Such collective effort is what strengthens our club and keeps our Rotary values alive. As we move ahead into the new year, let us continue to uphold professionalism, accountability, and collaboration—values that define both our vocations and our Rotary journey.

The Editor's Cut: January 2025

January reminds us that every profession carries purpose beyond titles and timelines. Vocational Service Month celebrates the dignity of work, ethical practices, and the impact each of us creates through our chosen paths. In this edition of Buzz Times, we shine a light on how our members—doctors, lawyers, entrepreneurs, professionals, homemakers, and leaders—translate skill into service and profession into purpose. Whether it's through hands-on projects, knowledge-sharing, mentorship, or simply leading by example, Rotary reminds us that work done with integrity always leaves a lasting imprint.

Alongside inspiring initiatives and club activities, this issue also brings you lighter moments—fun pages, reflections, and relatable experiences—because fellowship and joy are as much a part of our Rotary journey as service. As we step into the new year, may we continue to honour our vocations, uplift one another, and use our professional strengths to build stronger communities. Happy reading, and here's to a year of meaningful work and purposeful service.
