# Some numbers about Basic education and Literacy

## India: Literacy rate from 1981 to 2018, by gender

India:

Literacy Rate: According to the 2011 Census of India, the overall literacy rate in India was around 74.04%. However, As of 2023 these figures has improved to 77.70%.

### Literacy Rate (%)

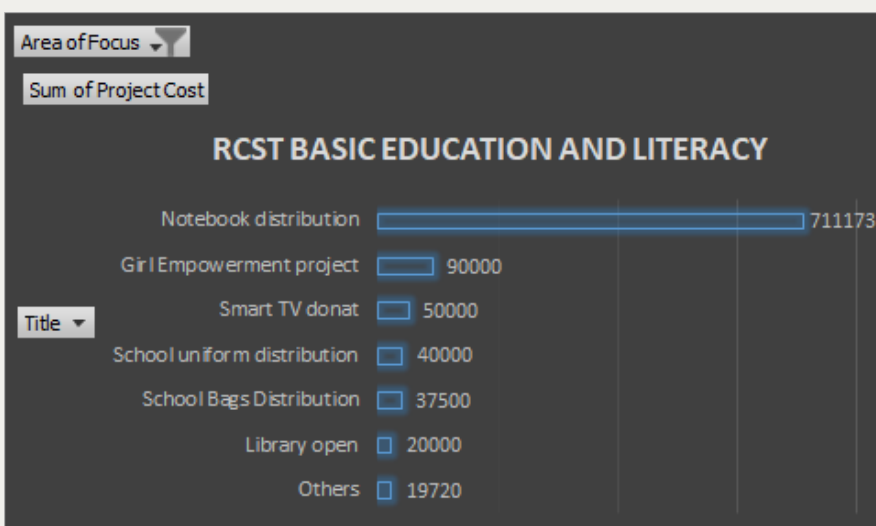

## Gender Disparities:

There has traditionally been a significant gender gap in literacy, with higher male literacy rates compared to female literacy rates. Government initiatives like "Beti Bachao, Beti Padhao" aim to address this disparity. The male literacy rate stands at 84.70%, while the female literacy rate is at 70.30%.

### GENDER LITERACY(%)

## Rotary Club of Surat Tapi's Projects for Last Rotary Year

**Other category includes:** Teenager students counseling, Male student counseling, Nation Builder Award, Diwali Celebration, Snack and Tiffen Distribution

## RCST's initiatives towards Education and literacy programs

Throughout the past Rotary year, RCST has been highly dedicated to promoting basic education and literacy initiatives. We have achieved significant progress in this endeavor and are wholeheartedly committed to continuing our efforts. Looking ahead, we eagerly anticipate engaging in more programs and initiatives aimed at making a positive impact on society through education and literacy promotion.

## ☀️ "Carry Dreams, Ignite Minds" Your Passport to knowledge 📖

School bag slogans are short and impactful phrases that motivate students to value education and learning.

It highlights the importance of school bags in carrying dreams and knowledge. They remind students that their bags hold more than just books – they hold the key to their future success.

With slogans like "Carry Dreams, Ignite Minds" or "Your Bag, Your Passport to Knowledge," these simple yet powerful messages encourage students to embrace the opportunities their education provides.

## ☀️ "Educators' felicitation event" 📖

Someone has truly said if the nation wants to be on the right path its the educators that can help it. It becomes all the more paramount to address the felicitationv of these nurtures.

It was a pleasure to recognize the untiring efforts of 25 teachers of the esteemed institution. Our own Roratian Veena Ganju a recently retired but revered alumina of the school was awarded the Nation Builders Award.

We are proud to have brought those smiles to these founders of a good society n thereby c nation.

# Interact club Installation

☀️ RCST - Interact Club Installation...! Calling all young change-makers! ☀️

**On Sep 5th:** We at RCSTapi are proud to announce that we installed another interact club at L. P. Savani International School.

They had over **200 stds joining as interacts** n we installed the board members.

We are grateful to the Principal Mrs. Anju Banga to extend her wholehearted support for the same n making great arrangements for the ceremony.

🌐 90% of Interacts develop leadership skills that benefit their future.

☀️ Gains global perspective & embrace diversity.

🚀 Build essential skills for lifelong success.

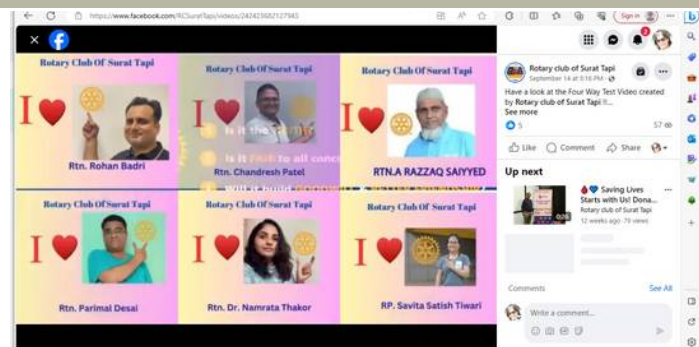

🌟 Continue service journey as a Rotarian.

## ☀️ Four Way test Promotion ☀️

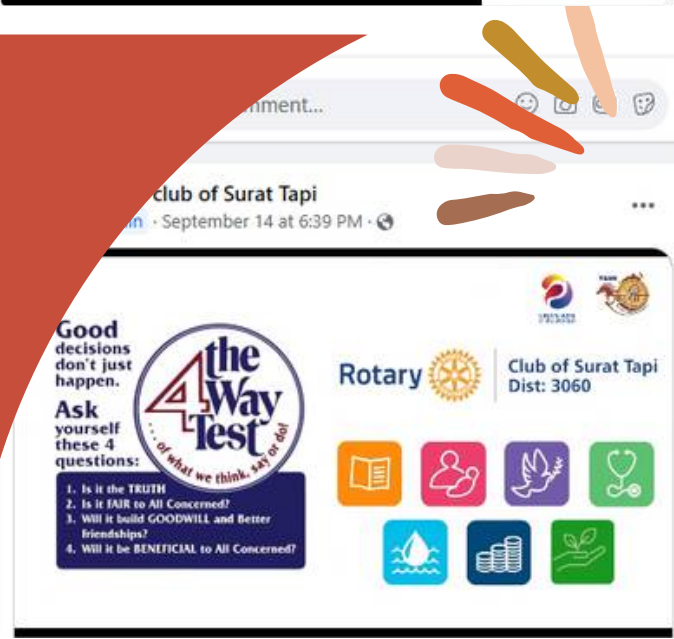

[Link for the video](#)

Have a look at the Four Way Test Video created by [Rotary club of Surat Tapi](#) !!

The Rotary Four-Way Test is a nonpartisan and nonsectarian ethical guide for Rotarians to use for their personal and professional relationships. It was created in 1932 by Herbert J. Taylor, who was then the director of Club Aluminum Company in Chicago. Later, the test was adopted by Rotary International, the global association of Rotary clubs.

Beneficiaries : 180  
Cost of Project: 1500/

Joint clubs fellowship meet on Sep 9th 2023

"Donations and Rotary are inseparable....but bringing awareness about the best donation one can go for ...that's ORGAN DONATION was the mission, well taken up by the Rotary clubs of Surat areas.

We the RCSTians are grateful to all six others to have joined hand in making it a success.

It becomes the duty of each one of us to bring in that empathy for human life.

Dr. Anil Shrivatsa very nicely related to this very compassionate subject.

What a pleasure n soul satisfying it felt to imagine that even after we have left this mortal body we shall live in the people in this world. Someone will be seeing through our eyes, someone breathing n palpitating through our heart , lungs n kidneys.

## 2nd Fellowship Meeting on 23rd Sep

Rotary Youth Exchange (RYE) inbound students.

Through this program, Students get opportunity to learn new language, discover another culture, and in turn become global citizens.

In this program students of 15-19 years are sponsored by Rotary clubs in more than 100 countries.

Rotary Youth Exchange helps to build peace in world.

# R. ANNET'S IMAGINATION

## The World of Internet

by R. Annet Dhyana Patel

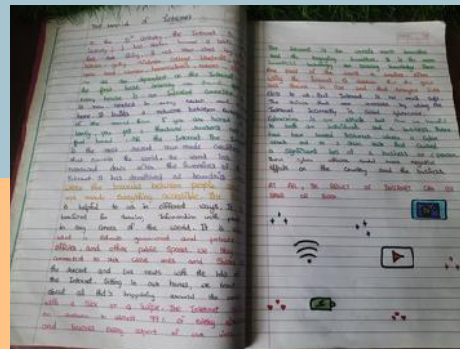

In the 21st Century, the internet is luxury; it has rather become a basic need for our living. It has now being used by school going children; college students, men and women, home makers, elders etc.

We stay connected to our close ones and share all the recent and live news with the help of the internet. Sitting in our homes, we know about all that's happening around the world with a click or a swipe. The internet gives an answer to almost 99% of every questions and touches every aspect of our lives.

We all are dependent on the internet as the first basic amenity we search for in every house is internet connection. It is now needed in every sector and in every home. It builds a network between every corner of the world. Even if you are bored being lonely, you get a thousand reasons not to feel bored with the internet. The internet is the most recent man made creations that connects the world. The world has narrowed down after the inventions of the internet. It has demolished all boundaries which were the barriers between people and has made everything accessible.

The internet is the world's most innovative and the engaging innovations. It is the most beneficial technology for sharing knowledge from one part of the world to another. After using the internet it appears that the globe has shrunk in size and that everyone lives close to us. But internet is not much safe. The crime that are committed by using the internet incorrectly is called cybercrime. Cybercrime is an attack that can be harmful to both an individuals and a business. There have been several instances where a cyber-attack led to a data leak that caused a significant loss of a business or a person. These cyber-attacks could have negative effects on the country and the business...

The internet is helpful to us in different ways. It is beneficial for sharing information with people in any corner of the world. It is also used in schools, governments and private offices and other public spaces.

AT ALL, THE RESULT OF INTERNET CAN BE BANE OR BOON.

Its so fun to write your heart out

# What is Health?

*Health is a state of physical, mental, and social well-being in which an individual is free from illness, injury, or any other physical or mental impairment that significantly affects their normal functioning. It is not merely the absence of disease but a holistic concept that encompasses various aspects of a person's life. Here are some key dimensions of health:*

**Mental Health:** Mental health relates to emotional and psychological well-being. It involves the ability to manage stress, cope with challenges, maintain healthy relationships, and have a positive outlook on life. Mental health issues can include conditions like anxiety, depression, and bipolar disorder.

**Physical Health:** This refers to the well-being of the body. It involves factors such as regular exercise, balanced nutrition, adequate sleep, and maintaining a healthy weight. Physical health also includes the absence of chronic diseases or physical ailments.

**Social Health:** Social health pertains to an individual's ability to form and maintain healthy relationships, interact with others in a positive and fulfilling way, and engage in social activities. It is about having a support system and feeling connected to a community.

**Environmental Health:** Environmental health considers the impact of one's surroundings on their well-being. It encompasses factors like air and water quality, access to clean and safe environments, and the avoidance of environmental hazards.

**Emotional Health:** Emotional health involves recognizing, understanding, and managing one's own emotions effectively. It includes self-awareness, emotional resilience, and the ability to express emotions in a healthy manner.

**Spiritual Health:** Spiritual health is often associated with a sense of purpose, meaning, and connection to something greater than oneself. It may or may not be related to organized religion and can include practices like meditation and mindfulness.

## Exploring R. Partners's Creativity Contd....

**Occupational Health:** Occupational health is related to one's job or career. It involves finding satisfaction and fulfillment in one's work, maintaining a healthy work-life balance, and ensuring that the workplace is safe and conducive to well-being.

**Financial Health:** Financial health relates to an individual's ability to manage their finances and achieve financial security. It includes budgeting, saving, and making informed financial decisions to reduce stress and achieve financial goals.

**Cultural Health:** Cultural health recognizes the importance of cultural identity and sensitivity. It involves respecting and embracing one's own culture while also being open to and respectful of other cultures.

**Intellectual Health:** Intellectual health involves the pursuit of knowledge, critical thinking, and personal growth. It encompasses activities that stimulate the mind, such as learning, problem-solving, and creative expression.

Health is a dynamic concept that can change over time and varies from person to person. Achieving and maintaining good health requires a combination of healthy behaviors, access to healthcare when needed, and attention to various aspects of well-being. It is a lifelong journey that involves proactive choices and a commitment to overall well-being.
