Arch C. Klumph

Arch C. Klumph is a man best known as the father of The Rotary Foundation.

He had a great role in conceptualizing and writing Rotary's Constitution in 1915.

Klumph was born in the small town of Conneautville, Pennsylvania, USA, on 6 June 1869. He later became a founding member of the Rotary Club of Cleveland in 1911 and Club President in 1913.

He defined six points of action, including the establishment of an endowment, which would later become The Rotary Foundation:

In 1928, the name formally changed to The Rotary Foundation, and a Board of Trustees was established, with Klumph serving as the first trustee chair from 1928 to 1935.

Klumph died on 3 June 1951 at age 82, but his influence lives on through Rotary Foundation.

Message from the President

Thank you, everyone. Ten months of the Rotary year 2024-2025 have already passed, and I hope you've enjoyed and appreciated the club activities that I have undertaken with the invaluable support and cooperation of our fellow Rotarians.

We have made efforts to address the needs of our community through various initiatives, including health and eye check-up camps for underprivileged individuals. Additionally, we have provided essential items such as blankets and mosquito nets to those in need. Under the Eazy School Program, we distributed desktops, computers, water filters, books, notebooks, drawing sheets, colored pencils, and school bags to young students, bringing smiles to their faces.

As part of our women empowerment efforts, we distributed sewing machines to improve the economic conditions of underprivileged women, aiming to foster peace and joy in their lives. Details of these initiatives and our contributions to other focus areas can be found in the club bulletin. Thanking you once again.
