Dear Rotarians

In mind the Rotary theme of the year, "Unite for Good", our focus will be to connect, engage and to serve the community. Banking on our collective strength combined with individual passion we will pursue to do good for our community and our community.

In this Newsletter, we will give a glimpse of our Installation Ceremony, a snippet of a glorious year gone by led by our President, Rtn Sathish and his BOD; and a round-up of what we have been experiencing till now.

Service to the community remains at the heart of RC Chennai Poes Garden's initiative to build a greener and sustainable future, our members actively participated in the Drive at Murasoli Maran Park. The picture captures the spirit of fellowship and came together, spades in hand, to plant saplings that will one day grow into a forest.

Further amplifying our commitment to the environment, the club also undertook a project at Maduranthakam Lake, sowing 25,000 palm seeds. This unique initiative focuses on ecological restoration, enhancing water conservation, and building resilience for the future.

These projects are not just about planting trees or seeds – they are about creating a legacy of sustainability, and a legacy of service that will continue to flourish for generations to come.
