UNITE
FOR
GOOD

When a seed is planted, it quietly gathers strength beneath the soil, waiting for the right moment to rise. With nourishment, affection, and purpose, its growth accelerates—and soon, it blossoms. For RCSS, this gestational period has been quiteshort. In just three years, we've grown into a remarkable tree—not towering, but a bonsai of brilliance, compact yet laden with exotic fruits whose fragrance spreads far across the Rotary landscape. August, true to its name, has been truly august for us. As the monsoon rains graced the earth, a shower of awards and recognitions graced our club. What began as a modest initiative has now radiated its luminescence across the Rotary circle, earning its rightful place among distinguished clubs. At the District level, RCSS has been honoured on multiple occasions—with prestigious recognitions, coveted awards, and running trophies for the Rotary Year 2024–25(8 trophies, 1 Rolling trophy for PHF, 5 certificate of Appreciation). These accolades are testaments to our unity, passion, and relentless pursuit of excellence.

For us—the close-knit family of RCSS—this momentum has ignited a deep sense of pride and renewed energy. But this is not merely a moment to rejoice; it is a moment to anchor ourselves in poise and prepare for greater ascents. We are now grounded in readiness, geared for higher achievement, prepared with purpose, and positioned for excellence. The new Rotary Year has begun with a fresh series of impactful projects aligned with Rotary's global themes and priorities. In July and August alone, we've completed several meaningful initiatives. Also, in the first month itself, our family has grown—welcoming one new member, with another soon to join. The march forward is now irreversible, driven by vision, fuelled by values, and destined for higher and nobler glory. Long live RCSS.

Warm wishes

Yours in Rotary

From The Desk of President

Dear Esteemed Members,

As Amal El-Mohtar said “ADVENTURE WORKS IN ANY STRAND — IT CALLS TO THOSE WHO CARE MORE FOR LIVING THAN FOR THEIR LIVES”.

Our 120 years heritage has come to the fore and we have proven that Rotarians are cut from much stronger cloth, with the sacrosanct phrase “Service Above Self” having been tattooed into our DNA.

As Rotary president RY 2025-26, my goals for the year would include propelling community service further, as has been done and proven by President Rtn Murli Manohar Jaiswal under whose leadership and guidance our club has started to “run” from initial baby steps. He has done a commendable and meaningful job till date and it’s worth a huge round of applause.

I would like to emphasize in three areas: Medical, Environment & Skill Development in rural areas

Medical – Organize eye camps and cataract surgery, blood donation, general health awareness including dental care, awareness on Thalessamia and cervical cancer.

Environment – Addressing climate change and its environment impact and taking steps to help mitigate climate change.

Skill development: for young potentials to self sustain

Above is only possible with the able support of my Team members, collaborate with other community organizations, and align our projects with Rotary’s global objectives to maximize the impact throughout the year.

“Rotary members are #People Of Action. We don’t wait for change to happen; we make it happen.

And what do people of action do? We unite for good.”

Warm Wishes

Yours in Rotary

From The Pen of IPP

Dear Fellow Rotarians,

As I conclude my tenure as President of Rotary Club of Kolkata Subhash Sarovar (RCSS) after an extraordinary Rotary year 2024-25, I wish to express my deepest gratitude to each one of you for your unwavering commitment, tireless dedication, and unrelenting passion for our club's mission. Together, we have achieved remarkable milestones, profoundly impacted our community, and upheld the highest ideals of Rotary International.

I am filled with immense pride and satisfaction as I reflect on our collective accomplishments. I have every confidence that our club will continue to thrive, innovate, and excel under the visionary leadership of our incoming President Rtn Debasish and team for RY 2025-26. I look forward to remaining an active and supportive member, contributing to the club's ongoing success and growth.

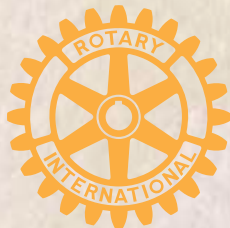

Thank you for entrusting me with the privilege of serving as your President for RY 2024-25. I am deeply humbled to be part of this exceptional team and eagerly anticipate our future endeavours, as we continue to make a meaningful difference in the lives of those we serve.

Yours in Rotary.

Warm Wishes

The ROTARY ACTION PLAN

TAKING ACTION FOR CHANGE

We are at a defining moment in Rotary's history. We're implementing our Action Plan, a strategic road map that will help us better connect with each other, grow as an organization, and more effectively share our stories of how we are making a difference in communities.

At every level of Rotary, we have embraced opportunities to work together to achieve our goals. Over the coming four issues, you'll hear from Rotary members around the world who will offer their inspiration, encouragement, and guidance as we carry out the four priorities of the Action Plan.

IMPACT

We want to put our resources behind programs that will have the greatest impact and that align with our areas of focus.

We're creating tools and guidelines for tracking and sharing our efforts. We're also developing an evaluation process that will help us make objective recommendations about what is working and what we should continue, start, or stop doing.

REACH

We're committed to exemplifying and embracing diversity, equity, and inclusion (DEI) in everything we do.

We're testing new products and alternative models that will allow more people to connect and take action with us in ways that work best for them.

ENGAGE

We're tearing down the walls between "us" and "them" and focusing on participants.

We're asking people how they want to participate, finding ways to meet them where they are, and making sure they know we solve them.

ADAPT

We're streamlining operations so we can be more agile and responsive.

We're simplifying the way we do things and helping members manage change so that our clubs, districts, and zones can more effectively communicate and work together.

Learn what your club can do at rotary.org/actionplan.
