Rotary International has been actively transforming rural education through the Happy Schools Initiative, working to provide better infrastructure, learning resources, and an overall improved educational environment. Our attempt was to rebuild and modernize this rural school to the best of our ability.

Our sponsor and Director CSR Nitin Sudame and Director Non-medical Rtn Prajakta Mangrulkar and Club Secretary Mrudula Sudame took a lot of efforts to renovate this school by providing separate toilets for girls and boys as functional toilets with better sanitation to promote hygiene, painting the interior and exterior was done, one water cooler was provided, filters and handwashing stations were cleaned. We also provided new two-seater desks and benches in the freshly painted classrooms. We gave schools bags to each student. One new computer desktop was provided for advanced learning and existing computers were repaired. IPP Abhijit Deshpande also gave technical inputs that saved the construction cost. Thank you to team Downtown for your support.
