OUR EVENTS

Rotary Club of Hyderabad Emerald (Club ID 224518) is part of RI District 3150. We as part of Rotary International, enhance our world understanding, goodwill and peace by improving health, providing quality education, improving the environment, alleviating poverty. We undertake and role out projects under seven Areas of Focus to bring long lasting change in the communities.

SEVEN AREAS OF FOCUS

Rotary operates basically in the following Seven Areas of Focus

- PEACE BUILDING & CONFLICT PREVENTION
- DISEASE PREVENTION AND TREATMENT
- WATER, SANITATION, AND HYGIENE
- MATERNAL AND CHILD HEALTH
- BASIC EDUCATION AND LITERACY
- COMMUNITY ECONOMIC DEVELOPMENT
- ENVIRONMENT

Our club with experienced members supported by the youth undertakes study of the neighbourhood and the surrounding communities to identify the needs of the people who are unserved or underserved. Formulate a project to address specific needs of the people around, plan the project requirements such as availability of experts / skilled people, material required, measures needed for sustainability of the projects etc. We hold detailed discussion with the community/school/organisation and appraise them of the benefits, reach and impact of such project. If needed, we partner with other community groups/organizations (like RCCs, NGOs, Interact club or Rotaract Club). We plan and arrange the finances to execute the project by sourcing the funds from Rotary Foundation, CSR funds, Individual donations and contributions from members of our club and / or fellow Rotary clubs.

DISEASE PREVENTION & TREATMENT

Rotary supports activities that reduce causes and effects of disease. Projects strengthen the health care system by improving access to and expanding medical services, providing medical equipment, or training health care personnel. Some of the activities include a) disease testing through screen & health camps, b) supplying medical equipment to healthcare facilities, c) providing equipment to offer health care services in remote rural areas, d) providing surveillance systems to track and monitor the diagnosis of disease and treatment of disease, e) addressing environmental hazards related to infection and disease containment.

Our club has conducted free cancer screening camps in semi-urban and rural areas. It has organized multi-speciality medical camps and arranged surgeries in the hospitals. Eye ware was donated to the people with vision deficiency. Arranged free cataract surgeries for rural people. Club also provided Physio therapy equipment to the students with physical and developmental disabilities.

JOIN HANDS WITH US

Rotary invites the profitable companies which are required to spend CSR funds to join hands with us, work on a project of mutual choice in one of the seven areas of Focus. Together we can bring long lasting changes in basic education and literacy needs of the communities.

Project ideas of ours and CSR funds of yours can bring in substantial impact in Education and Literacy areas.

CSR Mandate

A company whose net worth is more than 500 crores or turnover more than 1000 crores or net profit of more than 2 crores has to spent 2% of their PAT towards community service project

Best of Both

Rotary's focus area Disease Prevention and Treatment maps with Schedule VII of CSR guidelines under the heading "Eradication of extreme hunger and poverty, sanitation, health" and "Rural & Slum area development"
