April is Maternal and Child Health Month

Rotary International's new monthly theme for April is Maternal and Child Health! Every day mothers risk their lives giving birth and millions of children die each year from treatable, preventable causes. At least 7 million children under the age of five die each year due to malnutrition, poor health care, and inadequate sanitation. To help reduce this rate, Rotary provides immunizations and antibiotics to babies, improves access to essential medical services, and supports trained

health care providers for mothers and their children.

Rotary's projects ensure sustainability by empowering the local community to take ownership of health care training programs. Maternal and Child Health Care is also recognized as one of Rotary's Six Areas of Focus.

Mobile prenatal clinics

Haiti has the highest maternal and infant mortality rate of any country in the western hemisphere. **Rotary provided a fully equipped medical Jeep** to volunteers and midwives to reach mothers and children in remote areas.

Cancer screening

Rotarians provided a mobile cancer screening unit and awareness trainings around Chennai, India, where there is a high mortality rate of women with breast and cervical cancer due to late diagnosis.

Preventing injuries and deaths

Rotary members launched a \$3 million, five-year pilot to **save lives of mothers and children** during home deliveries in Nigeria. Since 2005, they've also repaired 1,500 obstetric fistulas — 500 more than their initial goal — restoring dignity and hope to vulnerable mothers.

PROJECT - 34

Sanitary Vending Machine for Girl Childrens & Intaract club Installation

Project Date: 4th March 2025

Project Venue: Government School, Maniyanoor Salem

On March 4, 2025, the Rotary Club of Phoenix sponsored an important team to our district as the Interact Club of Phoenix. The team interact is made up of all members of an underprivileged Government HR Sec school, maniyanoor, in a rural area, which is typically far away from the town.

The club is the first of its kind in the district, and it was started by 20 students from the underprivileged category. Phoenix's president and the Interact chair will serve as the club's direct leaders, supporting the students' society as well as their school.

As a token effort, they themselves donated the school a sanitary napkin vending machine, which will help the roughly 600 female pupils in the school. The project was completed on the same day that the school received the Interact charter presentation from the sponsored Club RC Phoenix. When napkins are needed, the machine will be replenished; the sponsored club, RC Phoenix, will do this once every 15 days. Two machines will be added and stored in a secure area of the school grounds after the concept is refined; this could also benefit the general public.

PROJECT - 35

As the club's president, Miss A. Sujithra from STD 8th was chosen, and with her leadership, her team will organise and carry out further projects that benefit the school and the community. She took the initiative to make her school a smart school with a top-ranked environment when compared to other government schools. She also mentioned about an 80-year-old grandmother who sells fruits and snacks outside of their school and travels a long distance with a lot of weight. The team interact purchased and gave her a push cart so the elderly woman could carry the items from her home and return effortlessly.

We at RC Phoenix intended to thoroughly brand the vehicle with Rotary & Interact showups and paint and rebuild it in a contemporary manner. President of RC Phoenix We at RC Phoenix intended to thoroughly brand the vehicle with Rotary & Interact showups and paint and rebuild it in a

contemporary manner. The members of the team were elegantly dressed in a uniform modicoat that the club had sponsored. Assistant Governor Rtn. Badrinarayanan Zone-3, the main guest, inspired the audience with his keynote address.

School Teachers, Local Politicians and number of Phoenix members participated in the ceremony.

On March 23, 2025, the RC Phoenix team participated in the District Foundation Seminar, a significant event aimed at fostering collaboration, learning, and growth within the district. The seminar was held at the prestigious Hotel Radison in Salem, providing an ideal setting for the event. Attendees from various Clubs and District Officials gathered to engage in a series of informative sessions, workshops, and discussions. Throughout the day, participants exchanged valuable insights and strategies to strengthen their collective impact in the community, marking the event as a pivotal moment.
