MESSAGE FROM DISTRICT GOVERNOR 2025 - 26

Dear Rtn. Moonmoon,

It is with great pride and heartfelt warmth that I extend my congratulations to the incoming President, Secretary, and the newly installed team of Rotary Club of Amelia Kolkata. A club installation is not merely a ceremonial transition; it is a reaffirmation of our commitment to Service Above Self. As each new team takes charge, it carries forward the legacy of leadership, fellowship, and impactful service. I urge you to dream boldly, act compassionately, and lead inclusively - ensuring that your club becomes a lighthouse of hope and change in your community. Let us embrace innovation while cherishing Rotary's timeless values. Work hand-in-hand with your members, reach out to the youth, collaborate with partners, and most importantly listen to your community. The world needs Rotary now more than ever.

Friends, I want to draw your attention to another matter that needs our grave attention. Prevention of Preventable Diseases One of our primary missions is to combat preventable diseases, such as thalassemia and cervical cancer (Ca cx). These diseases can have devastating effects on individuals and families, yet they are 100% preventable through education, vaccination, and early detection. By working together, we can raise awareness, support screening programs, and provide necessary medical interventions. Our efforts in this field are saving lives and enhancing the quality of life for countless individuals.

Wishing you a successful and meaningful Rotary year ahead.

Yours in Rotary,

Dr. Ramendu Homchaudhuri

MESSAGE FROM DISTRICT GOVERNOR 2026 - 27

Dear President,

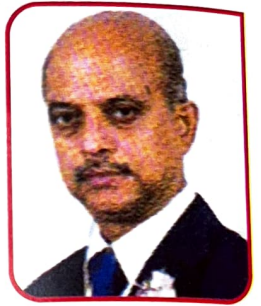

Greetings for being the President of Rotary Club of Amelia Kolkata, for the RY 2025-26. I do hope you and your team "Unite For Good" to change the life of suffering humanity. I also like to congratulate Rotarian Joy Roychowdhury and his team for their outstanding service to the community as team maker and showed the magic of Rotary in the community for a better tomorrow. As our recent statement says, we want to unite people, not just a Rotarian, to create lasting changes. Use club members' tools and resources to access your club and learn how to make it more diverse, open and attractive to everyone in your community. Strengthening your public image can help you attract likeminded people to your club, from new partnerships for service, and build a stronger and more diverse network of collaborators. Focus not only on gaining new members, but also on delivering value -- both personal and professional -- to current members. Encourage club officers and other members to work with the incoming leaders chosen for the next few years so that their efforts will be cohesive, and all will be invested in a joint success. I think your club will be very vibrant club and the catalyst of all around the development of the community.

Regards
Yours in Rotary

I have been an active member of this newly formed club RC Amelia Kolkata for last 2 years and I have seen this club's growth and many accomplishments with many citations /awards in its kitty within a short period of its existence. Hope I will be able to lead the Club with the mantra SERVICE ABOVE SELF with theme UNITE FOR GOOD.

Hope we together will do projects related to Awareness and prevention of "Thalassemia" which is a thrust area of our District Governor 2025-26. Also the awareness and prevention program for "Cervical Cancer" will be on our priority list in community medical service projects. This year we will include our INTERACT CLUB in many of the projects.

More Environment and Literacy along with Women Empowerment Service projects will be done. All members including myself will actively work to increase our membership as well as participation in TRF.

My endeavor will be to involve maximum number of members in Service projects and encourage members to attend Club meetings and participate in discussions in the decision making process.
