## HIGHLIGHTS OF THE MONTH

Visit [www.rcdelhiresources.rotaryindia.org](http://www.rcdelhiresources.rotaryindia.org) for our Club Activities

## July 2024 Message of RI President 2024-25

Rotary is at its best when we foster a sense of inclusion and belonging in our clubs. In fact, I would go so far as to say that

belonging is *The Magic of Rotary* itself.

With a focus on inclusivity and belonging, it is easier to be united in a common purpose. When we are committed to one another and focused on our goals, we are most effective. The world is changing, and our clubs can't afford to stand still. But the changes we make need to be consistent and strategic — building on one another toward a greater vision.

The truth is, we're not going to bring peace to the world, end polio, or grow membership by waving a wand and saying some funny words. It's up to you. You create the magic with every project completed, every dollar donated, and every new member inducted.

I love my Rotary family and I know you do too. That's why I know that together, we can make every club and district simply irresistible. This year, let us change the world by embracing *The Magic of Rotary*.

**Stephanie A. Urchick**

*(Source: Internet. Abridged Version)*

## Message of Dr. Mahesh P. Trikha, D G, District 3011

Dear Magical Club Presidents, District Team and Fellow Rotarians,

I am delighted to write my first message as the District Governor RI District 3011 after the completion of a very successful first month of our RI Year. It always gives me great pleasure to connect with all of you in person and also through all our communication channels like the GML which is perhaps one of the most important medium through which we can update you on all the important news, events and updates across the District.

The month of July has, indeed, flown by and it was full of events, sector-leading and groundbreaking initiatives that have been taken by Clubs, innovation and excellence in projects and of working on digital strategies that will help us in protecting the environment and in the delivery of our digital aspirations for the future.

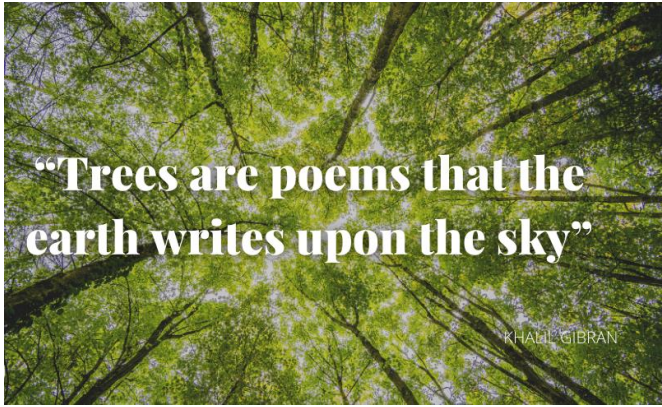

It has been a gratifying and very productive utilization of time as far as Rotary is concerned and for me personally it is getting to know you better and interacting with each one of you at different levels. I was amazed to see the ideas and the plans that are underway for the entire year and your infectious enthusiasm coupled with those 'magical reflections' are bound to give us the most enjoyable year RI District 3011 has ever seen.

Our commitments to environmental sustainability has already made us go completely paperless this year but it doesn't end there; every project big or small has been planned to support the seven focus areas of Rotary and each one of them is sustainable and designed to deliver social impact and community engagement initiatives. It is extremely gratifying to see some of these strategic projects launched already and working efficiently. The huge impact of these will be felt for an everlasting time scale by the communities we serve.

I would also request all the Magical Presidents to keep a close eye on their own Club Goals and align them with the District Goals as you move in to the Membership and New Club Development Month. It is imperative to increase our impact, widen our horizons and engage all our Members in every activity. Work together as a team to fulfil your commitments so that you are able to utilize everyone's abilities to the optimum level. Give all the Members an outstanding, personalized and enriched experience to.....

Looking forward to a fabulous journey through Rotary Year 2024-25.

Let's Promote Reading - This Signature Project of RCD Resources has been initiated / conceived by Rtn. Sunil Kumar Day, Charter President and Rtn. Niti Day - to be at multiple locations. There are books of Management / Spiritual / Cookery/ Fiction and General Knowledge for all ages in Hindi and English. The project has been started with about 250 books – a mixture of new and pre-loved books. The #19 Library project was launched on 19<sup>th</sup> July 2024 at Kabul lines, Delhi Cantt, New Delhi – 110010. We were honored when the Chief Guest Mrs. Mehta and Commanding Officer 110 Medm Regt., Col. Menon gracefully received our books for their library.

We held our CPR (Cardiopulmonary resuscitation) Camp at Kabul Line, Delhi Cantt,. This was hugely successful and was attended by over 100 audience. This is for the benefit of the staff and residents of all age group. The camp started at 10:30 am and finished around 11:30 am. There were many ladies and army staff who practiced CPR under the directions of the medical staff of Venkateshwar Hospital, Dwarka. Considering the popularity and necessity of CPR Demonstration we have decided to hold as many camps as possible for different locations including schools.
