Bulletin 2022-2023

Inspiring Hope and Transforming Lives

The Journey of Rotary Club of Calcutta Empathy through 2022-23

The Rotary Club of Calcutta Empathy embarked on an incredible journey fueled by compassion, resilience, and a shared vision of spreading hope and optimism. Since its establishment on November 24, 2022, our newly formed club has been dedicated to making a profound impact in our community. Guided by our members who come from the Medical Fraternity and who form the bulk of our team, we are continuously directing our focus towards health-related projects, driven by a deep sense of purpose and an unwavering passion for making a difference.

Every step of our journey is centered around the well-being of the elderly, as we recognize and address their unique needs. Through tailored health checkups, we bring comfort and reassurance to the elderly, infusing their lives with renewed hope. Our efforts extend to addressing visual impairments, performing cataract operations, and distributing spectacles, restoring clarity and enhancing the quality of life for many. Each stride we take along this journey brings us closer to our mission of creating hope and uplifting those in need.

Nurturing the dreams of children suffering from Cancer, we distributed toys, bringing smiles and joy to their faces. Recognizing the importance of warmth during the winter season, we distributed blankets to the less fortunate, offering comfort and reminding them that hope can alleviate even the coldest of nights.

Our commitment to combating cancer led us to organize free screenings, raising social awareness and empowering individuals to take control of their health. Through our efforts, we have tried to instill awareness in the community about the plague of cancer.

In the midst of our noble pursuits, we find inspiration and strength through the membership of renowned film directors Mr. Prasun Chatterjee and Mr. Suman Ghosh. Their artistic perspectives and profound storytelling abilities enrich our projects, infusing them with creativity and a touch of cinematic magic. Additionally, we are honored to have vocalist Rajib Das from the esteemed band Dohar Band as a member, whose melodic prowess brings an extra layer of hope and joy to our endeavors. Furthermore, the membership of eminent cinematographer Tuhin Biswas adds a captivating dimension to our cultural activities, allowing us to tell stories that resonate deeply.

Our unwavering commitment and tireless efforts have been acknowledged and celebrated through various prestigious awards, including Vocational Service, Peace and Conflict Management, Support to the District, and Outstanding New Club. These accolades serve as milestones along our journey, reaffirming our positive impact and igniting a renewed sense of determination to continue spreading hope and making a lasting difference.

As we reflect on our journey, we witness the transformative power of hope in action. We firmly believe that hope knows no boundaries and that, by coming together, we can create ripples of change that transcend time and place. Guided by the theme "Create Hope in the World," we remain committed to imagining, creating, and nurturing hope. With each project, each endeavor, we continue to inspire, transform, and touch countless lives, leaving an indelible mark of hope and optimism upon our community and the world at large.
