MESSAGE FROM DISTRICT GOVERNOR DINESH MEHTA

Dear Awesome President Vikram Gade of President and
members of the Rotary Club of New Regency Estate

Greetings to all of you!!!

As we embark on another remarkable and Awesome Rotary Year, we prepare to welcome new leadership and embrace fresh opportunities to serve. Rotary's strength lies in its ability to adapt, evolve and inspire through the commitment of its members. July 1st, 2024 marks the advent of a new Rotary year - the Awesome Year. It was legendary American President Abraham Lincoln who said "If you give me six hours to chop down a tree, I will spend the first four hours sharpening the axe." This is what Rotary Learning Facilitates for all of us. It prepares us for the Leadership role we are about to take on in the new Rotary Year. Let's begin the year with renewed energy and dedication. We now have goals and plans in place and it is now time to execute them to perfection. Friends, Only if there is Magic in Rotary, will you find it awesome to be a Rotarian and only through Awesome service will there be Magic in Rotary. I urge you, therefore, to develop an Awesome Mindset for yourself to create the Magic in Rotary.

The District has designed an awesome 31 Ready Made Projects, which every Club is free to choose from. These are

1. The Eight MEGA Projects
2. The First Lady led COLS CPR Project
3. TB Mukti RID 3142, An initiative of GOI
4. The unique 12 Amrit Mahotsav Challenges
5. The Mega Mental Health, unique, initiative
6. The Eight JDS led Events
7. The Annapurna Project that commences 1st July 2024

In addition, in our drive to create Magic in Rotary, we should strive to ensure that every Rotarian donates at least \$ 75 to the Rotary Foundation and entices at least one new member to ask to be invited to join Rotary.

The Key is not the Will to Win, ... everybody has that. To be a Winner, you must Plan to win, prepare to win and expect to win and to remember that Success is not final, Failure is not fatal but it is the courage to continue that counts. I truly believe that nothing of major significance is achieved by doing small acindness. It is through impactful projects that make a substantial and visible difference to the life of the community that Rotary will truly gain respect. As President, learn to embrace the journey, trust the process and believe in your abilities. Dream Big, work hard and surround yourself with good people. Always remember that the only impossible journey is the one you never began. That what you do has far greater impact than what you say. Jyoti joins me in wishing you and the members of the Rotary Club a truly AWESOME Year.

Yours truly
Dinesh Mehta
Dist Governor, RID 3142

MESSAGE FROM THE NEW CLUB ADVISOR SAMEER GAIKWAD

Dear Members and Families of the Rotary Club of New Regency Estate,

It is with great pleasure and honour that I address you today as the New Club Advisor for our esteemed Rotary Club. As we embark on this new journey together, I am filled with enthusiasm and optimism for the future of our club and the positive impact we will have on our community and beyond.

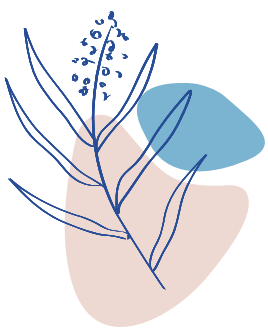

Firstly, I want to extend my heartfelt congratulations to each of you for being a part of this vibrant and dynamic organization. The Rotary Club has a long-standing tradition of service above self, and I am confident that the New Regency Estate chapter will uphold and amplify this legacy through our collective efforts. Your commitment to service, fellowship, and integrity is truly commendable, and I am excited to see the wonderful initiatives and projects we will undertake together.

As we move forward, I would like to emphasize the importance of the 7 Areas of Focus and the 5 Avenues of Service, which are the cornerstones of Rotary's mission and vision. These areas and avenues guide us in addressing some of the world's most pressing challenges and encouraging positive change. By concentrating our efforts on these key areas, we can make a significant and lasting impact on the lives of individuals and communities. The 7 Areas of Focus include promoting peace, fighting disease, providing clean water, saving mothers and children, supporting education, growing local economies, and protecting the environment. Each of these areas presents unique opportunities for us to contribute our skills, resources, and time. I encourage every member to actively participate in initiatives that resonate with them and to bring forward new ideas and projects that align with these focus areas.

In addition to the 7 Areas of Focus, the 5 Avenues of Service provide a framework for our activities and engagements. These avenues are Club Service, Vocational Service, Community Service, International Service, and Youth Service. Through Club Service, we strengthen fellowship and ensure the effective functioning of our club. Vocational Service encourages us to apply our professional skills to address societal needs. Community Service involves projects and activities that improve the quality of life for people in our local community. International Service promotes understanding and goodwill across borders. Youth Service supports programs and initiatives that empower young people.

As we work together to fulfil our mission, I urge you to involve your families in our activities and projects. The support and encouragement of our loved ones play a crucial role in our success as Rotarians. By engaging our families, we can create a stronger and more inclusive community that reflects the values of Rotary. Let us inspire our children and younger generations to embrace the spirit of service and to become future leaders who will continue the work we have started.

MESSAGE FROM PRESIDENT VIKRAM GADE

Warm Regards,

EDITOR'S MUSINGS

Rotary is a great academy of "Leadership"

Leadership executes the personality of an individual in his/her personal and professional life. It is inherent quality, and makes the individual person perfect as a human in society. Leadership has evolved from the Mythological era. Leaders should be open and humble and perform their duties to act as per their consciousness as per Vedas. In Bhagwat Gita Krishan explains Arjuna, the leader is who understand him/her own self and understand her/ his potentials. Main leadership displaced by Krishana is to lead and support from behind. Setting of goal is important for leaders. Pandavas fixed goal as Dharma which was for the upliftment/ protection of mankind. Chanakya stated that the essence of leadership lies in its acceptance by the subjects. He advises the king (leader) never to forget the two pillars of the art of governance: Nyay, the justice and Dharma, the ethics. He also describes autocratic behaviour as a leader is visible and people follow the leader.

Chattrapati Shivaji Maharaj was a a strategic thinker and visionary leader. His goal of building a Swarajya (self-rule) founded on equality and fairness was crystal obvious.

His military operations were well-planned, and he used various (unpredictable) strategies to outwit his opponents. Leadership style was characterized by Napoleon unwavering commitment to his principles and his willingness to take risks in the face of adversity. He believed that actions speak louder than words, and he consistently demonstrated this belief through his own behavior on and off the battlefield.

Modern leadership, in Rotary is fast-decision making, surrounded with like-minded people to follow leader. Leadership extends beyond personal success and encompasses, visionary approach, relentless pursuit of innovation and willingness to take significant risks

THE JOURNEY OF THE ROTARY CLUB OF NEW REGENCY ESTATE

The journey of the Rotary Club of New Regency Estate began with a shared vision and a collective passion for service above self. Our story is one of inspiration, collaboration, and a deep-seated commitment to positively impacting our community. The idea to start a new Rotary Club in the Regency Estate area was born from a recognition of the unique needs and opportunities within our local community. A group of dedicated Rotarians, who were already contributing significantly through their involvement in the Rotary Club of Regency Estate, identified the potential for expanding our reach and enhancing our impact. We saw the possibility of creating a platform that could connect the diverse talents and resources of individuals in our area, encouraging a new wave of service and fellowship.

The initial steps towards forming the new club were marked by numerous discussions and strategic planning sessions. Our goal was to establish a club that not only adhered to the core values and principles of Rotary International but also reflected the unique character and aspirations of the Regency Estate community. We reached out to Past District Governors, Upcoming District Governors, and potential members who shared our enthusiasm for service and community development.

A crucial part of our journey was the mentorship and support we received from the Past Presidents of the Rotary Club of Regency Estate. Their guidance was instrumental in navigating the complexities of chartering a new club. They provided invaluable insights into the organizational structure, governance, and operational aspects of running a successful Rotary Club. This support system helped us build a strong foundation, ensuring that our new club would thrive and grow.

One of our primary objectives was to identify key areas of focus that would address the most pressing issues in our community. Through community surveys, meetings, and consultations, we identified several critical areas where our efforts could make a substantial difference. These included promoting education, supporting local healthcare initiatives, enhancing environmental sustainability, and fostering youth development.

As we moved forward, our enthusiasm and dedication attracted a diverse group of members who brought with them a wealth of experience, skills, and a shared commitment to service. Together, we organized our first few meetings, established our club's bylaws, and outlined our initial projects. The energy and synergy within the group were palpable, and it became clear that we were on the path to creating something truly impactful.

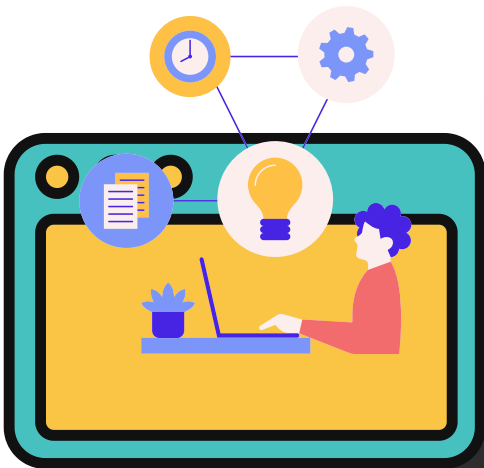

Our journey has been one of learning, growth, and unconditional commitment to Rotary's ideals. The Rotary Club of New Regency Estate stands as a testimony to what can be achieved when individuals come together with a common purpose and a shared vision. We look forward to continuing this journey, making a difference in our community, and upholding the proud tradition of Rotary service.
