## PRESIDENT'S MESSAGE

Hello Friends,

With the blink of an eye, two months of Rotary year 23-24, have passed. In this short span, as President of the Rotary Club of Nagpur North, I take immense pleasure in sharing some of my thoughts with you.

Membership is the lifeblood of Rotary and it is the foundation, upon which we build a stronger community and a better world. I want to take a moment to reflect on the significance of membership and how we are trying to nurture it.

It's not about bringing in new members; it's about keeping them engaged and motivated. Almost all the new

Members are absorbed in one or the other committee. I have personally reached out to some of our current members, listened to their ideas, and ensured they feel valued in our Rotary family because Retention matters more than inducting new ones. During my conversation with them, I was elated to hear; "OK Mam" I will continue. Three such conversations got me the same answer and my joy knew no bounds. It is very aptly said;

Coming together is a beginning.

Keeping together is progress.

Working together is success.

Inviting community and Professional leaders as Guest speakers, attracted the new members to attend such meetings. PDG Shabbir Shakir's address and his connecting two liners attracted many members to listen to. So was the case with IN CONVERSATION WITH senior Journalist of tele world Mr. Manish Awasthi, which was hosted by another media guru -Rtn Sanjay Arora.

Our digital team and bulletin team is expanding with new enthusiastic members, who are spreading the message through all the social handles. One very good suggestion from Past president Rajesh Gopalani gave me food for thought; MENTORSHIP. Seasoned Rotarians can guide and support newer members, helping them become active and engaged. He offered to talk to two new members every month. Thank you for Pearls of Wisdom. Each new member brings unique skills, perspectives and energy to our club. By actively nurturing our membership, we ensure that Rotary remains a vibrant force for good in our community and the world.

Yours in Rotary,

**Pooja Khatri**

President

## EDITOR'S MESSAGE

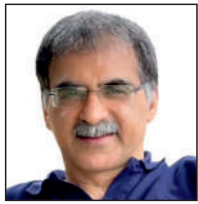

Rotary Membership. At its core, Rotary is about people coming together with a shared vision of making our communities and the world a better place. Membership in Rotary is not just a title; it's a lifelong invitation to be part of something greater than ourselves. It's an opportunity to connect with like-minded individuals, forge lasting friendships, and channel our collective energy toward meaningful service projects. Our diversity is our strength, and together, we can achieve incredible things. This month, let's celebrate and reflect on the value of Rotary membership. Let's remember that each new member we bring into our Rotary family adds a unique perspective, skills, and passion to our organization. It's through diversity and inclusion that we find innovative

solutions to the challenges facing our communities. As Rotarians, let's continue to reach out to potential members, inviting them to experience the joy of service and the camaraderie of Rotary. Let's mentor and guide new members, ensuring they feel welcomed and valued. By doing so, we not only strengthen our club but also Rotary's global impact.

But here's the juicy bit – it's not just about the projects; it's about us coming together, locking arms, and transforming into one big, crazy Rotary family. Think of it as a blend of teamwork, friendship, and community superhero vibes.

So, what's cookin' in our Rotary kitchen? We're whipping up a delicious magazine stew, and we need your secret ingredients! Yep, your articles, photos, personal triumphs, quizzes, and those quirky ideas you scribble on napkins. Let's make this mag sizzle!

But wait, there's more – we're all ears! Give us the lowdown on how we're doing. Share your thoughts, ideas, and feedback on the mag itself. We're like your favorite pizza joint – always looking to add that extra sprinkle of awesome.

So, gear up, Rotary rockers. Let's create hope, celebrate our heritage, and turn this mag into a riot of Rotary goodness. Stay tuned for more fun, more inspiration, and more Rotary love!

CREATE HOPE  
in the WORLD

## ROTARACT CLUB INSTALLATION AT DADA RAMCHAND BAKHRU SINDHU MAHAVIDYALAYA (SMV)

RI President Gordon McNally has coined this theme, probably after thoughtful and debatable discussions. Hope is created where there are expectations; expectations arise when we raise hopes. It's a two-way system that works both ways. This

theme gave me brilliant clarity while conducting a simple but impactful project -- Project Atmanirbhar in a Girls' shelter home. Here, we impart small vocational training like Crochet making, candle making, self-defence, and stitching. During the training process, we realized that the girls require something more to bring happiness and joy to their faces. We just mentioned the word 'Dance,' and the moment became magical; the eager faces lit up with smiles of anticipation and hope. At that moment, I understood the theme: **CREATE HOPE IN THE WORLD.**

# Friendship Day Celebrations by Rotaract Club of SMV

**“Friendship doesn't solve life challenges but because of the friendship the challenges are not mine alone.”**

Sindhu Mahavidyalaya Rotaractors have a patented project where they celebrate Friendship Day with kids from an orphanage every year without fail. ## Projects of July 2023 around the globe by Rotary Clubs:

### United States

At Folsom State Prison in California, small groups of inmates have shifted gears through a project of the nearby Rotary Club of Cameron Park. Since 2007 the club in the Sacramento area has collected used bicycles and delivered them to Folsom, where inmates repair them. Rotarians deliver as many as 500 of the refashioned rides each year to school children from low-income households and to organizations serving homeless people, veterans, refugees, and families displaced by wildfires.

### Uruguay

The Rotary Club of Fray Bentos scooped up 320 servings of paella during a cook-off (cooking competition) that has raised thousands of dollars for activities since 2016. Under the guidance of chef Eduardo Casales of La Tomasa restaurant, 23 of the club's members peeled and cut vegetables to fill giant pans with the rice dish in April during this year's event, which raised about \$2,800.

### Italy

Members of the Rotary Club of Milano International-Net organized an amateur ski race in March to support a local charity's initiative to donate defibrillators to try to prevent cardiac arrest deaths. The ski event attracted about 20 Rotarians, family members, and friends to Aprica, a resort nestled along a pass between Lake Como and the Dolomites. "There were also many non-skiers who enjoyed a beautiful day of sunshine, friendship, and conviviality," says Chiara Giudici, the club's immediate past president. The entry fee and sponsorships brought in more than \$1,750 to purchase a defibrillator for a city park, says Giudici.

### Nigeria

Six members of the Lagos-based Rotaract Club of Gbagada spent three weeks and 810 hours on an extensive renovation of the washroom at the Apostolic Primary School in Ketu. Using about \$1,000 from individual donors, the Rotaractors replaced part of the roof and two worn doors, polished the floor, painted, undertook masonry repairs, and hired a plumber to connect the dilapidated six-toilet block to the existing borehole well.

## DON'T JUST SEE...LOOK

Watching my steps lead to a start, Weights that felt heavy are falling apart, No matter how dark the tunnel feels, My walk today seem lighter indeed.

Around the happy table, surrounded by sounds and plays The lips move to make a deep smile on my wrecked face Stretching each muscle to hold tears to fall  
I hope someone would track that unknown path.

Notice my eyes and you see the truth inside,  
Crossing paths with a million lives,  
Some do relate with my inner pain,  
But they choose to hide as there is nothing to gain.

What seems to be, a good reply,  
"I am fine" is all I say all times,  
Look for something beyond the words,  
I want to be heard without saying a word.

A lot people say about me around,  
What they fail to read is my actual sound,  
I'd like to scream and tell them to find,  
The one thing that frees me from my pain that binds.
