

MID-CITY SAMACHAR

Children's Day Edition of Health & Happiness

Note from President

Dear Mid-City Family

Children's Day is a special occasion dedicated to celebrating the innocence, joy, and potential of children. It serves as a reminder of the importance of providing children with a safe, nurturing, and supportive environment where they can thrive and reach their full potential. The day also emphasizes the need to protect children's rights and ensure their well-being.

Children's Day is celebrated with great enthusiasm across India on November 14th every year. This date marks the birth anniversary of Pandit Jawaharlal Nehru, India's first Prime Minister, who was fondly known as "Chacha Nehru" for his love and affection towards children. RCBMC dedicated month of November for children and spent time with young to grown up kids and spend time with them.

We organized Singing Talent Competition on children's day for our Interactors at Seva Sadan High School. It was super energetic performance by the young and grown-ups. Natural talent to hard practice singers all made the environment live. The event ended with recognizing the winner and super tasty Brunch for all. We visit transit camp of Colaba and met with young kid of municipal school of nana chowk. We spent time shared lunch and snacks together. Honestly we all member become kid ourselves during that day.

We wanted to make the month of November for children only, we did multiple projects for them including text book donation, copy book distribution, slate distribution and sponsoring entire month mid-day meal for the Zari village school of 350 students and teachers. We also created awareness toward environment by distributing clip board and pens made from recycled material. A memorable month of memorable year.

Yours
Ajay Mishra
