## ***58th Charter Day Celebration***

***Rotary Club of Bombay Mid-Town***

***12th November, 2025***

## President's Message

Dear Mid-towners,

We are already halfway through our 58th year at the Rotary Club of Bombay Mid-Town, and I'm delighted to see the energy, excitement, and enthusiasm across our meetings, projects, and upcoming fundraiser.

Our Wednesday meetings have been lively, with a wonderful mix of conversations and presentations from diverse speakers. I truly hope to see even more of you attending – the more we meet, talk, and exchange ideas, the stronger our club becomes.

Our service projects are running full steam ahead, and we have added a few new initiatives as well. It's heartening to see the impact we are able to create together.

A big shoutout to our Membership Team! We have already welcomed nearly 10 new members into our Rotary family and counting. We are also on track to launch our first satellite club in the new year. If you know any young individuals around the age of 30 who are passionate and community-minded, please encourage them to join. Let's bring in the next generation of Midtowners.

I'd also like to request your support for our upcoming fundraiser featuring Shri Nitin Mukesh on 21st January 2026. Please reach out to your network – corporates, friends, well-wishers. Let's aim big and cross the 1 crore mark. Your efforts will help us uplift our ongoing and new service projects in a meaningful way.

We also have an exciting annual trip to Sri Lanka from 6th to 12th March, curated by our Vice President, Rtn. Bernhard Steinruecke. The trip celebrates the spirit of Geoffrey Bawa, the legendary Sri Lankan architect, and includes visits to his works and many beautiful experiences. I encourage you to sign up – it promises to be a week of laughter, learning, and wonderful fellowship.

To all my fellow Rotarians – thank you. You are the heart and soul of this club. Your participation, generosity, and spirit of service make everything possible. I look forward to your continued support and to welcoming more friends into our family.

## Editor's Desk

Empowering Young Lives

Dear Rotarians

Our Rotary journey is built on service and a commitment to making the world a better place. Let us strengthen our commitment and be the driving force behind worthwhile programmes of helping communities become self sufficient over time. It's your acts of caring, kindness and generosity that play an essential role in advancing Rotary's mission.

Here, I would like to make a mention of the ongoing global campaign to end violence against women - Orange the World, a UN initiative to empower women by making them aware of their rights against domestic violence and gender disparity. Rotarians too can join Inner Wheel in this noble campaign to focus on social inequalities that women have to face in their daily life. Collectively let us put this on our agenda and work towards making an impactful change in this direction...let us lay the groundwork for a society that values equity and inclusivity. It is then that we have truly captured the essence of Rotary's mission.

*Yours in Rotary*

# CSR National Awards

*Mid-Town was very well represented at the CSR National Awards West Zone*

## JJ Dharamshala – A Musical Afternoon with the Seniors

A music program was organised by the senior citizens committee chairman Rtn Dr. Arvind Kasbekar of RBBMT at Sir JJ Dharamshala today. The event went off very well indeed. Rtn Arvind Kasbekar with Dr. Vimal Kasbekar and Jamshed Patel with Ann Nazneen attended. The singer Mr. Vijayraj regaled the audience with his film songs. Everyone danced with the residents of this old age home. The event was supported by RCBMT. The event was in the memory of Dr. Kasbekar's dear friend late Mrs. Suman Anand, trustee of this home. Her daughter and son-in-law were also invited. All in all it was a super hit Rotary Club of Bombay Mid-Town event.

## Mahjong Competition

Rupande Parekh shining high at the Mahjong competition. The team had Rtn Geeta Parekh and R Ann Aarti Gautam representing Mid-Town.

## Rotary District MUN 2025

The event brought together powerful debates, strong diplomatic exchanges and insightful discussions on climate loss and damage. Delegates from across the district engaged passionately with real global issues throughout the day.

Rtn. Nishir Gordhandas, from Mid-Town along with Rtn. Nirbhay Oberoi, Rotractor represented France at the RMUN. Their draft resolution was selected for committee discussion – a noteworthy achievement given the competitive environment.

With more than 70+ nations represented by Rotary and Rotaract Clubs across Mumbai, the forum served as a dynamic platform for deliberation. Delegates

examined how fair and effective contribution policies toward global climate-change funds can be developed and implemented.

At the conclusion of the event, Team France was declared the Winner and was felicitated by District Governor Dr. Manish Motwani for their outstanding performance.

A proud moment and a memorable day for both delegates.

## Honouring War Veteran Maj. Probal Dasgupta

On 13th August, our Rotary Club hosted the speaker Major Probal Dasgupta. Major Dasgupta has previously served as an infantry officer in the Indian Army and is an author and columnist – a fitting speaker for our pre-Independence Day meeting.

Major Dasgupta shared stories from the battlefield, largely referencing his excellent book titled, Camouflage. The book captures detailed accounts which have been lost and forgotten and rarely recorded for the history books. Even though thousands of Indians participated in the two World Wars and other cross-border wars, history has largely forgotten these amazing heroes.

Major DasGupta spoke about several such heroes, touching upon their lives on and off the battlefield. He shared incredible stories of combat, including the survival of Harjit Singh Malik despite the grit of German fighter pilots in World War I.

He spoke about the exploits of officers who have defended independent India. These were, among others, Colonel Haripal Kaushik, who was an Olympic hockey player for India and won a Gold and Colonel Chhewang Rinchen who fought in very difficult terrain of the country.

It was heart-warming to hear stories of resilience and bravery – a reminder of the sacrifice of thousands of men and women who have served our country.

## Ek Chatur Naar

Rotarians had a delightful evening at the premiere screening of Ek Chatur Naar, sharing the experience with distinguished actor from the film and his close family. Warm laughter and engaging conversations flowed effortlessly, creating cherished memories – a perfect blend of service, friendship, and fun that embodied the true spirit of Rotary.

## Empowering Young Lives

The Rotary Club of Bombay Mid-Town recently hosted an impactful initiative, engaging 500+ girls aged 10-16 in an interactive session on healthy lifestyle, nutrition, and hygiene. Led by experts Rtn. Dr. Alifia Bapai (Gynaecologist), Rtn. Sonal Chandalia (Nutritionist), and Rtn. Dr. Lotika Purohit (Diabetologist & Lifestyle Medicine Specialist), the girls gained valuable insights into cultivating good habits for lifelong well-being. The session was designed to educate and inspire, fostering a sense of confidence and self-awareness among the participants.

In addition, over 900 girls aged 6-16 underwent comprehensive health check-ups, including vision, dental, growth, and weight assessments, ensuring a holistic approach to their health. This initiative, supported by the Saifee Hospital team, received appreciation from students and teachers alike, highlighting the importance of early education and preventive care.

By empowering young girls with knowledge and tools for healthy living, we're sowing the seeds for a brighter, healthier future. The Rotary Club of Bombay Mid-

Town is committed to making a positive impact in the community and this initiative is a testament to that mission. We're grateful to our experts, partners and Rotarians who made this program a success.

## Visit to Utavali School

'Doing good' - a phrase that cannot measure.  
A phrase that brings to us such a pleasure

'Twas so nice to see the vibrant energy  
Under the roof provided by Mid-Town Rotary  
The smiling faces of the students  
The pride on the faculty albeit with prudence

At Adarsh Vidyalaya Utavali today  
We witnessed a show like Broadway  
Happy and vibrant was the atmosphere  
550 students from the fifth to the tenth year

'Study well but play hard too' we did exhort  
As students and teachers appreciated our support  
In enabling them to progress at full steam  
And fulfilling many a dream

# Cyber-Safety Awareness session

Two programs were organised for Cyber-crime Awareness Day. We curated interactive webinars with the participants on the dangers of Cyber-crime, sharing best ways to protect themselves.

Members of the Rotary Club of Mid-Town attended and were thrilled they had an opportunity to learn something new.

Approximately 40 participants were on this online session from 5pm-6pm. We planned another Cyber-safety Awareness program for The Rotaract Club of Lala Lajpatrai College from 6pm - 6.50pm. With increasing reliance on the internet for education, communication and financial transactions, college students are particularly vulnerable to cyber threats. The session highlighted common cyber crimes such as online frauds, phishing attacks, identity theft, and social media misuse. Those who attended were educated on how cyber criminals use fake emails, messages, calls, and malicious links to steal sensitive information including OTPs, passwords, and banking details. The program also shared practical cyber safety measures such as verifying sources before responding, avoiding unknown links, using strong passwords, enabling two-factor authentication and exercising caution on social media platforms.

Participants were encouraged to report cyber incidents promptly to banks and law enforcement authorities.

Both the initiatives reinforced the importance of awareness, vigilance and timely action in building a safer digital environment.

# Smiles and Sunshine – A Special Morning for the Specially-Abled

A heartwarming and inspiring event, “Smiles and Sunshine – A Special Morning for the Specially-Abled,” was held at the Nehru Science Centre, Mumbai as part of Rotary Service Week celebrations

Organized by the Rotary Clubs of District 3141, this special morning brought together children with diverse abilities from across the city to showcase their immense talent and spirit through vibrant performances of music and dance.

The young participants, though visually impaired, physically and intellectually challenged lit up the stage with confidence and joy, proving that ability truly shines beyond limitation.

## Performances were presented by:

1. Kamla Mehta School for the Blind
2. Society for the Education of the Challenged (SEC)
3. Society for the Vocational Rehabilitation of the Retarded (SVRR)

4. ADAPT (Able Disabled All Pettople Together)

5. Rotary Sanskardham School

A special highlight of the event was a live demonstration by Mr. Bandenawaz, a talented foot artist, whose beautiful paintings were presented to the dignitaries as tokens of appreciation.

The initiative aimed to promote inclusion, acceptance and awareness about the extraordinary potential of differently-abled individuals. It stood as a shining tribute to the Rotary ideals of Service, Compassion and Community.

**The event was graced by several eminent personalities:** Rotary International President Francesco Arezzo; District Governor Dr. Manish Motwani; President Noopur Desai, Rotary Club of Bombay Pier and several other co-host presidents and our VP, Rtn Bernhard Steinreucke.

Seeing the fantastic performances of these specially-abled children brought tears and smiles to the faces of the Italian RI President and everyone in the hall. Such a heart warming morning!

At the same time, the ceremony symbolized the dawn of a new chapter, as the incoming team took oath to carry forward the legacy with renewed enthusiasm. With fresh perspectives, dynamic goals and a commitment to

excellence, the new leadership embodies the spirit of Ferð—a journey that continues, evolving with every step.

The event was not merely a handover of responsibilities; it was a celebration of continuity and purpose. It reminded everyone that while reigns may change, the spirit of service, friendship and collective progress remains timeless.

## A Visit to Remember

During my recent visit to Virginia, USA, I could manage contact with a bit far away Rotary Club of Herndon-Reston (RCHR) due to lack of response from the proximate clubs. I attended their Wednesday 15th October 2025, a 7.30a.m. meeting.

I was given a brief window to speak where I introduced the long and illustrious history of RCBMT and the major projects pursued so far. We also exchanged the flags.

Main observations were:

1. Post covid RCHR is working hard to bring the members back and have reached a total of 50 members so far.
2. Weekly meetings are still thinly attended but high in spirit
3. Satellite Club mainly for those members who are not able to attend the Wednesday morning meetings
4. In the meeting the members are very participative even speaking on their family / personal matters
5. Happy Money where every member contributes small amounts for a raffle at the end of the meeting
6. Polio awareness remains an important issue and for the projects of RCHR, Melinda Gates Foundation mostly contributes twice the amount of members contribution.

7. A panel with all the global Rotary Clubs flags which have visited RCHR is displayed in all meetings

Conversations were interesting and with almost all the 15 members attending.

**Rtn. Anupam Chaturvedi**

Dear Members,

I am delighted to share that our RCBMT has been honored with the "Club Excellence Award" from Rotary International for the Vibrant Year 2024-25.

I extend my heartfelt gratitude to all for your unwavering support and contributions that made this achievement possible.
